A Slow, Calculated Lynching Devery S. Anderson,2023-03-08 In the years following *Brown v. Board of Education*, countless Black citizens endured violent resistance and even death while fighting for their constitutional rights. One of those citizens, Clyde Kennard (1927–1963), a Korean War veteran and civil rights leader from Hattiesburg, Mississippi, attempted repeatedly to enroll at the all-white Mississippi Southern College—now the University of Southern Mississippi—in the late 1950s. In *A Slow, Calculated Lynching: The Story of Clyde Kennard*, Devery S. Anderson tells the story of a man who paid the ultimate price for trying to attend a white college during Jim Crow. Rather than facing conventional vigilantes, he stood opposed to the

governor, the Mississippi State Sovereignty Commission, and other high-ranking entities willing to stop at nothing to deny his dreams. In this comprehensive and extensively researched biography, Anderson examines the relentless subterfuge against Kennard, including the cruelly successful attempts to frame him—once for a misdemeanor and then for a felony. This second conviction resulted in a sentence of seven years hard labor at Mississippi State Penitentiary, forever disqualifying him from attending a state-sponsored school. While imprisoned, he developed cancer, was denied care, then sadly died six months after the governor commuted his sentence. In this prolonged lynching, Clyde Kennard was robbed of his ambitions and ultimately his life, but his final days and legacy reject the notion that he was powerless. Anderson highlights the resolve of friends and fellow activists to posthumously restore his name. Those who fought against him, and later for him, link a story of betrayal and redemption, chronicling the worst and best in southern race relations. The redemption was not only a symbolic one for Kennard but proved healing for the entire state. He was gone, but countless others still benefit from Kennard's legacy and the biracial, bipartisan effort he inspired.

South Tacoma Darlyne A. Reiter, 2007 Nestled snugly against Lakewood on the southern side of Tacoma, South Tacoma is a vibrant neighborhood comprised of old and new. What was once a prairie where elk and deer roamed was first called Excelsior, later renamed Edison, and finally became known as South Tacoma in 1895. Beginning in the mid-1800s, the area was comprised of cemeteries used to bury Tacomas deceased, but in 1890, Northern Pacific Railway made the monumental decision to move its railroad shops from downtown Tacoma to this prime prairie land south of the city. The community has evolved since these beginnings into a contemporary, vital addition to the city of Tacoma. Boasting third-, fourth-, and fifth-generation families and many family-owned businesses, South Tacoma is a small city within a big city, and its citizens are committed to maintaining its unique character for posterity.

Automobile Cases ,1955

The AUTO UNION-DKW Guide Keith Ayling, 2016-06-17 “Tell me its pedigree and I’ll tell you what kind of car it is!” According to legend, this pungent comment was made by the great Tazio Nuvolari when a manufacturer asked him to drive a new car in the German Grand Prix. West Germany’s Auto Union products—the front-wheel-drive DKW 750 and the larger Auto Union S-1000 series—are direct descendants of the famous Auto

Union racing cars that Nuvolari was later to drive to victory in the British and German Grand Prix races, and which literally cleaned up on the racing tracks of Europe before World War II ended peaceful competition between great automobile marques. These were the cars that would do 205 mph, weighed a mere 2,508 pounds, and were constructed with what one writer describes as an “unearthly kind of superior craftsmanship ...” (1961 - Keith Ayling)

Chameleon Bravo Bill Walters, 2016-06-30 Its 1943 and the British and American intelligence agencies meet in Washington DC. They cant kill Hitler, God knows they tried, so they come up with Chameleon Bravo, a long shot contrivance. IF, they can locate the right man, they will switch him with the real Adolph Hitler. His job, will be to slowly, run the Third Reich into the ground by making emotional laden decisions. Unbeknown to the allies, Stalins security forces inadvertently locate a peasant girl who is the spitting image of Hitlers girlfriend, Eva Braun. They coerce her into submitting to be swapped with the assignment of killing Hitler, when she receives a code word. The two, impostors meet, fall in love and know they can never be with the other. He cant tell her he is not the monster she has to kill someday.

Rheumatism in Populations J. S. Lawrence, 2016-06-03 Rheumatism in Populations provides information pertinent to rheumatic diseases. This book covers certain systemic disorders such as the systemic lupus erythematosus that frequently affect the joints. Organized into 16 chapters, this book begins with an overview of the history of the epidemiology of rheumatism. This text then examines the prevalence of rheumatoid arthritis in screened sample and in total population samples. Other chapters consider the relative significance of rheumatic disorders as a cause of loss of work as revealed by the National Health Insurance statistics. This book discusses as well the pathology of disc disorders, osteoarthritis, rheumatoid arthritis, benign polyarthritis, metabolic joint disease, general connective tissue diseases, and immune deficiency diseases. The final chapter deals with diagnostic criteria for population investigations of rheumatoid arthritis. This book is a valuable resource for rheumatologists, physicians, and medico-social workers. Readers who are interested in the study of rheumatic diseases will also find this book useful.
