The World's Fastest Cars Sean McCollum, 2016-08 In a top-ten format presents the world's fastest cars--Provided by publisher.

*Road & Track Crew's Big & Fast Cars* Dan Bova, 2022-03-08 The fastest, funniest page-turner on the planet! This is the ultimate book for kids who love slick supercars, powerful monster trucks, and record-smashing speed machines. Buckle up — the only thing more exciting than reading this book about big and fast cars is sitting behind the wheel of one crossing the finish line at the Indy 500! Inside you'll find amazing color photos, mind-blowing facts, and answers to some very urgent questions, like: Do you know why the van was embarrassed around its friends? Because it had a little gas! Since the invention of the wheel, people have been building machines that go faster and faster and look cooler and cooler. The first cars went about 10 mph, now they easily break 200 mph — and some even drive themselves! Speaking of which, ever wonder whose fault it is if two self-driving cars get in an accident? Pick up this book and find out! Under the hood you'll discover: Incredible auto-related facts like record setting rides (check out the 763 mph ThrustSSC rocket car!) and answers to seriously silly questions (How do race car drivers pee during a race?) Many S.T.E.A.M. learning opportunities such as the science of how cars work and the history of cars from the Model T to electric cars to a Tesla in space! Behind-the-scenes stories of people with great car-related jobs such as a Hot Wheels designer, the guy who created the Batmobile, a scientist who controls rovers on Mars, and of course, record-setting drivers like Danica Patrick, Alexander Rossi, Dale Earnhardt, Jr. and teen sensation Chloe Chambers. Fun activities such as drawing lessons (create your own car cartoon character!) matching games, quizzes, plus tons of jokes. Sneak peeks inside the garages of your favorite famous car-collection celebs like The Rock, Lady Gaga, Guy Fieri and other car-obsessives! The only thing readers need to drive *Road & Track Crew Big & Fast Cars* is a license for fun. So turn the key, step on

the gas and let's go!

Fast Cars, Cool Rides Amy L. Best, 2005-12-25 Bass booms from custom speakers, pick-up trucks boast lowered suspensions, chrome rims reflect stoplights, and bare arms dangle from open windows. Welcome to Santa Clara Street in San Jose, California, where every weekend kids come to cruise late at night, riding their cars slow and low. On the surrounding, less-traveled streets you can also find young men racing customized cars to see who has the go, not just the show. And, in the daylight hours, in a nearby suburb, you might find a brand new SUV parked in the driveway, a parents' Sweet 16 present. In *Fast Cars, Cool Rides* Amy Best provides a fascinating account of kids and car culture.

Encompassing everything from learning to drive to getting one's license, from cruising to customizing, from racing to buying one's first car, Best shows that never before have cars played such an important role in the lives of America's youth as they do today. Drawing on interviews with over 100 young men and women, aged 15-24, and five years of research—cruising hot spots, sitting in on auto shop class, attending car shows—Best explores the fast-paced world of kids and their cars. She reveals a world where cars have incredible significance for kids today, as a means of transportation and thereby freedom to come and go, as status symbols and as a means to express their identities. But while having a fast car or a cool ride can carry tremendous importance for these kids, Best shows that the price, especially when it can cost \$30,000, can be steep as working-class kids work jobs to make car payments and as college kids forgo moving out of Mom and Dad's house because they can't pay for rent, car payments, and car insurance. *Fast Cars, Cool Rides* offers a rare and rich portrait of the complex and surprising roles cars can play in the lives of young Americans. Fasten your seatbelts, it's going to be a

cool ride.

**Slow Car Fast** Ryan K. ZumMallen, *Slow Car Fast: The Millennial Mantra Changing Car Culture for Good* explores the changing tides of car culture and re-examines the meaning of being a “car guy” in 2020. Veteran automotive journalist Ryan K. ZumMallen parses this world through the drivers, tuners and designers that live and breathe it against the fertile backdrop of Southern California. How did horsepower and speed get so out of control? Do young people still like cars? Who are the automotive icons that will shape car culture for years to come? *Slow Car Fast* offers answers to the questions on the mind of every kid who grew up with a poster on their wall and dreamed of owning their dream car one day, ferreted out through first-hand reporting on the ground. ZumMallen goes inside the automotive zeitgeist to explain how modern car culture came to be, from the old-school (massive improvements in engineering and technology) to the new-school (the rise of video games and social media). Featuring interviews with dozens of influential voices and ride-alongs in today's automotive unicorns, *Slow Car Fast* is a must-have eBook for anyone who knows that getting behind the wheel is only the beginning.

Wheel of a Fast Car William Edmund Butterworth, 1969 As a result of losing a race with a police car, a seventeen-year-old boy loses five hundred dollars, his license, his girl friend, his college scholarship, and his good reputation and discovers that the road back to respectability is anything but smooth.

It's all about... Fast Cars Editors of Kingfisher, 2021-04-20 It's all about... *Cool Cars* gives young readers everything they want to know about cars, from the earliest automobiles to speedy supercars, rally racers, and even cars that fly.
