The market position of the automobile company Audi Tim Meyer, 2020-02-18 Seminar paper from the year 2019 in the subject Business economics - Business Management, Corporate Governance, grade: 1.7, BSP Business School Berlin (form. Potsdam), language: English, abstract: In this work the author carries out a strategic analysis of the automobile company Audi. Using different models, the current market position of Audi will be presented. The author will also outline how the brand deals with its competitors, which are the biggest threats to Audi and what could be improved. The work concludes with a brief outlook into the future. Since the founding of the automobile company Audi, it has been developing and producing vehicles with a focus on innovation and future concepts. Today, Audi is one of the three major German automobile manufacturers, producing the complete range of economy, sports, luxury and SUV models.

Analyzing and Comparing of Visions of BMW, AUDI and Daimler- Chrysler Silke Gießler, 2004-12-18 Seminar paper from the year 2004 in the subject Business economics - General, grade: 1,7, Oulu University of Applied Sciences (Business School), course: International Business Strategy, language: English, abstract: The BMW Group concentrates on selected premium segments in the automobile market. This means that it is the only multibrand automobile manufacturer in the world that is not active in the mass market, i.e. the volume segments of the automobile market. The aim of the premium brand strategy is to achieve higher revenues per vehicle, on the basis of a high-value product substance and an unmistakable brand profile. The BMW Group pursues this premium brand strategy with the BMW and MINI brands, and, since 1st January 2003, with Rolls-Royce. This means that it will cover the premium segments from the small car to the absolute luxury category. The premium brand is thus creating the preconditions for further profitable growth for the BMW Group. The Company expects that in the next ten years, the premium segments of the automobile market will grow worldwide by around 50%. In contrast, the mass volume segments will increase by just 25% or so during the same period. The BMW Group is aiming to achieve profitable growth in the future too, and in that order of priority - profitable followed by growth. Beside their premium brand strategy, BMW wants to offer sportiveness and status. Compared to other car brands, BMW does not want to announce that they want to be an leader in technology or a global player. The slogan "BMW. Sheer driving pleasure" wants to show their concentration in a well developed and fun orientated car. That they indeed often develop at the latest state- of-art technology is not standing in the foreground. This is very tricky. The customers feeling that he and his fun is the most important thing for BMW gives him a feeling for being important. Being close to the customers fun is the message. And the customer knows quite well that the technique is also in the car.

TeenLit: Jurnal Jo#2: Online Ken Terate,2019-01-07 Jo Wilisgiri kembali lagi! Kali ini kehidupan masa SMP-nya heboh dengan... nggak lain dan nggak bukan... Facebook! Gimana nggak? Sekarang rasanya dia dan sahabatnya lebih sering ngobrol via chatti ng dan FB daripada mengobrol real time di dunia nyata. Belum lagi ayahnya yang guru bahasa Jawa mau ikut-ikutan buka akun FB pula! Eh, tapi kehidupan dunia nyata Jo juga masih heboh kok. Misalnya saat dia dan Nadine ti ba-ti ba ditunjuk jadi ketua kegiatan sosial di kelasnya. Waduh, susah banget kan mesti kerja sama kalau di FB saja mereka musuhan? Belum lagi Rajiv yang rajin meminjamkan ini-itu pada Jo. Mulai dari raket bulu tangkis, sampai ke HP. Jangan-jangan Rajiv suka sama Jo, lagi. Tapi, Jo naksir Rajiv nggak ya? Hah, mau di dunia nyata mau di dunia maya, hidup Jo sama ribetnya!
