Dr. Joseph Murphy

Money, and the Law of Attraction Esther Hicks, Jerry Hicks, 2008 Offers guidance in using the principles of the law of attraction to attain physical and financial well-being.

Money, and the Law of Attraction Esther Hicks, Jerry Hicks, 2008-08-12 This Leading Edge work by Esther and Jerry Hicks, who present the teachings of the Non-Physical consciousness Abraham, explains that the two subjects most chronically affected by the powerful Law of Attraction are financial and physical well-being. This book will shine a spotlight on each of the most significant aspects of your life experience and then guide you to the conscious creative control of every aspect of your life, and also goes right to the heart of what most of you are probably troubled by: money and physical health. Not having enough money or not having good health puts you in the perfect position for creating more of that which you do not have. This book has been written to deliberately align you with the most powerful law in the universe – the Law of Attraction – so that you can make it work specifically for you. Also included is a download link for free audio (excerpted from a live Abraham-Hicks workshop) that features the Art of Allowing your physical and financial well-being to come through.

How to Attract Money Dr. Joseph Murphy, 2021-08-30 Joseph Murphy (20th May 1898-16th Dec 1981), the author, says that Wealth is a state of consciousness. Everyone has a right to be rich. God wants you to be happy, prosperous, and successful. Dr. Murphy was a proponent of the New Thought movement. He had had a unique gift of expressing great truths in a lucid manner. The book highlights Your right to be rich and The road to Riches. The author has narrated-'What people can achieve if they start using their imaginary and creative skills.' Lots of examples are included in the book. The book narrates, there is no virtue in poverty. It should be abolished from the earth. Everyone is here to grow, expand and unfold - spiritually, mentally and materially. Poverty is a disease like any other mental disease. You were born to succeed to win, to conquer all hurdles, and to have all your faculties fully developed. If there is financial lack in your life, do something about it. Man does not live by bread alone. For this one has to set his heart on money and to give all his attention to amassing money, nothing else matters. You are living in a subjective and objective world. You must not neglect the spiritual food, such as peace of mind, love, beauty, harmony, joy, and laughter. Dr. Murphy wrote more than 30 books. His most famous work is The Power of your Unconscious Mind.

How to Attract Wealth, Health, Love, and Luck Into Your Life Immediately Aiman AL-Maimani, 2006 When we project the idea on the positive plane of the world, we create a positive energy with a certain frequency and release it to the universe to propagate and eventually it will reflect back a positive energy of an equal amount and same frequency. We will have a positive sequence of thoughts, actions and then finally destinations. When we hold the negative energy and choose not to release it, then it will transform into positive energy. This will create a positive attitude and character of us. However, the opposite is exactly true. When we choose to project and interpret an idea on the negative plane of the world, we create a negative energy to the universe and certainly the reflection will be from the same nature on the quantity and frequency. We will be dragged into negative actions, and then it means that we have chosen undesirable destination. Furthermore, the matter will amplify more according to the law of attraction, as positive energies and reflections will attract more and more and you will have a whole lot of positive results. On the contrary, if we decide to have a negative way of thinking then it means we have chosen to receive more and more negative results and bad outcomes.

Law Of Attraction Zachariah Albert, 2019-07-26 Are you ready to manifest anything you want into your life? Looking closely at our everyday life, you will realize that the law of attraction is present all the time. Most people do not notice the connection because of the time lag between their thoughts and the manifestation of their thoughts. However, there are some things that happen to us that we feel happened as a result of a coincidence, not knowing it is the law of attraction that is at work. For instance, have you ever thought of calling a friend, and the friend calls you around that time? Or have you ever thought of picking up your phone, and your phone rings at that instance? These experiences are not coincidences; they are a result of the law of attraction. We get more of what we focus on in life. That is why you need to get more creative with your thoughts. In this book, I am going to show you how you can consciously and deliberately attract good things into your life by aligning your thoughts in the right way. Focusing more on things that make you happy increases your chances of attracting things that make you happy. The other side of this is the negative side which is when you focus on things you are not happy about, you tend to attract things that will make you sad. For instance, if you focus on wealth and good health, you attract wealth and good health. However, if you focus on poverty, you will attract a situation that will rob you of the little things you have gathered.
