I'm Awesome Jason Ellis, Mike Tully, 2012-04-17 Jason Ellis does it all. And he has excelled at everything he sets his mind to: X Games skateboarding, satellite radio, professional mixed martial arts, boxing, moto, truck racing, TV, and movies. Now he shares his jaw-dropping and inspirational life story—from the depths of addiction to the joys and ordeals of radio, fatherhood, and professional fighting—in his uncensored no-holds-barred style. Jason was raised in the suburbs of Melbourne, Australia, and his early years were split between an alcoholic mother—who was only sixteen when he was born—and a father whose violent and unpredictable behavior taught Jason to be hard, tough, and fearless. Before he owned the radio waves, Jason competed for twenty years alongside action-sports legends and friends like Tony Hawk. Jason was known for going bigger and harder than anyone else—both on and off the ramp. His passion to become the best at skateboarding was exceeded only by his all-night partying and relentless pursuit of sex. After surviving a failed marriage and struggling with a rampant drug problem, all while heading toward the end of his skateboarding career, tragedy struck . . . twice. His father died of a heart attack, and a year later his younger brother died in an accident near the family's vacation home. His brother's death made Jason realize he had had enough. He quit booze and drugs, married his girlfriend, and threw his energy into being a good father. Having squandered his shot at greatness in skateboarding, he resolved to make the most of his second chance in radio. Jason has always been a daredevil, harnessing his unique ability to endure pain to achieve what few others could, first on the skate ramp and now on the airwaves. Using this fierce determination to let nothing stop him from reaching his goals, he became the new voice of action sports in America. His story is raw, and sometimes unbelievable, but it's always true. And it proves, once again, that Jason Ellis is a fighter through and through.

The G-Man Super Journal: Awesome Origins Chris Giarrusso, 2015-02-17 When Michael G (yes, G is his whole last name, and that's why everyone calls him G-Man) has to keep a journal in Mrs. Rosario's class at school, naturally he writes about his ambition to have superpowers and join the superheroes of his city (like Captain Thunderman) in the fight for justice. After all, his friend Billy Demon just got an awesome winged flying suit and superpowers of his own, and now he's the most popular kid in school! Mikey would just love to have superpowers too, but how will he get them? And if he does get them, what will he do with them? G-Man is funny! Really, really funny! You know how hard it is to make a funny comic? Believe me, plenty hard! I should probably encourage you to buy a copy, but honestly, I don't need the competition. —Jimmy Gownley, author of *Amelia Rules* Giarrusso has a kid-friendly sarcastic wit which will resonate with readers ages 8 and up. —Snow Wildsmith,

School Library Journal G-Man, Chris Giarrusso's awesome all-ages superhero series, is one of the most fun and exciting new properties to come down the pike in ages. —John Hogan, Graphic Novel Reporter

The Awesome Potential of Man David C Pack, 2009-03-10 Perhaps the most important book written in the 21st century, The Awesome Potential of Man reveals the Bible's greatest truth, one hidden from almost everyone. Theologians are unable to explain why man exists. 2,000 years ago Christ came as a newscaster explaining the gospel-the good news-of a coming world-ruling supergovernment. Understand how this involves you. While many have a vague idea that Christians are sons of God, none ever consider when [Christ] shall appear, we shall be like Him (I John 3:2)-or that God shall change our vile body, that it may be fashioned like unto His glorious body (Phil. 3:21). Even King David knew he would awake with [God's] likeness (Psa. 17:15). Comprehend this staggering knowledge! You could one day have the very likeness of Jesus Christ. But this is only the beginning Prepare to be shocked-and inspired!-as David C. Pack answers directly from the Bible the most important questions confronting mankind. Learn why you were born and discover your incredible human potential!

Mankind: God's Most Awesome Creation Lindsey K. Ham Sr., 2019-02-13 I was born with a curious mind ... I am a thinker. I question everything physical and spiritual except for the undeniable existence of God. There is only One Truth and His Name is Jesus Christ in the flesh, The Holy Spirit in your mind representing right, and God, The Almighty, Creator, Father, Who is everywhere at the same time. I have an unquenchable desire to know the deepest Truth about all things spiritual as well as physical. Why am I here? Why are we here? Where are we? What does my existence mean? What are the many reasons for so many different variables in this physical realm and how do they all work together, because it's very obvious that they do. I want you to think critically about what you read. God is indeed real, and He created this universe and everything in it, including all life. Most modern scientists reject the FACT that The Almighty God created this universe, and they are being used by Satan (our sworn spiritual enemy who has already been sentenced by God Almighty to eternal damnation) to confuse physical truths which clearly can ONLY be attributed to God The Creator. The Truth doesn't change just because someone doesn't believe it, so don't be one of the fooled ones. There was no spontaneous big bang, and life does NOT exist by some theoretical, spontaneous, evolutionary, purposeless process. Don't believe the lies; spontaneity cannot have purpose. Mr. Lindsey K. Ham Sr.
