The Hardest Hidden Pictures Book Ever

Highlights,2021-03-09 Packed with dozens of the most difficult Hidden Pictures puzzles Highlights has ever created, this book is perfect for advanced puzzlers ages 8-12 looking for a next-level challenge! This jam-packed collection includes over 80 advanced Hidden Pictures puzzles, including photo puzzles, puzzles without clues, puzzles with scrambled clues and more. A great gift for anyone who loves a puzzle challenge, this engaging activity book is filled with more than 1,500 total objects to find. Kids (and grown-ups, too) will need to keep their eyes peeled searching through hilarious scenes like sloths playing ping pong, dogs enjoying a fiesta, and a fishy carnival. There are both full-color and classic black-and-white scenes to solve. Over 125 pages of puzzles adds up to hours of screen-free fun, great for keeping kids engaged during road trips or rainy afternoons at home. Plus, this book is crafted by puzzle experts to include learning benefits parents can count on. Searching for hidden objects is a great way for kids to develop important school skills like vocabulary, concentration and visual perception. Every puzzle solved will boost kids' confidence and encourage

them to take on new challenges.

Secret Hidden Pictures Puzzles

Highlights, 2018-09-04 Kids ages 6-9 will feel like detectives when they search for hidden objects in this unique Hidden Pictures book. This 96-page collection comes with a seek-and-find lens to help puzzlers reveal over 1,000 hidden objects within 55+ red-on-blue scenes. The easy-to-use and simple-to-store lens adds more challenge and play-value to everyone's favorite search-and-find puzzle. Every puzzle in this collection is a mystery until the magic lens reveals the curiosities underneath, such as jet-skiing starfish, a robot workshop, and astronauts in a faraway galaxy. And it's so much fun to reveal the mystery items by moving the special plastic lens over the disguised puzzle scenes! Easy to store or take on the go, this Hidden Pictures collection offers hours of screen-free entertainment anywhere. Plus, puzzles help kids develop essential skills like concentration and visual perception, all while they're having fun. Winner, Family Choice Award □ Winner, Mom's Choice Award, Gold Winner, Parents' Choice Fun Stuff

that leads them on a hunt for a hidden object
Jack and Jill , 1961

Princess Decomposia and Count Spatula Andi
Watson, 2015-02-24 Princess Decomposia is
overworked and underappreciated. This princess of
the underworld has plenty of her own work to do
but always seems to find herself doing her
layabout father's job, as well. The king doesn't
feel quite well, you see. Ever. So the princess is
left scurrying through the halls, dodging her
mummy, werewolf, and ghost subjects, always
running behind and always buried under a ton of
paperwork. Oh, and her father just fired the chef,
so now she has to hire a new cook as well. Luckily
for Princess Decomposia, she makes a good hire in
Count Spatula, the vampire chef with a sweet
tooth. He's a charming go-getter of a blood-
sucker, and pretty soon the two young ghouls

become friends. And then...more than friends? Maybe eventually, but first Princess Decomposia has to sort out her life. And with Count Spatula at her side, you can be sure she'll succeed. Andi Watson (Glister, Gum Girl) brings his signature gothy-cute sensibility to this very sweet and mildly spooky tale of friendship, family, and management training for the undead.

Children's Books in Print, 2007 ,2006

The Particular Sadness of Lemon Cake Aimee

Bender, 2010-06-01 The wondrous Aimee Bender conjures the lush and moving story of a girl whose magical gift is really a devastating curse. On the eve of her ninth birthday, unassuming Rose Edelstein, a girl at the periphery of schoolyard games and her distracted parents' attention, bites into her mother's homemade lemon-chocolate cake and discovers she has a magical gift: she can taste her mother's emotions in the cake. She discovers this gift to her horror, for her mother—her cheerful, good-with-crafts, can-do mother—tastes of despair and desperation. Suddenly, and for the rest of her life, food becomes a peril and a threat to Rose. The curse her gift has bestowed is the secret knowledge all families keep hidden—her mother's life outside the home, her father's detachment, her brother's clash with the world. Yet as Rose grows up she learns to harness her gift and becomes aware that there are secrets even her taste buds cannot discern. The Particular Sadness of Lemon Cake is a luminous tale about the enormous difficulty of loving someone fully when you know too much about them. It is heartbreaking and funny, wise and sad, and

confirms Aimee Bender's place as "a writer who makes you grateful for the very existence of language" (San Francisco Chronicle). BONUS: This edition includes an excerpt from Aimee Bender's *The Color Master*.

