**Un destripador de antaño y otros cuentos** Emilia Pardo Bazán  
(condesa de),1975

**Un destripador de antaño** Emilia Pardo Bazán,2020-11-30 La leyenda del Destripador, asesino medio sabio y medio brujo, es muy antigua en mi tierra. La oí en tiernos años, susurrada o salmodiada en terroríficas estrofas, quizá al borde de mi cuna por la vieja criada, quizá en la cocina aldeana, en la tertulia de los gañanes, que la comentaban con estremecimientos de temor o risotadas oscuras. Volvió a aparecérseme, como fantasmagórica creación de Hoffman, en las sombrías y retorcidas callejuelas de un pueblo que hasta hace poco permaneció teñido de colores medioevales, lo mismo que si todavía hubiese peregrinos en el mundo y resonase aún bajo las bóvedas de la Catedral el himno de Ultreja. Más tarde, el clamoreo de los periódicos, el pánico vil de la ignorante multitud hacen surgir de nuevo en mi fantasía el cuento, trágico y ridículo como Cuasimodo, jorobado con todas las jorobas que afean al ciego terror y a la superstición infame. Voy a contarlo. Entrad conmigo valerosamente en la zona de sombra del alma.

*Disecciones del género criminal* Javier Rivero

Grandoso,2021-12-03 El género criminal ha experimentado un auge sin precedentes en las últimas dos décadas en diversas manifestaciones artísticas: las novelas criminales copan los escaparates de las librerías y las listas de los más vendidos y tanto en las salas de cines como en las plataformas de contenidos en streaming tienen mucha presencia las producciones pertenecientes al género. La academia no ha podido ignorar la calidad y variedad de estas obras y en los últimos años ha aumentado el número de estudios dedicados a ellas. Este libro recoge

los trabajos de una docena de investigadores que se centran en diversos aspectos del género criminal, desde Edgar Allan Poe hasta Arnaldur Indriðason, pasando por la novela negra rural, el procedimental en las series de televisión o el relato policiaco de Borges. Este monográfico está dividido en cuatro bloques: novela criminal española, novela criminal hispanoamericana, novela criminal internacional y género negro en las artes escénicas y audiovisuales. A través de estos se presenta la diversidad del género criminal, pues se abordan distintos periodos y diferentes manifestaciones artísticas. El volumen se integra dentro de las acciones de la Cátedra Cultural Antonio Lozano de Género Criminal de la Universidad de La Laguna, recientemente creada, para fomentar la investigación sobre este género. Esta publicación se alinea, por lo tanto, con otras iniciativas que desarrolla la Cátedra, como el Seminario Internacional Tenerife Noir de Investigación en el Género Negro que se celebra anualmente.

2666 Roberto Bolaño, 2013-07-09 A NATIONAL BOOK CRITICS CIRCLE AWARD WINNER THE POSTHUMOUS MASTERWORK FROM ONE OF THE GREATEST AND MOST INFLUENTIAL MODERN WRITERS (JAMES WOOD, THE NEW YORK TIMES BOOK REVIEW) Composed in the last years of Roberto Bolaño's life, 2666 was greeted across Europe and Latin America as his highest achievement, surpassing even his previous work in its strangeness, beauty, and scope. Its throng of unforgettable characters includes academics and convicts, an American sportswriter, an elusive German novelist, and a teenage student and her widowed, mentally unstable father. Their lives intersect in the urban sprawl of Santa Teresa—a fictional Juárez—on the U.S.-Mexico border, where hundreds of young factory workers, in the novel as in life, have disappeared.

