**The Au Pair** Emma Rous, 2020-07-07 If V. C. Andrews and Kate Morton had a literary love child, Emma Rous' USA Today bestseller *The Au Pair* would be it. One of the most anticipated books of 2019 from Pop Sugar, Bustle, Cosmo, Parade, and Goodreads! Seraphine Mayes and her twin brother, Danny, were born in the middle of summer at their family's estate on the Norfolk coast. Within hours of their birth, their mother threw herself from the cliffs, the au pair fled, and the village thrilled with whispers of dark cloaks, changelings, and the aloof couple who drew a young nanny into their inner circle. Now an adult, Seraphine mourns the recent death of her father. While going through his belongings, she uncovers a family photograph that raises dangerous questions. It was taken on the day the twins were born, and in the photo, their mother, surrounded by her husband and her young son, is smiling serenely and holding just one baby. Who is the child, and what really happened that day?

*So You Wanna Be an Au Pair in the USA* Cynthia Jele, 2006 Each year thousands of young men and women from all over the world visit the United States of America as au pairs. They do so expecting a fun-filled adventure, with opportunities to travel, improve their English, and make new friends. Many are surprised to find the promised adventure is not always pleasant. This book offers prospective au pairs a comprehensive idea of what au pairing in America truly entails, that is, the good, the bad, and the ugly. True au pair experiences are used throughout the book to illustrate possible dilemmas one may face and how best to deal with them.

**Au Pair** Daniel Miller, Zuzana Burikova, 2013-04-17 Many families leave their children for years to be looked after by young people about whom they know next to nothing, from places they have barely heard of. Who are these au pairs, why do they come and what is their experience of this arrangement? Do they, for their part, find that they are treated as one of the family, and would they even want to be? After a year of careful research, this book shows how most of our assumptions and expectations about au pairs are wrong. This is the first book devoted to the lives of au pairs, their leisure as well as their work time. We see this world from the eyes of the visitors, and their unique perspective on what lies at the heart of our family life. The book does not flinch from documenting the realities of the situation – the racism and the problematic behaviour of the au pairs themselves, as much as the ignorance and exploitation they can be subject to. The book is a case study in how to come to feel modern life empathetically from the viewpoint of one of those many migrant groups we take for granted and rely on but rarely try to understand.

**As an Equal?** Rosie Cox, Nicky Busch, 2018-11-15 Au pairs are relied upon by tens of thousands of UK families to do everything from childcare and housework to elder care, pet feeding and waiting at dinner parties. Traditionally thought of as privileged and well-educated young women having fun on a 'gap year' abroad, au pairs have been excluded from many of the recent discussions on migrant domestic labour. However, since 2008 au pairing has been effectively unregulated in the UK and the result is that au pairs now constitute one of the poorest paid and least protected groups of workers. Through an examination of lived experiences, *As an Equal?* draws on detailed research to examine au pairs and the families who host them in contemporary Britain, revealing au pairing to have become increasingly indistinguishable from other forms of domestic labour. Crucially, hosting an au pair is shown to form part of families' attempts to provide good (enough) childcare in the context of extended working hours and poor public childcare provision. This increased reliance of families on an exploited workforce is shown to form part of the wider political climate of economic austerity, and raises profound questions about the position of women within the neoliberal economy.

The Diary of an American Au Pair Marjorie Leet Ford, 2011-10-05 After losing her advertising job in San Francisco and canceling her wedding (though not her engagement) an unencumbered Melissa, who harbors grand illusions about life in England, heads off to a new job as au pair to the family of a Member of Parliament. But the minorly aristocratic Haig-Ereildouns' household falls far short of Melissa's imaginings. Mrs. Haig-Ereildoun refers to Melissa as her American girl with a mixture of pride and contempt, expects her to share the children's bathwater and, most importantly, entreats Melissa to try to speak as we do. Heaven forbid the children pick up an American accent! But then there is Nanny, the gloriously eccentric octogenarian who raised Mrs. H-E, who offers comfort, and much comic relief; nine-year-old Trevor, Melissa's charge, whose wisdom and companionship redeem many a lonely day; and her budding friendship with a mysterious Englishman who is miles from her fiancé in every way. Melissa converses with Scottish fishermen, breakfasts with a French Minister of Culture, frequents island castles and sixteenth century manor houses, all the while straddling her ill-defined role (somewhere between houseguest and servant) with humor and grace. Melissa's immersion in this unforgettable world teaches her more than she could possibly have imagined not only about the culture she has come to inhabit but, most importantly, about herself.

childcare is a growing phenomenon worldwide, a trend mirrored in Sweden despite the prevalence there of publicly funded daycare. This book combines theories of family practices, care and childhood studies with the personal perspectives of nannies, au pairs, parents and children to provide new understandings of what constitutes care in nanny families. The authors investigate the ways in which all the participants experience the caring situation, and expose the possibilities and problems of nanny and au pair care. Their study illuminates the ways in which paid domestic care workers 'do' family and care; in doing so, it contributes to wider political and scientific discussions of inequalities at the global and local level, reproduced in and between families, in the context of rapidly changing welfare states.
