God wants you to be happy, prosperous, and successful. Dr. Murphy was a proponent of the New Thought movement. He had had a unique gift of expressing great truths in a lucid manner. The book highlights Your right to be rich and The road to Riches. The author has narrated-'What people can achieve if they start using their imaginary and creative skills.' Lots of examples are included in the book. The book narrates, there is no virtue in poverty. It should be abolished from the earth. Everyone is here to grow, expand and unfold - spiritually, mentally and materially. Poverty is a disease like any other mental disease. You were born to succeed to win, to conquer all hurdles, and to have all your faculties fully developed. If there is financial lack in your life, do something about it. Man does not live by bread alone. For this one has to set his heart on money and to give all his attention to amassing money, nothing else matters. You are living in a subjective and objective world. You must not neglect the spiritual food, such as peace of mind, love, beauty, harmony, joy, and laughter. Dr. Murphy wrote more than 30 books. His most famous work is The Power of your Unconscious Mind.

Attracting Wealth with Self-Hypnosis Bryan Westra, 2016-12-01 Do you want to be rich but can't seem to attract money into your life? I had this problem. Well, maybe not a problem like you might think. I wanted to be rich-a millionaire by thirty. I wasn't rich, nor anywhere near close to becoming a millionaire. I was in my early twenties. My mother (a hypnotist) came to my rescue. No. She didn't give me a million dollars. Not even close. My mother told me about a way she knew of and had used in her own life to attract wealth into her life. She definitely was successful and rich. I assumed it was from her impeccable work ethic. I was wrong. It was because she used self-hypnosis, abundance affirmations and a secret formula for attracting riches into her life. This top secret sauce was exactly what I needed. My mother freely gave me her top secret, heavily guarded formula, freely. She said, Wealth isn't something to be coveted and kept for just the top 1% of society. Wealth is available freely to anyone who seeks to be wealthy. Son, make sure you share the wealth. On her instruction; keeping true to my word, my promise to mom, I have written this book to share with you the secret formula for becoming wealthy. I'm talking about rich-however you want to define it. And, everyone does surely define it differently. This is my way of sharing the wealth. Now, let's learn how to use self-hypnosis to attract wealth in your life. Let's begin...

Millionaire Money Mindset Drew McArthur, 2019-12-17 Are you tired of feeling stuck financially while you see other people succeed? Have you ever wondered why the rich seem to get richer and the poor seem to get poorer? It's frustrating to feel like you're doing all the right things, but still not

seeing the results you want, as your financial dreams seem to get farther and farther away and less and less possible as time goes on. Every time you make a step forward that seems financially promising, the car breaks down, the deal falls through, or something else happens to get you right back where you started. Have you ever felt like you can't get past a certain income level no matter what you do? In the book *Secrets of Successful Selling*, the author uses the example of a real salesman who always made nearly the same exact amount of money every year. Whether he was given a more lucrative territory, a more challenging territory, whether commissions were increased, or decreased, he always managed to make the same amount of money regardless of changes in outside conditions. Why? The way he thought about himself (whether consciously or unconsciously) was the reason for his stagnation. He thought of himself as the kind of person who made that particular amount of money, so his actions always found a way to subconsciously align with his thoughts. We are all hypnotized whether we realize it or not, whether for good or for bad. We are hypnotized by our beliefs about ourselves and our environment. And there lies the biggest difference between the wealthy and the not so wealthy. Your mindset makes all the difference. Negative thoughts about money, programmed into our heads all our lives, repel wealth and it is these very negative thoughts and beliefs that ultimately lead to unproductive or self-sabotaging behavior, that keeps you from being successful. Wealth is available to everyone, including you. You just have to tap into it. And re-programming yourself with optimistic thoughts about yourself, positive thoughts about money, and strategies of the wealthy in order to adopt a millionaire mindset is the first and most important step in financial advancement. Without it, nothing can improve. This book contains over 1100 powerful positive affirmations to help you reprogram your mind in various categories. It will help you: Overcome limiting beliefs, see your worth, and expect good things to happen to you Change your relationship to money and develop an abundance mindset Take accountability and become an action taker Become a confident leader of yourself and others Unlock the keys to building and growing wealth And more... You can use this book in a multitude of ways: Read through and speak aloud the affirmations. Choose one of the affirmations to meditate on or use as a mantra in a meditation session. Get the audiobook, set to music, for best results and the flexibility to use this as call and response affirmations, a meditation background track, or subliminal hypnosis while you sleep, drive, or conduct everyday tasks. A 2019 survey found that despite living in one of the richest countries on earth, 64% of Americans will retire broke. Don't be one of them.
