Rolland McCune

**Good Dogs Do Stray** Emmerich Koller,2006-08-01 The true story of a childhood and youth during and after WWII, escape from communist Hungary, and immigration to America. Adversity foreshadows an inauspicious future, but faith and fate provide surprising reversals.

**Bellicose Entanglements 1914** Maximilian Lakitsch,Susanne Reitmair-Juárez,Katja Seidel,2015 The First World War is often described as a regional war with few repercussions beyond Europe. However, by the dawn of the 20th century, global political and economic entanglements of empires and nation states had reached unprecedented dimensions. Consequently, the war affected the lives of millions of combatants and civilians alike: politically, socially and culturally. This book shifts the Eurocentric focus of Europeans fighting and dying on European battlefields to a broader, global perspective. With local accounts and perceptions ranging from Argentina to Afghanistan, from Iran to Senegal, the volume sheds light on the multitude of contributions to and consequences of the First World War all around the world.

**Hypereides** Hyperides,David Whitehead,2000 Professor Whitehead has provided a new translation of the five surviving forensic speeches of the Athenian lawyer-politician Hypereides (390/89-322 BC). Hypereides' importance lies not only in his speeches, but also in his centrality in the political life of ancient Athens, as a contemporary of Demosthenes, and one of the canonical Ten Attic Orators. This book, which includes a general introduction and lavish historical and literary commentary, represents the first complete collection of Hypereides' works in any language.

**The Case for Impeachment** Allan J. Lichtman,2017-04-18 NATIONAL BESTSELLER “Lichtman has written what may be the most important book of the year.” —The Hill What are the ranges and limitations of presidential authority? What are the standards of truthfulness that a president must uphold? What will it take to impeach Donald J. Trump? Professor Allan J. Lichtman, who has correctly forecasted thirty years of presidential outcomes, answers these questions, and more, in TheCase for Impeachment—a deeply convincing argument for impeaching the 45th president of the United States. In the fall of 2016, Allan J. Lichtman made headlines when he predicted that Donald J. Trump would defeat the heavily favored Democrat, Hillary Clinton, to win the presidential election. Now, in clear, nonpartisan terms, Lichtman lays out the reasons Congress could remove Trump from the Oval Office: his ties to Russia before and after the election, the complicated financial conflicts of interest at home and abroad, and his abuse of executive authority. The Case for Impeachment also offers a fascinating look at presidential impeachments throughout American history, including the often-overlooked story of Andrew Johnson’s impeachment, details about Richard Nixon’s resignation, and Bill Clinton’s hearings. Lichtman shows how Trump exhibits many of the flaws (and more) that have doomed past presidents. As the Nixon Administration dismissed the reporting of Bob Woodward and Carl Bernstein as “character assassination” and “a vicious abuse of the journalistic process,” Trump has attacked the “dishonest media,” claiming, “the press should be ashamed of themselves.” Historians, legal scholars, and politicians alike agree: we are in politically uncharted waters—the durability of our institutions is being undermined and the public’s confidence in them is eroding, threatening American democracy itself. Most citizens—politics aside—want to know where the country is headed. Lichtman argues, with clarity and power, that for Donald Trump’s presidency, smoke has become fire.

**Promise Unfulfilled** Rolland McCune,2017-07-17 The New Evangelicalism was conceived if not born with the formation of the National Association of Evangelicals in 1942. This new group was in the main led by younger professing fundamentalist scholars and leaders who had become dissatisfied with their heritage and wanted to carve out some evangelical middle ground between fundamentalism and neo-orthodoxy. This book is an analysis of the break-away movement in terms of the issues ideas, and practices that led to its beginning, its expansion to an apogee in the 1970s, its subsequent loss of biblical and doctrinal stability, and its slide toward virtual irrelevancy in a postmodern world culture of the 21st century. The twenty-five chapters are grouped under nine main sections: Historical Antecedents; the Formation of the New Evangelicalism; Ecumenism; Ecclesiastical Separation; The Bible and Authority; Apologetics; Social Involvement; Doctrinal Storms; and Evaluations and Prospects. It will be a valuable addition to the pastor’s library and a strategic resource for theological education in Bible colleges and seminaries.

**Reforming Fundamentalism** George M. Marsden,1995 A sequel and companion to the author's widely acclaimed Fundamentalism and American Culture, this book uses the history of Fuller Theological Seminary as a lens through which to focus an examination of the broader story of evangelicalism and fundamentalism since the 1940s.
