The Inner Child Audio Kit Pierre F. Walter,2005-01-01 The Inner Child Audio Kit is a comprehensive guide into the whole of the procedure of Inner Child Recovery, Healing and Art Work, with a systematic roadmap. It is a self-help guide and provides many examples, work sheets and sample dialogs. The content of the guide

has been structured so as to provide some meat for all tastes. All the main chapters are different in style and address issues that speak to our various inner entities. Thus, the guide does not speak solely to your inner child. This would not be sufficient since the other main actors of our inner stage are always silently (and sometimes less silently present); thus, they have to be involved if an effective outcome is to be achieved. Healing the inner child cannot be achieved in dealing with the inner child only but must primarily focus on integrating all inner entities such as the inner child, the inner parent and the inner adult. Only once a flexible and dynamic equilibrium within this inner team is achieved, the person can be said to play out her full potential of personal power, creativeness and inner strength. That this inner process is a truly religious quest; this, however, does not mean that it is for that reason a strictly serious affair. In the contrary, working with the inner child is highly amusing at times, and that punch of humor and wit which is also part of the Kit, is one of the most rewarding aspects of inner child work, for it is one of the most typical character traits of the healed inner child. To have acquired this sense of humor is perhaps the highest form of wisdom there is in life ...

The set contains a total of 64 words organized into thematic categories, including: My Family, Colors, Numbers, Animals, Food and Drink, My Body, Clothes, and Where Are You Going?
