**The Phantom Tollbooth** Norton Juster, 1988-10-12 With almost 5 million copies sold 60 years after its original publication, generations of readers have now journeyed with Milo to the Lands Beyond in this beloved classic. Enriched by Jules Feiffer's splendid illustrations, the wit, wisdom, and wordplay of Norton Juster's offbeat fantasy are as beguiling as ever. "Comes up bright and new every time I read it . . . it will continue to charm and delight for a very long time yet. And teach us some wisdom, too." --Phillip Pullman For Milo, everything's a bore. When a tollbooth mysteriously appears in his room, he drives through only because he's got nothing better to do. But on the other side, things seem different. Milo visits the Island of Conclusions (you get there by jumping), learns about time from a ticking watchdog named Tock, and even embarks on a quest to rescue Rhyme and Reason. Somewhere along the way, Milo realizes something astonishing. Life is far from dull. In fact, it's exciting beyond his wildest dreams!

**Inside Out & Back Again** Thanhha Lai, 2013-03-01 Moving to America turns Hà's life inside out. For all the 10 years of her life, Hà has only known Saigon: the thrills of its markets, the joy of its traditions, the warmth of

her friends close by, and the beauty of her very own papaya tree. But now the Vietnam War has reached her home. H&à and her family are forced to flee as Saigon falls, and they board a ship headed toward hope. In America, H&à discovers the foreign world of Alabama: the coldness of its strangers, the dullness of its food, the strange shape of its landscape, and the strength of her very own family. This is the moving story of one girl's year of change, dreams, grief, and healing as she journeys from one country to another, one life to the next.

**Power, Protection and Magic in Thailand** Craig J. Reynolds, 2019-10-22 This biographical study of an unusual southern policeman explores the relationship between religion and power in Thailand during the early twentieth century when parts of the country were remote and banditry was rife. Khun Phan (1898–2006), known as Lion Lawman, sometimes used rather too much lethal force in carrying out his orders. He was the most famous graduate of a monastic academy in the mid-south, whose senior teachers imparted occult knowledge favoured by fighters on both sides of the law. Khun Phan imbibed this knowledge to confront the risks and uncertainty that lay ahead and bolster his confidence and self-reliance for his struggle with adversaries. Against the background of national events, the story is rooted in the mid-south where the policeman was born and died. Based on a wide range of works in Thai language, on field trips to the region and on interviews with local and regional scholars as well as the policeman's descendants, this generously illustrated book, accompanied by short video clips, brings to life the distinctive environment of the lakes district on the Malay Peninsula.

The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

**Closing the Gap in a Generation** WHO Commission on Social Determinants of Health, World Health Organization, 2008 Social justice is a matter of life and

death. It affects the way people live, their consequent chance of illness, and their risk of premature death. We watch in wonder as life expectancy and good health continue to increase in parts of the world and in alarm as they fail to improve in others.
