EBay Motors Money Machine Master Mechanic,2015-01-11 Make \$500 a week selling used auto parts on eBay I'm going to show you how I make \$500 a week (usually much more) selling used auto parts on eBay. And, the great thing is-it's something anybody can do, if you don't mind getting a little dirty or greasy. What I'm going to show you doesn't require a fancy education or previous experience selling on eBay. You don't even really need to know anything about cars or car parts, but if you do-that's a big plus that can help you make even more money. What got me started selling car parts was I had an old mustang I always planned to restore. Then I got married. We had a kid, and the car sat there in the driveway gathering dust and complaints from the neighbors about it being an eyesore. Finally, I had enough and decided I'd try to sell it on Craigslist, but I didn't get any takers. I called the scrapyard. They offered me one hundred bucks. I was pretty sure a few of the parts alone were worth more than that. Several days later I got this crazy idea. What if I part it out on eBay? I was sure to get more than \$100. Over the next three weeks I pulled every part I could off of that car- shift knobs, shifter arm, distributor, glove box door, hood emblem, and window crank handle. You name a part, I put it up for sale, and the funny thing is they sold. Someone paid me \$33.00 for a window crank, \$25.00 for the Mustang horse emblem, and \$25.00 for the owner's manual. It was nuts! People emailed to ask if I had this or that part left. When I got their emails I'd head back out to the car with my wrench and screw driver to yank it out for them. I'd come back in the house and list the part on eBay for the agreed upon price. After three weeks I'd sold close to \$700 in parts from a car the junkyard offered a hundred bucks for. All I could think was-I need another car. That's when my brother-in-law popped into my head. He had an old Blazer. He was always saying he needed to get rid of it. I offered to take it off his hands for fifty bucks, and he said okay. By this time I was pretty much hooked. The Blazer parts sold for close to \$1000. I picked up a few more Junkers on Craigslist and made a couple dollars on them. The money was good, but it was just too much work. I told myself there had to be an easier way-one that didn't take so much time, effort, or hard work. That's what I'm going to cover next-how to get all of the used car parts you want without the hassle of having to buy the entire car and strip it down-without having to get all greasy and dirty. The White Coat Investor James M. Dahle, 2014-01 Written by a practicing emergency physician, The White Coat Investor is a high-yield manual that specifically deals with the financial issues facing medical students, residents, physicians, dentists, and similar high-income professionals. Doctors are highly-educated and extensively trained at making difficult diagnoses and performing life saving procedures. This book fills in the gaps and will teach you to use your high income to escape from your student loans, provide for your family, build wealth, and stop getting ripped off by unscrupulous financial professionals. Complication Isaac Adamson, 2012-04-01 Searching for his missing brother in Prague, an American encounters a world of killers, gangsters, and ancient mysteries in a "satisfyingly twisted tale" (Publishers Weekly). When American collections agent Lee Holloway receives a letter from a mysterious woman named Vera concerning his missing brother Paul, curiosity takes him to Prague in search of answers. But what he finds in the historic city's looming shadows and cobbled streets is a mind-bending world of conspiracy and danger. A world where black magic and sixteenth-century alchemy aren't just footnotes in history books. A world where gangsters with fairy-tale names and a

bloodthirsty serial killer exist alongside grim reminders of Nazi invasion. And where a priceless watch named The Rudolph Complication—commissioned by an eccentric Roman emperor—is rumored to hold the secret to eternal life. As Lee delves deeper into the question of Paul’s fate, he discovers unsettling truths about his brother . . . and himself. Now Lee must unravel the tangled threads of Paul’s last days if he wants to escape the ancient city alive. Echoing with ghosts and mythic monsters from Europe’s storied past, this is a heart-pumping thrill ride into the very heart of darkness.

Revenge Pornography Matthew Hall,Jeff Hearn,2017-09-01 Facilitated by developments in technologies, the non-consensual posting of sexually explicit images of someone else for revenge, entertainment or political motive - so-called revenge porn - has become a global phenomenon. This groundbreaking book argues that fundamental and recurring issues about how victims are violated can be understood in terms of gender and sexual dynamics and constructions, binary gender and sexual positioning and logics, and the use of sexual meanings. Using a discourse analytical approach the authors examine revenge pornography through the words of the perpetrators themselves and study the complex ways in which they invoke, and deploy, gender- and sexuality-based discourses to blame the victim. They explore strategies to curb the phenomenon of revenge porn, and by placing their research in a broader social and political context, the authors are able to examine the effectiveness of current legislative frameworks, education and awareness raising, victim support and perpetrator re-education programmes, along with wider political considerations. This enhanced understanding of the perpetrator mindset provides important insights into the use of social media to facilitate gender violence, and holds the promise of more effective interventions in future. This is a unique resource for students, academics, researchers, and professionals interested in revenge pornography and related issues.
