

Av Min Knold

David Faye Knudsen

Den hæse drage Benny Andersen,2016-12-05 Benny Andersens børnekomedie 'Den hæse drage' udkom første gang i 1969. Den hæse drage henvender sig kun til børn. Den er svær at spille, men let at læse. Den er absolut uegnet for voksne, især børnepædagoger. Den har ingen helte, derimod en heltinde, som imidlertid ikke er mere heltedign end de andre, kun hendes abnorme behov for vandmeloner driver hende frem.

Bamses julerejse Elin Bing,Hanne Willumsen,2021-10-21 Bamse, Kylling og Ælling må drage ud på en rejse. De er kommet på en vigtig mission, da Julemandens søn viser sig at være en drilagtig nisse, der vil gøre alt for at spolere julen. De tre gode venner må derfor forsøge at nå frem til Julemanden inden juleaften for bl.a. at aflevere Julemandens gavepapir og gavebånd, som nissen har taget. Det bliver en eventyrlig rejse, naturligvis med masser af udfordringer og løjer undervejs. Bamses julerejse er en af DR's mest populære julekalendre for de allermindste. Den blev vist første gang i 1996 og er siden blevet genudsendt et hav af gange. Nu fortælles historien som en klassisk højtlesningsjulekalender i 24 kapitler med stemningsfyldte illustrationer. Fra ca. 2 år

Viggo Vampyr rejser ud - Lyt&læs Bent B. Nielsen,2023-04-03 Viggo Vampyr vil ud at rejse. Han savner nogen at lege med. Hr. og fru Vampyr vil helst blive hjemme. Men da de ser, hvor han vil hen, vil de gerne med. Det er nemlig et land, hvor der lever mange vampyrer.... Lix: 10 Læs også de andre bøger om Viggo Vampyr.

Cognitive Therapy of Anxiety Disorders David A. Clark,Aaron T. Beck,2011-08-10 - Winner of the American Journal of Nursing Book of the Year Award - Mental Health Nursing! Aaron T. Beck - Winner of the Lifetime Achievement Award from the National Nursing Centers Consortium! Updating and reformulating Aaron T. Beck's pioneering cognitive model of anxiety disorders, this

book is both authoritative and highly practical. The authors synthesize the latest thinking and empirical data on anxiety treatment and offer step-by-step instruction in cognitive assessment, case formulation, cognitive restructuring, and behavioral intervention. They provide evidence-based mini-manuals for treating the five most common anxiety disorders: panic disorder, social phobia, generalized anxiety disorder, obsessive-compulsive disorder, and posttraumatic stress disorder. User-friendly features include vivid case examples, concise Clinician Guidelines that reinforce key points, and over three dozen reproducible handouts and forms.

Natten i ventesalen Poul Ørum, 2023-05-12 Historien om to stille eksistenser, en servitrice og en billettsælger, som bor og arbejder i en lille stationsby, hvor janteloven ligger tungt over gade og vej og ikke mindst i hjerterne på indbyggerne. Der skal ikke meget til, før der løftes øjenbryn eller udstødes fornærmede grynt, så da de to personer beslutter sig for at bryde op sammen, vil forargelsen ingen ende tage. Natten i ventesalen udkom første gang i 1962, og året efter modtog Poul Ørum den prestigøse pris De Gyldne Laurbær for romanen. Poul Ørum (1919 - 1997) var en af det 20. Århundredes kendte og elskede forfattere i Danmark. Han debuterede i 1953, men slog især sit navn fast i 1958 med romanen *Lyksalighedens ø*. Senere blev han især kendt for krimierne med kriminalassistent Jonas Mørck i centrum. Poul Ørums forfatterskab var ofte præget af en optagethed af samfundets yderområder, uretfærdigheder og de svage skikkelsers skæbner.

