Angel Avatar M.A. Beyer,2022-11-28 Agnes Hennessey is a librarian in the small and sleepy town of Old Tappan, New Jersey. She has three loves: her dog, her vintage restored Scout, and painting in her home studio. The survivor of several traumatic events, she has evolved into a strong, humble, (and a bit reclusive) young woman who prefers the company of her four-legged friend to her human counterparts. The quiet town is turned upside-down when Agnes' neighbor mysteriously disappears, leaving behind a young daughter, a suspect husband, and many questions. Foreordained, Agnes encounters a spiritual messenger who divulges a transformative secret, and she learns that she is 'divinely obligated' to help solve the case of her missing neighbor. Although the investigation does not produce much evidence, it reveals a potential new love in Agnes' life. Tyler Clair does not know it, but his own destiny has led him to cross paths with Agnes, and he comes to realize that she is so much more than just 'the girl next door' Angel Avatar was born from the comforting notion that angels are all around us, helping us, guiding us, and showing us the way, disguised as fate and keeping us moving along our destined paths. It was my experience, as is also my hope that this intimately powerful journey allows you, the reader, to find spiritual solace, and to deliberate the love, pleasure, and beauty we encounter in our connections during our time on this earth - and whatever may come next...

Sustainability Challenges in the Fashion Industry Miguel Ángel Gardetti,Rosa Patricia Larios-Francia,2023-06-10 Fashion, and the growth of fashion, are presented as the manifestation of a process of civilization, within a capitalist culture (capital understood as material possessions) that has become global and imperialist, of which - in an economic sense - the industry (or the fashion system?) functions as one of its main instruments of exploitation. And with respect to design, Arturo Escobar said: Can design detach itself from its roots in modernist practices of unsustainability and defuturization and reorient itself towards other commitments, practices, narratives and ontological enactions? Moreover, can design be part of the toolkit for the transition to the pluriverse (i.e. a world in which many worlds can fit)? This book presents the importance of cultural sustainability in the textiles and fashion industry, decolonizing fashion system and promotes the design for transitions.

Emergency Contact Mary H. K. Choi,2019-04-09 "Smart and funny, with characters so real and vulnerable, you want to send them care packages. I loved this book." —Rainbow Rowell From debut author Mary H.K. Choi comes a compulsively readable novel that shows young love in all its awkward glory—perfect for fans of *Eleanor & Park* and *To All the Boys I've Loved Before*. For Penny Lee, high school was a total nonevent. Her friends were okay, her grades were fine, and while she'd somehow landed a boyfriend, they never managed to know much about each other. Now Penny is heading to college in Austin, Texas, to learn how to become a writer. It's seventy-nine miles and a zillion light years away from everything she can't wait to leave behind. Sam's stuck. Literally, figuratively, emotionally, financially. He works at a café and sleeps there too, on a mattress on the floor of an empty storage room upstairs. He knows that this is the god-awful chapter of his life that will serve as inspiration for when he's a famous movie director but right this second the seventeen bucks in his checking account and his dying laptop are really testing him. When Sam and Penny cross paths it's less meet-cute and more a collision of unbearable awkwardness. Still, they swap numbers and stay in touch—via text—and soon become digitally inseparable, sharing their deepest anxieties and secret dreams without the humiliating weirdness of having to, you know, see each other.

European Founders at Work Pedro Gairifo Santos, 2012-02-12 In European Founders at Work, several of the top European startup founders and venture capitalists are interviewed to explain their respective paths to building a successful company. It takes a similar approach to Venture Capitalists at Work and other books in Apress' elite At Work series but with a focus on the differences between building a successful company in Europe versus the U.S. These insightful interviews are presented in a way that will help readers understand the founders' local or a global views, how they competed on the global scale, if and how they got funding and their main challenges and opportunities. The companies chosen to be interviewed are a mix of unique worldwide ventures: European-only ventures and even a few copycats of already-proven concepts. As such, it provides a balanced view on the European scene. This mix also includes companies that started in Europe and moved to the U.S., companies who went IPO in their country of origin, companies with European venture capital backing, and companies that bootstrapped their way to success. Foreword by Saul Klein, Founder of LOVEFiLM and The Accelerator Group. The Retro-Futurism of Cuteness Jen Boyle, Wan-Chuan Kao, 2017-11-03 Is it possible to conceive of a Hello Kitty Middle Ages or a Tickle Me Elmo Renaissance? The Oxford English Dictionary dates the first reference to cute in the sense of attractive, pretty, charming to 1834. More recently, Sianne Ngai has offered a critical overview of the cuteness of the twentieth-century avant-garde within the context of consumer culture. But if cuteness can get under the skin, what kinds of surfaces does it best infiltrate, particularly in the framework of historical forms, events, and objects that traditionally have been read as emergences around big aesthetics of formal symmetries, high affects, and resemblances? The Retrofuturism of Cuteness seeks to undo the temporal strictures surrounding aesthetic and affective categories, to displace a strict focus on commodification and cuteness, and to interrogate how cuteness as a minor aesthetics can refocus our perceptions and readings of both premodern and modern media, literature, and culture. Taking seriously the retro and the futuristic temporalities of cuteness, this volume puts in conversation projects that have unearthed remnants of a cult of cute-positioned historically and critically in between transitions into secularization, capitalist frameworks of commodification, and the enchantment of objects—and those that have investigated the uncanny haunting of earlier aesthetics in future-oriented modes of cuteness. The Latin *acutus*, the etymological root of cute, embraces the sharpened, the pointed, the nimble, the discriminating, and the piercing. But as Michael O'Rourke notes, cuteness evokes a proximity that is at once potentially invasive and contaminating and yet softening and transfiguring. Deploying cuteness as a mode of inquiry across time, this volume opens up unexpected lines of inquiry and unusual critical and creative aporias, from Christian asceticism, medieval cycle drama, and Shakespeare to manga, Bollywood, and Second Life. The projects collected here point to a spectrum of aesthetic-affective assemblages related to racial, ethnic, gender, sexual, and class dimensions that exceed or trouble our contemporary perceptions of such registers within object-subject and subject-object entanglements.
