Elevate Robert Glazer, 2019-10-01 NOW A USA TODAY AND WALL STREET JOURNAL BESTSELLER! What are your limits? Care to break them? To inspire change in yourself and your team, you must break free from what's holding you down. In *Elevate*, award-winning CEO and #1 Wall Street Journal bestselling author Robert Glazer reveals four life-changing principles—or capacities—that will allow you to overcome self-limiting beliefs, establish positive habits, find your core principles, and build more rewarding personal and professional relationships. As we look to elevate ourselves, we must do so much more than beating the competition, because our greatest competition is ourselves! We need to find ways to consistently outperform ourselves and our own expectations. Robert has built a career on accelerating productivity and careers. *Elevate* is based on his four foundational elements necessary for elevating our performance: Spiritual: Who you are, what you want most and the standards you live by. Intellectual: How you think, learn, plan and execute with discipline Physical: Your health, well-being and physical performance Emotional: Your ability to overcome challenging situations, your emotional mindset and the quality of your relationships. *Elevate* explores each of these elements in detail and offers actionable tips you can use to start improving today. The key is elevating yourself beyond the edge of your current abilities. Challenge yourself, and the result will inspire others to rise along with you. It's time to break free of your limits.

Elevate Rich Horwath, 2014-03-24 According to a study published in *Chief Executive Magazine*, the most valued skill in leaders today is strategic thinking. However, more than half of all companies say that strategic thinking is the skill their senior leaders most need to improve. *Elevate* provides leaders with a framework and toolkit for developing advanced strategic thinking capabilities. Unlike the majority of books that focus on strategy from a corporate perspective, *Elevate* gives the individual executive practical tools and techniques to help them become a truly strategic leader. The new framework that will enable leaders to finally integrate both strategy and innovation into a strategic approach that drives their profitable growth is the Three Disciplines of Advanced Strategic Thinking: 1. Coalesce: Fusing together insights to create an innovative business model. 2. Compete: Creating a system of strategy to achieve competitive advantage. 3. Champion: Leading others to think and act strategically to execute strategy. Every leader desperately wants to be strategic--their career depends on it. *Elevate* provides the roadmap to reach the strategic leadership summit.
