Making the American Mouth Alyssa

Picard,2009-04-21 Why are Americans so uniquely obsessed with teeth? Brilliantly white, straight teeth? Making the American Mouth is at once a history of United States dentistry and a study of a billion-dollar industry. Alyssa Picard chronicles the forces that limited Americans' access to dental care in the early twentieth century and the ways dentists worked to expand that access--and improve the public image of their

profession. Comprehensive in scope, this work describes how dentists' early public health commitments withered under the strain of fights over fluoride, mid-century social movements for racial and gender equity, and pressure to insure dental costs. It explains how dentists came to promote cosmetic services, and why Americans were so eager to purchase them. As we move into the twentyfirst century, dentists' success in shaping their industry means that for many, the perfect American smile will remain a distant--though tantalizing--dream.

Save A Smile, Save A Life: How Complete Health Dentistry is Revolutionizing America Maya Bachour, 2020-01-28 I had a wonderful experience with Dr. Maya and her staff. After my initial evaluation, I was surprised to learn I had a gum infection and needed a filling! Dr. Maya and the two dental assistants saved me a great deal of pain by diagnosing my infection early, and I couldn't be more thankful. -- Aaron B. It was when I visited Dr. Maya for a regular cleaning that I was told I may be suffering from a thyroid problem and I needed to have it checked out immediately. Her suspicions were correct and I was able to be both diagnosed and treated before the issue got out of hand. I can't thank Loudoun Smile Center enough for always going a step above to ensure their patients are in good health. -- Brenda S. I can't say enough good things about Loudoun Smile Center--Dr. Maya and her entire staff are amazing. They do an incredible job with my neurotypical daughters and my son with autism, and look beyond the scope of dental care to ensure their overall

health is in good shape. I'm blessed to have found such a caring and professional office.-- Sophia F.