Scumble Ingrid Law, 2010-08-17 Read the New York Times bestseller and companion to Newbery Honor winner *Savvy*! It's nine years after *Savvy*, and Mibs' cousin Ledge is on the verge of turning thirteen. More than anything, he wants the power to run like the wind. But when his birthday comes, he discovers that his savvy is actually making things fall apart. It starts out with small things, but then it gets worse. To top it all off, someone outside the family has witnessed his destruction. Now, in addition to trying to figure out how to control - or scumble - his savvy, he's got to worry about how to protect the family secrets. Over the course of one amazing summer, Ledge learns a lot about himself and his family, makes a new - and very unlikely - friend, and learns to appreciate his newfound skills. Readers will delight in the tall-tale tropes and Ledge's authentic physical, emotional, and artistic challenges. - Booklist, starred review The title stands alone in its fast-paced plot with twists and turns galore, and readers familiar with *Savvy* will eat it up and wish for more. - School Library Journal

Three Weeks in December Audrey Schulman, 2012-02-29 In 1899 Jeremy, a young engineer, leaves a small town in Maine to oversee the construction of a railroad across British East Africa. In charge of hundreds of Indian laborers,

he becomes the reluctant hunter of two lions that are killing his men in nightly attacks on their camp. Plagued by fear, wracked with malaria, and alienated by a secret he can tell no one, he takes increasing solace in the company of an African man who scouts for him. In 2000 Max, an American ethnobotanist, travels to Rwanda in search of an obscure vine that could become a lifesaving pharmaceutical. Stationed in the mountains, she shadows a family of gorillas—the last of their group to survive the merciless assault of local poachers. Max bears a striking gift for communicating with the apes. But soon the precarious freedom of both is threatened as a violent rebel group from the nearby Congo draws close. Told in alternating perspectives that interweave the two characters and their fates, Audrey Schulman's newest novel deftly confronts the struggle between progress and preservation, idiosyncrasy and acceptance. Evoking both Barbara Kingsolver and Andrea Barrett, this enthralling fiction, wise and generous, explores some of the crucial social and cultural challenges that, over the years, have come to shape our world. The engaging story and memorable characters make this fine novel an ideal book club selection.

The Sweetheart Angelina Mirabella, 2015-01-20 In a “powerful tale of a person’s capacity for reinvention” (Kirkus Reviews), a teenage girl from Philadelphia leaves her old life behind to become The Sweetheart, one of America’s most infamous female wrestlers. It’s 1953 and seventeen-year-old Leonie Putzkammer feels destined to spend the rest of her life waiting tables and living with her

widowed father, Franz, in their Philadelphia row house. Until the day legendary wrestling promoter Salvatore Costantini walks into the local diner and offers her the chance to make a name for herself in the ring. Leonie sets off for Florida to train at Joe Pospisil's School for Lady Grappling. There, she transforms into Gorgeous Gwen Davies, tag-team partner of legendary Screaming Mimi Hollander, and begins a romance with the soon-to-be Junior Heavyweight Champion Spider McGee. But when life as Gorgeous Gwen leaves her wanting more, she orchestrates a move that will catapult her from heel to hero: she becomes The Sweetheart, a choice that attracts the fans she desires but complicates all of her relationships—with Franz, Joe, Spider, Mimi (who becomes her fiercest competitor), and even with herself. Asking the big questions about what it means to grow up, and stay true to yourself, *The Sweetheart* is daring, innovative, and powerful storytelling. "With a debut both endearing and enjoyable, this is a hands-down winner" (Star-Telegram, Dallas).

Hidden Figures Margot Lee Shetterly, 2018-05-08
Based on the New York Times bestselling book and the Academy Award-nominated movie, author Margot Lee Shetterly and Coretta Scott King Illustrator Honor Award winner Laura Freeman bring the incredibly inspiring true story of four black women who helped NASA launch men into space to picture book readers! Dorothy Vaughan, Mary Jackson, Katherine Johnson, and Christine Darden were good at math...really good. They participated in some of NASA's greatest successes, like

providing the calculations for America's first journeys into space. And they did so during a time when being black and a woman limited what they could do. But they worked hard. They persisted. And they used their genius minds to change the world. In this beautifully illustrated picture book edition, we explore the story of four female African American mathematicians at NASA, known as colored computers, and how they overcame gender and racial barriers to succeed in a highly challenging STEM-based career. Finally, the extraordinary lives of four African American women who helped NASA put the first men in space is available for picture book readers, proclaims Brightly in their article 18 Must-Read Picture Books of 2018. Will inspire girls and boys alike to love math, believe in themselves, and reach for the stars.
