Surfing South Africa Steve Pike,2007 A follow-up to the classic *Surfing in South Africa*, this is a new book, completely revised and updated. Written by Spike (Steve Pike), founder of the cult surfing website Wavescape.co.za, it comprises chapters on history, big waves, spots, culture, travel, oceanography, sharks (including a timeline of shark attacks) and a hilarious 'Surfrican' slang glossary. The book is illustrated with 180 graphics, cartoons and photographs. You will find quirky descriptions of surf spots along almost 3,000 km of coast (watch out for the razor-toothed tortoise), a photo essay of surfing personalities by acclaimed photographer Harry de Zitter, as well as colourful journalism from top writers covering subjects connected to the surfing lifestyle. The full-colour book, which is 110 pages bigger than the previous book, is an indispensable resource. Images come from top South African photographers, such as Barry Tuck, Tom Peschak, Michael Dei-Cont, Andy Mason, Lance Slabbert, Brenton Geach, and Pierre Marqua. The contributors of words added spice to an eclectic mix of culture and science. An original piece by Paul Botha forms the backbone to a much-expanded history chapter. Tom Peschak adds gravitas to issues around sharks and conservation. The brave life of John Whitmore is poignantly remembered by Tony Heard. Ross Frylinck gives gritty insights into the forlorn splendour of the Diamond Coast. Tongue in cheek, Gideon Malherbe uncovers our surfing addiction. Henri du Plessis provides a profile of a committed exponent of that addiction. Tony Weaver eloquently tackles the challenge of sharing the sea with sharks. Ben Trovato romps through issues around surfing evolution and lifeguards in skimpy Speedos.

It's Great to Suck at Something Karen Rinaldi,2019-05-07 Discover how the freedom of sucking at something can help you build resilience, embrace imperfection, and find joy in the pursuit rather than the goal. What if the secret to resilience and joy is the one thing we've been taught to avoid? When was the last time you tried something new? Something that won't make you more productive, make you more money, or check anything off your to-do list? Something you're really, really bad at, but that brought you joy? Odds are, not recently. As a sh*tty surfer and all-around-imperfect human Karen Rinaldi explains in this eye-opening book, we live in a time of aspirational psychoses. We humblebrag about how hard we work and we prioritize productivity over play. Even kids don't play for the sake of playing anymore: they're building blocks to build the ideal college application. But we're all being had. We're told to be the best or nothing at all. We're trapped in an epic and farcical quest for perfection. We judge others on stuff we can't even begin to master, and it's all making us more anxious and depressed than ever. Worse, we're not improving on what really matters. This book provides the antidote. (It's Great to) Suck at Something reveals that the key to a richer, more fulfilling life is finding something to suck at. Drawing on her personal experience sucking at surfing (a sport she's dedicated nearly two decades of her life to doing without ever coming close to getting good at it) along with philosophy, literature, and the latest science, Rinaldi explores sucking as a lost art we must reclaim for our health and our sanity and helps us find the way to our own riotous suck-ability. She draws from sources as diverse as Anthony Bourdain and surfing luminary Jaimal Yogis, Thich Nhat Hanh, and Jean-Paul Sartre, among many others, and explains the marvelous things that happen to our mammalian brains when we try something new, all to discover what she's learned firsthand: it is great to suck at something. Sucking at something rewires our brain in positive ways, helps us cultivate grit, and inspires us to find joy in the process, without obsessing about the destination. Ultimately, it gives you freedom: the freedom to suck without caring is revelatory. Coupling honest, hilarious storytelling with unexpected insights, (It's Great to) Suck at Something is an invitation to embrace our shortcomings as the very best of who we are and to open ourselves up to adventure, where we may not find what we thought we were looking for, but something way more important.

Barbarian Days William Finnegan,2016-04-26 **Winner of the 2016 Pulitzer Prize for Autobiography** Included in President Obama's 2016 Summer Reading List "Without a doubt, the finest surf book I've ever read . . . " —The New York Times Magazine *Barbarian Days* is William Finnegan's memoir of an obsession, a complex enchantment. Surfing only looks like a sport. To initiates, it is something else: a beautiful addiction, a demanding

course of study, a morally dangerous pastime, a way of life. Raised in California and Hawaii, Finnegan started surfing as a child. He has chased waves all over the world, wandering for years through the South Pacific, Australia, Asia, Africa. A bookish boy, and then an excessively adventurous young man, he went on to become a distinguished writer and war reporter. *Barbarian Days* takes us deep into unfamiliar worlds, some of them right under our noses—off the coasts of New York and San Francisco. It immerses the reader in the edgy camaraderie of close male friendships forged in challenging waves. Finnegan shares stories of life in a whites-only gang in a tough school in Honolulu. He shows us a world turned upside down for kids and adults alike by the social upheavals of the 1960s. He details the intricacies of famous waves and his own apprenticeships to them. Youthful folly—he drops LSD while riding huge Honolua Bay, on Maui—is served up with rueful humor. As Finnegan’s travels take him ever farther afield, he discovers the picturesque simplicity of a Samoan fishing village, dissects the sexual politics of Tongan interactions with Americans and Japanese, and navigates the Indonesian black market while nearly succumbing to malaria. Throughout, he surfs, carrying readers with him on rides of harrowing, unprecedented lucidity. *Barbarian Days* is an old-school adventure story, an intellectual autobiography, a social history, a literary road movie, and an extraordinary exploration of the gradual mastering of an exacting, little-understood art.

The World in the Curl Peter J. Westwick, Peter Neushul, 2013-07-23 Draws on decades of experience and the popular team-taught courses at the University of California at Santa Barbara to trace the cultural, political, economic and environmental aspects of surfing while evaluating the diverse range of influences that have rendered the sport a billion-dollar worldwide industry.

Surf Shacks Matt Titone, Indoek, 2017 Many abodes can fall under the label of surf shack: New York City apartments, cabins nestled next to national parks, or tiny Hawaiian huts. Surfing communities are overflowing with creativity, innovation, and rich personas. *Surf Shacks* takes a deeper look at surfers' homes and artistic habits. Glimpses of record collections, strolls through backyard gardens, or a peek into a painter's studio provide insight into surfers' lives both on and off shore. From the remote Hawaiian nook of filmmaker Jess Bianchi to the woodsy Japanese paradise that the former CEO of Surfrider Foundation in Japan, Hiromi Masubara, calls home to the converted bus that Ryan Lovelace claims as his domicile and his transport, every space has a unique tale. The moments that these vibrant personalities spend away from the swell and the froth are both captivating and nuanced.