Testosterone Alexandre Hohl, 2023 Even though research on testosterone is increasing, there is still much controversy regarding its physiology and clinical use. This book provides a broad overview on testosterone, from its basic features to the most recent evidence of clinical applicability. In addition, specific conditions in which testosterone play a pivotal role are discussed in detail, such as hypogonadism, misuse and abuse, puberty, cardiovascular effects and testosterone therapy. The

testes are vital organs for reproduction of the human species, besides being the main source of testosterone production in men. Although not essential for survival, these singular structures represent the essence of male biological function. Testosterone is the most important testicular androgen in men. Low serum testosterone levels are associated with cardiovascular morbidity, metabolic syndrome, type 2 diabetes mellitus, atherosclerosis, osteoporosis, sarcopenia, and mortality. Also, there is increasing evidence that serum testosterone is a major biomarker status of men's health in general. Hypogonadism in a male refers to a decrease in one or both of the two major functions of the testes: sperm production or testosterone production. These abnormalities can result from disease of the testes (primary hypogonadism) or disease of the pituitary or hypothalamus (secondary hypogonadism). Currently, the clinical features of male hypogonadism are sufficiently well-recognized, the causes are well-known, and the tests of the hypothalamic-pituitary-testicular axis are accurate enough for the diagnosis in most patients. Testosterone, the focus hormone of this book, is used in different forms and routes of administration. Several authors unravel its peculiarities and assist in choosing the most suitable form in each case, as well as the possible risks of its misuse or even abuse in men and women, seeking alternatives to help patients in this situation.

Jag sa inte ens hälften Nilla Fischer, Anna Friberg, 2023-06-09 Hela Nilla Fischers liv har handlat om träning, tre poäng, mästerskapsmedaljer, ligatitlar och Champions League. Efter 21 år i landslagströjan är det över. Hon har inget val. Kroppen håller inte längre, familjelivet går inte ihop och pengarna måste in. Men vad är en enda dag utan fotboll? Kan hon ens leva i en sådan värld? Nu är en av Sveriges genom tiderna mest meriterade fotbollsspelare redo att berätta om det vi aldrig såg: konflikterna i omklädningsrummet, bråken med pamparna i förbundet och det ständiga hatet

från omvärlden. Om att aldrig vara lika mycket värd som männen, och kraven på att bevisa sig och prestera även i livet utanför planen. Om våndan över att bli kär i fel person, kampen för att skaffa barn och förväntningarna på att vara en förebild i gayvärlden. Det här är Nilla Fischers fotbollsliv.

Anxiety Disorders and Phobias Aaron Beck,Gary Emery,2005-06-29 At the forefront of the

cognitive revolution, renowned psychiatrist Aaron T. Beck turned to information processing in order to understand the sources, consequences, and cures of anxiety disorders and phobias. In the first half of this classic text, Beck elaborates on the clinical picture of anxiety disorders and phobias and presents an explanatory model to account for the rich complexity of these phenomena. Cognitive psychologist Gary Emery then details the therapeutic principles, strategies, and tactics developed on the basis of the cognitive model of anxiety disorders and phobias. This fifteenth anniversary edition of the foundational work on cognitive therapy features a new introduction by Beck, in which he offers an up-to-date appraisal of the current state of cognitive therapy and its application to the treatment of phobias and anxiety.

Danish: A Comprehensive Grammar Tom Lundskaer-Nielsen, Philip Holmes, 2015-04-10 Danish: A Comprehensive Grammar presents a fresh and accessible description of the language, concentrating on the real patterns of use in modern Danish. The volume is organized to promote a thorough understanding of Danish grammar. It offers a stimulating analysis of the complexities of the language, and provides full and clear explanations. This edition has been fully updated to reflect changes in grammar, cultural changes and the impact of modern technology. All sections have been systematically revised, and a new section on phrases and an up-to-the-moment account of the use of the comma have been added. The examples and grammar explanations have been improved throughout. Features include: a wealth of examples from present-day Danish particular attention to areas of confusion and difficulty Danish-English parallels highlighted throughout the book an extensive index and clear paragraph numbering for easy navigation cross-references in all parts of the book. Danish: A Comprehensive Grammar is the most comprehensive and detailed Danish grammar available in English and is an essential reference source for the learner and user of Danish

at all levels. It is ideal for use in schools, colleges, universities and adult classes of all types.
