Earth Force Shemer Kuznits,2019-04-30 On the first day, a mist descended from the heavens blanketing Earth.On the second day, a cryptic message, 'Infusion commencing', appeared in the corner of everyone's eyes. On the third day, the sick were healed and the crippled walked again. On the fourth day, celebration and joy spread across the globe. And on the fifth day, the warping began...There was no warning. A mist descended from the sky, disabling all technology and causing a weird message to appear at the corner of everyone's eye. The situation grew even worse as animals and people started to warp, transforming into terrible monsters that prey on the livings. Within months, human civilization had crumbled. Unable to fight the seemingly-indestructible beasts, the survivors are reduced to cowering in reinforced shelters. Waiting for the end to come. Helpless. All seemed lost until a few brave souls discovered the secret of their new reality: the Tec and how to use it to level up. Together they represent humanity's last best hope for salvation. But they first must find the answers to the mystery of their new existence. Their journey will require them to quickly adapt to alien technology, operate strange spaceships, and even befriend an extra-terrestrial merchant with an Inferiority Complex.

The Challenger Sale Matthew Dixon,Brent Adamson,2011-11-10 What's the secret to sales success? If you're like most business leaders, you'd say it's fundamentally about relationships-and you'd be wrong. The best salespeople don't just build relationships with customers. They challenge them. The need to understand what top-performing reps are doing that their average performing colleagues are not drove Matthew Dixon, Brent Adamson, and their colleagues at Corporate Executive Board to investigate the skills, behaviors, knowledge, and attitudes that matter most for high performance. And what they discovered may be the biggest shock to conventional sales wisdom in decades. Based on an exhaustive study of thousands of sales reps across multiple industries and geographies, The Challenger Sale argues that classic relationship building is a losing approach, especially when it comes to selling complex, large-scale business-to-business solutions. The authors' study found that every sales rep in the world falls into one of five distinct profiles, and while all of these types of reps can deliver average sales performance, only one-the Challenger-delivers consistently high performance. Instead of bludgeoning customers with endless facts and features about their company and products, Challengers approach customers with unique insights about how they can save or make money. They tailor their sales message to the customer's specific needs and objectives. Rather than acquiescing to the customer's every demand or objection, they are assertive, pushing back when necessary and taking

control of the sale. The things that make Challengers unique are replicable and teachable to the average sales rep. Once you understand how to identify the Challengers in your organization, you can model their approach and embed it throughout your sales force. The authors explain how almost any average-performing rep, once equipped with the right tools, can successfully reframe customers' expectations and deliver a distinctive purchase experience that drives higher levels of customer loyalty and, ultimately, greater growth.

Peril Bob Woodward,Robert Costa,2023-01-03 The transition from President Donald J. Trump to President Joseph R. Biden Jr. stands as one of the most dangerous periods in American history. But as #1 internationally bestselling author Bob Woodward and acclaimed reporter Robert Costa reveal for the first time, it was far more than just a domestic political crisis. Woodward and Costa interviewed more than 200 people at the

center of the turmoil, resulting in more than 6,000 pages of transcripts—and a spellbinding and definitive portrait of a nation on the brink. This classic study of Washington takes readers deep inside the Trump White House, the Biden White House, the 2020 campaign, and the Pentagon and Congress, with eyewitness accounts of what really happened. Intimate scenes are supplemented with never-before-seen material from secret orders, transcripts of confidential calls, diaries, emails, meeting notes and other personal and government records, making *Peril* an unparalleled history. It is also the first inside look at Biden's presidency as he began his presidency facing the challenges of a lifetime: the continuing deadly pandemic and millions of Americans facing soul-crushing economic pain, all the while navigating a bitter and disabling partisan divide, a world rife with threats, and the hovering, dark shadow of the former president.

A Splendid Exchange William J. Bernstein, 2009-05-14 A Financial Times and Economist Best Book of the Year exploring world trade from Mesopotamia in 3,000 BC to modern globalization. How did trade evolve to the point where we don't think twice about biting into an apple from the other side of the world? In *A Splendid Exchange*, William J. Bernstein, bestselling author of *The Birth of Plenty*, traces the story of global commerce from its prehistoric origins to the myriad controversies surrounding it today. Journey from ancient sailing ships carrying silk from China to Rome in the second century to the rise and fall of

the Portuguese monopoly on spices in the sixteenth; from the American trade battles of the early twentieth century to the modern era of televisions from Taiwan, lettuce from Mexico, and T-shirts from China. Bernstein conveys trade and globalization not in political terms, but rather as an ever-evolving historical constant, like war or religion, that will continue to foster the growth of intellectual capital, shrink the world, and propel the trajectory of the human species. “[An] entertaining and greatly enlightening book.” —The New York Times
“A work of which Adam Smith and Max Weber would have approved.” —Foreign Affairs
“[Weaves] skillfully between rollicking adventures and scholarship.” —Pietra Rivoli, author of *The Travels of a T-Shirt in the Global Economy*

Kiss the Boys Goodbye Monika Jensen-Stevenson, William Stevenson, 2014-11-18 The

classic account of the abandonment of American POWs in Vietnam by the US government. For many Americans, the recent conflicts in Iraq and Afghanistan bring back painful memories of one issue in particular: American policy on the rescue of and negotiation for American prisoners. One current American POW of the Taliban, Sergeant Bowe Bergdahl, stands as their symbol. Thousands of Vietnam veteran POW activists worry that Bergdahl will suffer the fate of so many of their POW/MIA comrades—abandonment once the US leaves that theater of war. *Kiss the Boys Goodbye* convincingly shows that a legacy of shame remains from America's ill-fated involvement in Vietnam. Until US government policy on POW/MIAs changes, it remains one of the most crucial issues for any American soldier who fights for home and country, particularly when we are engaged with an enemy that doesn't adhere to the international standards for the treatment of prisoners—or any American hostage—as the graphic video of Daniel Pearl's decapitation on various Jihad websites bears out. In this explosive book, Monika Jensen-Stevenson and William Stevenson provide startling evidence that American troops were left in captivity in Indochina, victims of their government's abuse of secrecy and power. The book not only delves into the world of official obstruction, missing files, censored testimony, and the pressures brought to bear on witnesses ready to tell the truth, but also reveals the trauma on patriotic families torn apart by a policy that, at first, seemed unbelievable to them. First published in 1990, *Kiss the Boys Goodbye* has become a classic on the subject. This new edition features an afterword, which fills in the news on the latest verifiable scandal produced by the Senate Select Committee on POWs. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history--books about World War

II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Fortune's Favorites Colleen McCullough, 2020-04-07 With incomparable storytelling skill, New York Times bestselling author Colleen McCullough brings Rome alive in all her majesty—and illuminates the world of those favored by the gods at birth. In a time of cataclysmic upheaval, a bold new generation of Romans vied for greatness amid the disintegrating remnants of their beloved Republic. They were the chosen...and the cursed—blessed with wealth and privilege yet burdened by the dictates of destiny in a savage struggle for power that would leave countless numbers crushed and destroyed. But there was one who would tower above them all—a brilliant and beautiful boy whose ambition was unparalleled, whose love was legend, and whose glory was Rome's: a boy they would one day call Caesar.