**Insolación: Historia amorosa** Graham Whittaker, 2020-04-23 Emilia Pardo Bazán, the most prolific and influential Spanish female writer of the nineteenth century, was a very controversial figure, vilified for her embracement of naturalism and her robust feminist stance. When *Insolación* was published in 1889 it provoked a litany of negative comments and personal insults. This subtle, psychological novel, drawing on many aspects of its author's personal life, deals with the relationship between Asís, a respectable Galician widow, and Pacheco, a feckless womaniser from Andalucía. Although they scarcely know each other, Asís accepts Pacheco's invitation to visit the San Isidro Fair, where a heady cocktail of sun, alcohol and revelry causes her to behave in an uncharacteristic manner. *Insolación* explores the conflict between Asís's self-recrimination and concern for the 'qué dirán' and her nascent sexuality. Finally, despite her determination to banish Pacheco from her mind and her intention to go back to Galicia, the couple sleep together and decide to marry. The perceived promiscuity of this work of fiction scandalised the reading public as well as many leading critics. Pereda considered Asís's behaviour reprehensible and *Clarín* dismissed the novel as a pseudo-erotic boutade. Nowadays, *Insolación* is recognised as an important novel.

Mother Nature Emilia Pardo Bazn, 2010 *Mother Nature* is certainly Emilia Pardo Bazan's greatest contribution to the Realistic/Naturalistic Spanish novel of her time, and represents her literary powers at the very height of her career as a writer. It has been said that this novel presents the keenest challenges and the most compelling rewards, offering the reader the purposefully overgrown ecological, social, and moral background for a poignant central narrative of human frailty that pits the desire for personal happiness

against the necessity of meeting moral standards.

Bibliografía descriptiva de estudios críticos sobre la obra de Emilia Pardo Bazán Robert M. Scari, Francisco Rodríguez Nogales, 2001 This bibliography consists of a complete list of articles and books dealing with all the works of this major 19th century Spanish author. Each entry is accompanied by a comprehensive summary of its essential facts and claims. An indispensable aspect of the work is the thoroughly cross-referenced index of subjects which allows the user to judge, on the basis of indicated treatment depth, the desirability of closer inspections. - All entries in Spanish, with English and Spanish prefaces.

**Naked Airport** Alastair Gordon, 2014-04-22 The first full cultural history of the ultimate modern structure: the airport, revealed as never before ... Since its origins in the muddy fields of flying machines, the airport has arguably become one of the defining institutions of modern life. In *Naked Airport*, critic Alastair Gordon ranges from global geopolitics to action movies to the daily commute, showing how airports have changed our sense of time, distance, travel, style, and even the way cities are built and business is done. Gordon introduces the people who shaped this place of sudden transportation: pilots like Charles Lindberg, architects like Eero Saarinen, politicians like Fiorello La Guardia, and Hitler, who built Berlin's Tempelhof as a showcase for Fascist power. He describes the airport's futuristic contributions, such as credit cards, in the form of fly-now-pay-later schemes, and he charts its shift in popular perception, from glamorous to infuriating. Finally, he analyzes the airport's function in war and peace—its gatekeeper role controlling immigration, its appeal to revolutionaries since the hijackings of the 1960s, and its new frontline position in the struggle against terror. Compelling and accessible, *Naked Airport* is an original history of a long-neglected yet central creation of modern reality and imagination.

Whoever Fights Monsters Robert K. Ressler, Tom

Shachtman, 2015-05-19 LEARN THE TRUE STORY OF ONE OF THE FBI PROFILERS WHO COINED THE PHRASE SERIAL

KILLER Face-to-face with some of America's most terrifying killers, FBI veteran Robert K. Ressler learned how to identify the unknown monsters who walk among us -- and put them behind bars. In

Whoever Fights Monsters, Ressler—the inspiration for the character Agent Bill Tench in David Fincher's hit TV show

Mindhunter—shows how he was able to track down some of the country's most brutal murderers. Ressler, the FBI Agent and ex-

Army CID colonel who advised Thomas Harris on The Silence of the Lambs, used the evidence at a crime scene to put together a

psychological profile of the killers. From the victims they choose to the way they kill to the often grotesque souvenirs they take with

them—Ressler unlocks the identities of these vicious killers. And with his discovery that serial killers share certain violent behaviors, Ressler goes behind prison walls to hear bizarre first-hand stories from

countless convicted murderers, including Ted Bundy, John Wayne Gacy; Edmund Kemper; and Son of Sam. Getting inside the mind of a killer to understand how and why he kills is one of the FBI's most effective ways of helping police bring in killers who are still at large. Join Ressler as he takes you on the hunt for the world's most dangerous psychopaths in this terrifying journey you will not forget.
