Elizabeth Fitzgerald Howard,Cedric Lucas,2002-10-21 Susan and Sarah have always wondered what's in the locked room, the one that used to be Aunt Mary's, at Great-Great-Aunt Flossie's house. Now, after helping Aunt Flossie locate the missing key, they find out at last. Among the things to save, things to keep is a big Bible, and Aunt Flossie lets Susan add her name and Sarah's to the family record in its pages. Full color.

Charley's Girl Mary Ann Berry,2005-04 Mary Ann Berry has given us a riveting story [that] transcends the everyday and reveals how one family has written its chapter in the fascinating story of America. William R. Gray Retired writer, editor and publishing executive after 33 years at the National Geographic Society Author of Legacy of the West Charley's Girl tells the tale of a scrappy farm girl in central Oregon fighting her only classmate in front of their one-room schoolhouse--to a feisty octogenarian snowshoeing in Durango, Colorado. Along the way, Mary Alma Christy Sablich also recalls her more than fifty years spent in Chicago and its suburbs as worried wife, nervous mother, and grateful grandma. Charley's Girl offers a dual-perspective on the life that Mary Alma and her daughter (author Mary Ann Berry) share as Berry listens, records, and remembers, too. This country was built on the backs of regular folks like the Christy family who rose to the task with common sense, healthy humor, and simple dignity. It takes courage to live an ordinary life, and Charley's Girl provides one example that has worked for almost a century.

The Rejuvenation of Aunt Mary (Esprios Classics) Anne Warner,2020-12-28 The first time that Jack was threatened with expulsion from college his Aunt Mary was much surprised and decidedly vexed-mainly at the college. His family were less surprised, viewing the young man through a clearer atmosphere than his Aunt Mary ever had, and knowing that he had barely escaped similar experiences earlier in his career by invariably leaving school the day before the board of inquiry convened. Jack's preparatory days having been more or less tempestuous, his family (Aunt Mary excepted) had expected some sort of after-clap when he entered college. Nevertheless, they had fervently hoped that it would not be quite as bad as this.

Memories Blood, Sweat, and Fears And a Little Bit More Faye M. Hardin,2008-12 It is the Thirty-first Century, the world as we knew it is gone and a new world has emerged out of the ashes. This new world is called Eden and it is one of the members of fourteen planets called The Federation. These planets all have one thing in common. They all seek a perfect world. There are no monetary system, no boundaries, no flags and no governments. Pollution is a thing of the past and all but two of the ailments have been eliminated. A perfect world is finally within reach. Then three unexpected events occur. First, a new planet with life forms in the first stages of evolution is discovered. The problem is the planet has been knocked out of its orbit around its sun. The Federation has no choice but to try and save as many as possible. Because of their warring nature, they are split up among the fourteen planets. Second, after an earthquake on Eden, a new unknown gas is discovered coming out of the mountain. Searching for the origin two mercenaries from the twentieth century are found alive. The gas had kept them in suspended animation. Third, Four spaceships carrying escaped convicts from another galaxy suddenly appears. These events could not only disrupt but could destroy all hope of a perfect world.
