Henri Matisse, Christian Zervos, Tristan Tzara

Matisse the Master Hilary Spurling, 2005 With unprecedented and unrestricted access to his family correspondence, and other new material in private archives, Spurling documents a lifetime of desperation and self-doubt exacerbated by Matisse's attempts to counteract the violence of the 20th century in paintings.

Henri Matisse Henri Matisse,

Henri Matisse Carolyn Lanchner, 2008-06-30 Henri Matisse was a founding figure of modern painting and one of the most celebrated artists of the twentieth century. This book, part of the MoMA Artist Series, features eleven paintings, sculptures, and works on paper by Matisse selected from The Museum of Modern Art's substantial collection of his work. His breakthrough Fauvist painting *La Japonaise* is here, along with such well-known works as *Dance (I)*, *The Red Studio*, and *The Piano Lesson*. Important examples of Matisse's sculpture are included among the paintings, leading to the paper cutouts of his final years. Vivid images and a lively essay accompany each work, illuminating its significance and placing it in its historical moment and in the development of modern art and in Matisse's own life.

Matisse's Garden Samantha Friedman, Henri Matisse, 2014-10-07 One day, Henri Matisse (1869-1954) cut a small bird out of a piece of white paper. It was a simple shape, but he liked the way it looked and didn't want to throw it away, so he pinned it to the wall of his room. But the bird looked lonely all by itself, so he cut out more shapes to join it, and before he knew it, he had transformed his walls into larger-than-life gardens filled with brightly coloured plants and animals and shapes of all sizes. Featuring colourful cut-paper illustrations and Matisse's own cut-outs, *Matisse's Garden* is the inspiring story of how the artist's never-ending curiosity and continuous process of trying new things helped turn a small experiment into a radical new form of art. Children will see how Matisse used nothing but paper and scissors to create simple shapes like squares, leaves and birds, and experimented with scraps of leftover paper and new colour combinations to create lush gardens on his studio walls.

Henri Matisse, Drawings 1936 Henri Matisse, Christian Zervos, Tristan Tzara, 1936 In 1926, French publisher Christian Zervos founded *Cahiers d'Art*, a journal on contemporary art that soon gained wide recognition in Europe. Originally conceived as a review of modern art, these Art Notebooks eventually expanded to include topics relating to architecture, poetry and literature as well. In 1936, Zervos devoted *Cahiers d'art* 3-5 to the drawings of Henri Matisse. The collections was published in three editions that year and reprinted by *Cahiers d'Art* in 1992. This facsimile edition, based on the 1936 original, includes each of Matisse's thirty-nine drawings. It also includes a preface by Christian Zervos and a poem by Tristan Tzara dedicated to Matisse.--BOOK JACKET.

Lavishly produced in oversize format, here is the complete illustrated catalogue of a landmark new exhibition devoted to the artist--the largest ever assembled--to be held at The Museum of Modern Art, New York, from September through January. Includes biographical notes, a chronology, and introductions to each major period of Matisse's career. 320 colorplates reproduce every painting and cutout in the exhibition; 92 black-and-white plates illustrate the sculptures, drawings, and prints; and 180 illustrations show related works not in the exhibition.

Matisse Rebecca A. Rabinow, Dorthe Agesen, Metropolitan Museum of Art (New York, N.Y.), 2012 Throughout his long career, Henri Matisse (1869-1954) continually expanded the boundaries of his art. By repeating images in pairs, trios, and series, he conducted an ongoing dialogue with his earlier works in order to, as he put it, push further and deeper into true painting. In this fresh approach to a much-studied artist, prominent scholars from the United States and Europe examine more than sixty works in concise chapters that focus on this aspect of Matisse's working process. From early pairs such as *Young Sailor I* and *II* (1906) and *Le Lexe I* and *II* (1907-8) through a series of late studio scenes from *Vence* (1946-48), Matisse is shown revisiting a given theme with the aim of devising innovative, often radical, solutions to such problems as how to portray light, handle paint, select colors, and manipulate perspective. New technical studies of the early paired works and photographs documenting the evolution of his later paintings help to elucidate Matisse's complex evolution. In numerous excerpts from letters and interviews, he is revealed as an artist who regularly questioned himself and his methods, a man of powerful intellect who regarded each new painting as an adventure. A significant addition to art historical literature, *Matisse: In Search of True Painting* is a revelatory study of a seminal figure in 20th-century modernism.--Page 4 of cover.

Henri's Scissors Jeanette Winter, 2013-08-27 Step into the colorful world of Henri Matisse and his magnificent paper cutouts in this biography by acclaimed picture book creator Jeanette Winter. In a small weaving town in France, a young boy named Henri-Emile Matisse drew pictures everywhere, and when he grew up, he moved to Paris and became a famous artist who created paintings that were adored around the world. But late in life a serious illness confined him to a wheelchair, and amazingly, it was from there that he created among his most beloved works—enormous and breathtaking paper cutouts. Based on the life of Henri Matisse, this moving and inspirational picture book biography includes a note from the author, dynamic quotes from Matisse himself, and an illuminating look at a little-known part of a great artist's creative process.

Henri Matisse Kathryn Brown, 2021-03-08 Henri Matisse's experiments with form and color revolutionized the twentieth-century art world. In this concise critical biography, Kathryn Brown explores Matisse's long career, beginning with his struggles as a student in Paris and culminating in his celebrated use of paper cutouts and stained glass in the last decade of his life. The book challenges various myths about Matisse and offers a fresh perspective on his creativity and legacy. Chapters explore the artist's enthusiasm for fashion and cinema, his travels, personal ties, interest in African art, love of literature, and willingness to challenge audience expectations. Through close readings of Matisse's works, Brown offers new insight into the artist's friendships and battles with dealers, critics, collectors, and fellow artists.
