The Annotated A Tale of Two Cities Susanne Alleyn, 2017-03-08 You've read A Tale of Two Cities-perhaps more than once. But what are gaols, bumpers, tocsins, farmer-generals, and the Court of King's Bench? Where are Shooter's Hill, Temple Bar, and La Force, and who on earth was Mrs. Southcott? And did all those starving French people have baguettes in mind when they wanted bread? The Annotated A Tale of Two Cities is not a literary analysis of Dickens's novel, but a source of information for the new reader, the longterm fan, and the student, in 780 notes about things, people, places, and events mentioned in the text. Historical author and independent scholar Susanne Alleyn explains Dickens's references to things and places familiar to 19th-century Londoners, illustrates his many literary allusions and Victorian expressions, and provides an in-depth, factual background to his gripping but often misleading depiction of the French Revolution-a period that owes much of its distorted image today to the popularity of A Tale of Two Cities itself. In order to save space and reduce printing costs, this abridged book does not contain the complete text of A Tale of Two Cities, but provides brief excerpts from the novel. It does contain all supplemental material contained in the full-length edition of The Annotated A Tale of Two Cities-every note, glossary, map, illustration, appendix, and timeline.
