

Awesome Man Pro

Honoré de Balzac

The Last Lecture Randy Pausch, 2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

Great Thoughts from Master Minds , 1909

Lectures on Great Men Frederic Myers, 1858

I'm Awesome Jason Ellis, Mike Tully, 2012-04-17 Jason Ellis does it all. And he has excelled at everything he sets his mind to: X Games skateboarding, satellite radio, professional mixed martial arts, boxing, moto, truck racing, TV, and movies. Now he shares his jaw-dropping and inspirational life story—from the depths of addiction to the joys and ordeals of radio, fatherhood, and professional fighting—in his uncensored no-holds-barred style. Jason was raised in the suburbs of Melbourne, Australia, and his early years were split between an alcoholic mother—who was only sixteen when he was born—and a father whose violent and unpredictable behavior taught Jason to be hard, tough, and fearless. Before he owned the radio waves, Jason competed for twenty years alongside action-sports legends and friends like Tony Hawk. Jason was known for going bigger and harder than anyone else—both on and off the ramp. His passion to become the best at skateboarding was exceeded only by his all-night partying and relentless pursuit of sex. After surviving a failed marriage and struggling

with a rampant drug problem, all while heading toward the end of his skateboarding career, tragedy struck . . . twice. His father died of a heart attack, and a year later his younger brother died in an accident near the family's vacation home. His brother's death made Jason realize he had had enough. He quit booze and drugs, married his girlfriend, and threw his energy into being a good father. Having squandered his shot at greatness in skateboarding, he resolved to make the most of his second chance in radio. Jason has always been a daredevil, harnessing his unique ability to endure pain to achieve what few others could, first on the skate ramp and now on the airwaves. Using this fierce determination to let nothing stop him from reaching his goals, he became the new voice of action sports in America. His story is raw, and sometimes unbelievable, but it's always true. And it proves, once again, that Jason Ellis is a fighter through and through.

Voice Male Rob A. Okun,2014-01-05 Here is a stunning new book that succeeds in doing nothing less than chronicling the social transformation of masculinity over a three-decade span. Through thematically arranged essays by leading experts, *Voice Male* illustrates how a growing movement of men is redefining masculinity. In this collection, Rob Okun directs a chorus of pro-feminist voices, introducing readers to men examining contemporary manhood from a variety of perspectives: from overcoming violence, fatherhood, and navigating life as a man of color, a gay man, or a boy on the journey to manhood. It also provides a critical forum for both male survivors and LGBTQ men to speak out. This inspired book is evidence of a new direction for men, brightly illuminating what's around the bend on the path to gender justice.
