AiREAS: Sustainocracy for a Healthy City Jean-Paul Close, 2016-02-10 This book describes the coming about and first results of the AiREAS healthy city cooperative in the city of Eindhoven and Province of North Brabant in the Netherlands. AiREAS is an initiative focused on the multidisciplinary co-creation of healthy cities using the core human value of human health and air quality as guiding principle for profound regional innovation. The unique group process that followed uses the complexity of the city of Eindhoven as living lab. It is an anthropology based initiative that invites directly to the same table of core innovative responsibility the local government, innovative business partners, scientific insights and research, and civilian participation. The first phase is described here in which the consortium decided to want to make the invisible of air pollution and human exposure visible for the integral innovative participation of all city's core pillars (policy, education, infrastructure, culture and entrepreneurship). The experience is unique in the world and proceeding now with more phases in Eindhoven and the role out of the same working format in other cities. This Brief is made available to inspire the world to address together the most complex issues of our current era: pollution, climate and core human values.

Analyse und Potenziale der Digitalisierung und Standardisierung für das strategische Management in Kommunalverwaltungen Kai Petersen, 2023-06-07 Die Herausforderungen der Kommunen und die Notwendigkeit eines strategischen Managements werden beschrieben. Der Einfluss von Nachhaltigkeitskonzepten wie der Agenda 2030 mit ihren SDGs sowie der erweiterten Perspektiven der Digitalisierung auf standardisierte Informationsbeschaffung, datenbasierte Steuerung und die Kommunikation der Akteure werden dargestellt und skizzieren den Forschungsstand. Es existierten jedoch Forschungslücken. Einerseits ist ein empirisches Defizit hinsichtlich der genutzten Konzepte, der Daten- und Informationsquellen und der Systeme in den einzelnen Phasen des strategischen Managements zu verzeichnen, andererseits fehlen Grundlagendaten über die Verknüpfung eines zielorientierten strategischen Managements mit der Agenda 2030 als bedeutendem Nachhaltigkeitskonzept. Möglichkeiten der Standardisierung und Digitalisierung für den strategischen Managementprozess in Kommunen stehen bisher nicht im Fokus der wissenschaftlichen Betrachtung. Letztlich besteht eine empirische Lücke in Bezug auf die eingeschätzten Potenziale digitaler Informations- und Steuerungssysteme für die Wirtschaftlichkeit und das Zusammenwirken der verschiedenen Akteure. Ziel dieser Dissertation ist es, die Auswirkungen der Digitalisierung und Standardisierung auf die strategische Steuerung von Kommunen zu analysieren, zu bewerten und Gestaltungspotentiale zu beschreiben.

Citizens in the Graeco-Roman World , 2017-09-18 The twelve studies contained in this volume discuss some key-aspects of citizenship from its emergence in Archaic Greece until the Roman period before AD 212, when Roman citizenship was extended to all the free inhabitants of the Empire. The book explores the processes of formation and re-formation of citizen bodies, the integration of foreigners, the question of multiple-citizenship holders and the political and philosophical thought on ancient citizenship. The aim is that of offering a multidisciplinary approach to the subject, ranging from literature to history and philosophy, as well as encouraging the reader to integrate the traditional institutional and legalistic approach to citizenship with a broader perspective, which encompasses aspects such as identity formation, performative aspect and discourse of citizenship.

Marketing B2B André Vilares Morgado, 2023-06-22 O actual contexto económico criou um forte incentivo para baixar custos. Os clientes estão cada vez mais hábeis a gerir o processo de compra em mercados B2B: pressionam as equipas de vendas e no momento seguinte exigem um desconto. Os vendedores que respondem com discursos vazios não conseguem lutar contra a inevitabilidade de vender o mesmo a um preço mais baixo. Os fornecedores que angariam dados tangíveis do valor económico que entregam aos seus clientes conseguem escapar da armadilha que implica discutir preço em ambientes fortemente competitivos. Neste livro vamos aprender a fugir das armadilhas associadas à

discussão do preço e iremos trabalhar para implementar uma nova filosofia de Marketing B2B que permite documentar e demonstrar o benefício entregue aos clientes. Esta abordagem permite dotar as empresas com uma vantagem competitiva efectiva e sustentável, que aumenta receitas e garante margem. Este processo de mudança procura, assim, assegurar a conversão de empresas que transaccionam bens indiferenciados em fornecedores de valor económico para os seus clientes. A venda com base em valor económico tem sido adoptada com sucesso por muitas empresas de referência. Os resultados obtidos sugerem um conjunto de boas práticas que podem ser implementadas com sucesso em empresas que procuram activamente incrementar receitas provenientes dos seus clientes.

Shadow Knights: Knights of the Realm, Book 2 Jennifer Anne Davis, 2019-12-10 As a member of the Knights of the Realm, Reid swore an oath to protect her king only to discover he harbors a traitorous agenda. Being a woman raised in a man's world, Reid thought becoming a Knight would give her purpose and strength. So far, it has done nothing but give her trouble. The king ordered her to spy on the Axian royal family while she prepares for her marriage—a marriage neither she nor Prince Dexter wants. Once in Axian, Reid realizes she's being used as a pawn in a decades-old political match. With the king and Knights seemingly at odds, Reid's allegiances are torn, especially when she finds friendship in the unlikeliest of places. As the kingdom of Marsden teeters on the brink of civil war, Reid must decide whose side she's on—even if that means betraying her king in order to save the kingdom.

The Bible and the Gun Joseph Tse-Hei Lee, 2014-02-04 This book takes a new look at the impacts of Christianity in the late-nineteenth-century China. Using American Baptist and English Presbyterian examples in Guangdong province, it examines the scale of Chinese conversions, the creation of Christian villages, and the power relations between Christians and non-Christians, and between different Christian denominations. This book is based on a very comprehensive foundation of data. By supplementing the Protestant missionary and Chinese archival materials with fieldwork data that were collected in several Christian villages, this study not only highlights the inner dynamics of Chinese Christianity but also explores a variety of crisis management strategies employed by missionaries, Christian converts, foreign diplomats and Chinese officials in local politics.
