Anyone can enhance their musical knowledge, skills, and creativity with the multitude of music apps available. However, sifting through thousands of music apps in the Apple App Store and Google Play can be a daunting task for any musician or music instructor. But not anymore! Having spent countless hours researching the most interesting useful, educational, fun, and easy-to-use music apps, Elizabeth C. Axford in *Music Apps for Musicians and Music Teachers* surveys the landscape of music-related apps for both iOS and Android mobile devices, including tablets and smartphones. *Music Apps for Musicians and Music Teachers* lists hundreds of music-related apps organized by category, including singing, musical instruments, music theory and composition, songwriting, improvisation, recording, evaluating music performances, listening to music, music history and literature, music appreciation, and more. App developers are listed with each app, including links to their websites for updates and support. The book sections and chapters align with the newly revised National Standards for Music Education released in 2014 by the National Association for Music Education. Suggested activities for educators are provided, as well as key terms and a bibliography. *Music Apps for Musicians and Music Teachers* is for anyone interested in music, whether hobbyist or professional. The Place Where You Go to Listen John Luther Adams, 2010-03-01 Did Alaska create the music of John Luther Adams, or did the music create his Alaska? For the past thirty years, the vastness of Alaska has swept through the distant reaches of the composer's imagination and every corner of his compositions. In this new book Adams proposes an ideal of musical ecology, the philosophical foundation on which his largest, most complex musical work is based. This installation, also called *The Place Where You Go to Listen*, is a sound and light environment that gives voice to the cycles of sunlight and darkness, the phases of the moon, the seismic rhythms of the earth, and the dance of the aurora borealis. Adams describes this work as "a place for hearing the unheard music of the world around us." The book includes two seminal essays, the composer's journal telling the story of the day-to-day emergence of *The Place*, as well as musical notations, graphs and illustrations of geophysical phenomena.

Hollywood on the Hudson Richard

Koszarski, 2008-08-27 In Hollywood on the Hudson, Richard Koszarski rewrites an important part of the history of American cinema. During the 1920s and 1930s, film industry executives had centralized the mass production of feature pictures in a series of gigantic film factories scattered across Southern California, while maintaining New York as the economic and administrative center. But as Koszarski reveals, many writers, producers, and directors also continued to work here, especially if their independent vision was too big for the Hollywood production line.

Billboard's ... International Recording Equipment & Studio Directory, 1988

Fort Lee Richard Koszarski, 2004 During the 1910s, motion pictures came to dominate every aspect of life in the suburban New Jersey community of Fort Lee. During the nickelodeon era, D.W. Griffith, Mary Pickford, and Mack Sennett would ferry entire acting companies across the Hudson to pose against the Palisades. Theda Bara, Fatty Arbuckle, and Douglas Fairbanks worked in the rows of great greenhouse studios that sprang up in Fort Lee and the neighboring communities. Tax revenues from studios and laboratories swelled municipal coffers. Then, suddenly, everything changed. Fort Lee, the film town once hailed as the birthplace of the American motion picture industry, was now the industry's official ghost town. Stages once filled to capacity by Paramount and Universal were leased by independent producers or used as paint shops by scenic artists from Broadway. Most of Fort Lee's film history eventually burned away, one studio at a time. Richard Koszarski re-creates the rise and fall of Fort Lee filmmaking in a remarkable collage of period news accounts, memoirs, municipal records, previously unpublished memos and correspondence, and dozens of rare posters and photographs—not just film history, but a unique account of what happened to one New Jersey town hopelessly enthralled by the movies. Faites de la musique avec votre iPad Franck Ernould, 2013-02-20 Les atouts de l'iPad, de l'iPhone et de leur environnement logiciel (le système d'exploitation iOS et les diverses applications à télécharger sur l'App Store) sont appréciés par un nombre toujours croissant d'utilisateurs, notamment les musiciens. C'est ainsi que l'album The Fall de Gorillaz a été presque entièrement composé et produit sur iPad, tandis que le magazine anglais Sound On Sound, référence mondiale dans le domaine du home studio, fit sa couverture de juin 2011 avec un iPad et titra : Apple's iPad2 : is this your next studio ? Cet ouvrage est un guide pratique pour composer, jouer, enregistrer et produire de la musique avec un iPad. Il présente une sélection des meilleures applications existantes dans le domaine, ainsi que des matériels périphériques conçus spécialement pour l'iPad et les musiciens : claviers maître, interfaces pod, microphones USB, interfaces MIDI, casques, enceintes... Outre quelques focus sur des applications phares, le découpage du livre est globalement thématique : chaque chapitre traite d'un type de pratique (jouer, composer, enregistrer de la musique...) et fait le point sur les solutions logicielles et matérielles dédiées.

The Unlocking Season Gail Bowen,2020-09-01
Arthur Ellis Award-winning author and the “queen of Canadian crime fiction” (Winnipeg Free Press) returns with a new installment in the Joanne Kilbourn series On a Saturday bright with harbingers of spring, Joanne Kilbourn-Shreve, her husband, Zack, and their family prepare to celebrate the season. Joanne’s life is full, and at 60, she has been given the chance to understand a part of her history that for years was shrouded in secrecy. Living Skies is producing Sisters and Strangers, a six-part TV series about the tangled relationships between the families of Douglas Ellard, the father who raised Joanne, and Desmond Love, her biological father. Joanne is working on the script with Roy Brodnitz, a brilliant writer and friend. The project’s future seems assured, but before the script is completed, Brodnitz disappears while scouting locations in northern Saskatchewan. Hours later, he’s found – sweat-drenched, clawing at the ground, and muttering gibberish. He dies in a state of mortal terror. Heartsick and perplexed, Joanne resolves to learn what happened in the last hours of Roy’s life.

What Joanne discovers threatens Brodnitz's legacy, and the decision about whether or not to reveal the truth is hers to make. The Unlocking Season is another deeply satisfying and thought-provoking novel from one of Canada's finest crime writers.

Traveling Music Videos Tomáš Jirsa, Mathias Bonde Korsgaard, 2023-10-05 Traveling Music Videos offers a new interdisciplinary perspective on how contemporary music videos travel across, shape, and transform various media, online platforms, art institutions, and cultural industries worldwide. With the onset of digital technologies and the proliferation of global video-sharing websites at the beginning of the 21st century, music video migrated from TV screens to turn instead to the internet, galleries, concert stages, and social media. As a result, its aesthetics, technological groundings, and politics have been radically transformed. From the kinaesthetic experience of TikTok to the recent reimaginations of maps and navigation tools through music video cartographies, from the ecofeminist voices mediated by live-stream concerts to the transmedia logic of video games and VR, from the videos' role in contemporary art galleries to their political interventions -the chapters map the ways music video is continually reconfiguring itself. The volume tracks music video's audiovisual itineraries across different geographies, maps its transmedia routes, and tackles the cultural impact that it has on our current media ecosystem.
