Maryanne O'Hara

**Little Matches** Maryanne O'Hara, 2021-04-20 "Gripping and true in all ways. This fine, affecting memoir will stay with me for a very long time."—Meg Wolitzer, author of *The Female Persuasion* "In this vividly written memoir novelist O'Hara shares a painful but ultimately beautiful account of her daughter Caitlin's life with cystic fibrosis. . . . Her compelling story will resonate with anyone seeking a light in the darkest depths of grief."—Library Journal In the vein of *The Year of Magical Thinking* and *Beautiful Boy*, an emotionally raw and inspiring memoir that illuminates a mother's grief over the loss of her adult child and considers the hope of soulful connections that transcend the boundary of life and death. When their only child was diagnosed with cystic fibrosis (CF) at the age of two, Maryanne O'Hara and her husband were told that Caitlin could live a long life or be dead in a matter of months. Thirty-one years later, Caitlin lost her battle with this devastating disease following an excruciating two-year wait on the transplant list and a last-minute race to locate a pair of healthy lungs. The sudden spiral of events left Maryanne in an existential crisis, searching to find an answer to the eternal question: Why we are here? During her final years, Caitlin had become a source of wisdom and comfort for her mother—the partner with whom she shared a deep spiritual quest to understand what it meant to have a soul. After Caitlin's passing, Maryanne began to notice signs—poignant, persistent synchronicities that seemed to lean toward proof of Caitlin's enduring presence. Weaving together a series of interconnected meditations with illuminating glimpses of life rendered via text messages, e-mails, and journal entries, *Little Matches* is a profound reflection on life and death, motherhood, the pain of chronic uncertainty, and finding inspiration in the unexpected sparks that light our way through the darkness.

**Navigate the Strait** Bradford G. Smith, 2020-12-23 A dying father's testimony to his children about faith, covenants, and eternal life. *Navigate the Strait* is an insightful look at one man's journey through an active life of teaching in The Church of Jesus Christ of Latter-day Saints, which is ending in the slow, downward spiral of ALS, also known as Lou Gehrig's Disease. Yet his happy, sustaining faith and his love for his "all caring" Tiffany and their three children, Lincoln, Edison, and Abigail, drive his passion to finish this book. He wants his family and friends to KNOW him better after the disease will likely take his life. This book is a must for anyone who wants to teach, understand, or gain the strength to live the gospel of Jesus Christ.. You will find in it stories, ideas, and teaching examples that express the doctrine of Christ in simple ideas that make life better I'm just a normal guy with a testimony of Jesus Christ. Then I got ALS. Bummer. ALS is taking away everything that I am good at: speaking, typing, fixing things, hugging my wife and children. I am writing this book with one finger on a mouse or with my eyes controlling my iPhone. On the bright side, I finally have something in common with Stephen Hawking. Now that my disease has reduced my life to complete dependence on others, what am I worth? Well... I am still a good teacher. I love my Savior. I love the restored gospel of Jesus Christ. I look at the gospel in a nonlinear fashion, thinking critically about how gospel teachings connect to one another and to our personal struggles. If all truth is circumscribed into one whole, we need to think deeply, and sometimes creatively, about how the gospel connects to us and to others. Since ALS will take my life, I will likely not be around to teach these ideas to my kids in the moment they need a lesson. I pray that this little book of "Dad's testimony" will help my children and grandchildren as they grow and need answers to their questions. If you happen to read it, and if it helps you on your journey, that's great too. When we meet, let me know what you liked. Most of my writings are about The Church of Jesus Christ of Latter-day Saints. While I present many ideas within the framework of church doctrine and culture, I hope that anyone can learn something useful from what I have learned. I am no scriptorian. I have never taught religion at BYU. I don't know the location of the Ark, the lost tribes of Israel, the Book of Mormon cities, or Nikola Tesla's death ray. These ideas are my own, based on my prayerful study of doctrine and scriptures. But don't just take my word, go to the source and see for yourself! If anything in this book conflicts with living prophet, then I am wrong. Stick with the prophet. I do know that Jesus Christ is the Savior and Redeemer of all mankind. I know that he loves you and me—even when life gets hard. If you have never looked into The Church of Jesus Christ of Latter-day Saints, I encourage you to visit [ComeUntoChrist.org](http://ComeUntoChrist.org) to learn the basics. You can ask questions and even invite missionaries to visit your house and share a message with your family. You will discover that the kingdom of God has been restored to the earth in The Church of Jesus Christ of Latter-day Saints. You will hear about a living prophet of Christ on the earth who speaks with authority like Moses, Elijah or Peter. And you will learn more about Jesus Christ in the Book of Mormon as a companion to the Bible. That is what we mean when we say "it's true." This book is my attempt to dive deeper into those simple truths. It is organized by topic, so feel free to jump around—and to jump out to the scriptures. I hope this book makes you happy.

**An Inside Look at Trading in Today's Markets (Collection)** Mike Bellafiore, Robert I. Webb, Alexander R. Webb, 2013-07-15 A brand new collection of knowledge about today's radically new market dynamics... 2 indispensable traders' guides, now in a convenient e-format, at a great price! 2 indispensable books deliver profound insights

into today's markets – and translate deep knowledge into outsized profits! Today's markets are radically different – and you can't profit unless you understand how they've changed. Now, two breakthrough books give you powerful market insights you won't find anywhere else – insights honed to reflect new realities, and deliver massive new profits. First, in *The Playbook*, Mike Bellafiore offers a complete course in becoming a truly great trader, whether you want to trade on your own or for someone else's firm. Using the same high-intensity "boot camp" approach he uses to teach his own firm's new traders, Bellafiore walks through actual trades, explains what the traders were trying to do, and offering brutally tough expert critiques. Trade by trade, he reveals how professional traders must think in order to succeed "under fire," how they assess their own performance, and how they work relentlessly to improve. Using concrete, actionable setups drawn from his extensive experience, he illuminates support plays, bull-and-bear flags, opening drives, important intraday levels, bounce and fade trades, pullbacks, scalps, technical opportunities, consolidation, relative strength, market trades, and more. He also presents indispensable insights on psychology and trader development, based on his work with hundreds of traders on a major commodity exchange and an elite prop firm's trading desk. Then, in *Shock Markets*, Robert I. Webb and Alexander Webb show you exactly how to transform crises into profits. They offer meticulous breakdowns of recent crises, revealing how these events impacted both individual stocks and overall markets, and helping you create detailed game plans for profiting from future shocks. They answer crucial questions like: What moves stock prices? What moves the overall market? How can you profit from catalysts that precipitate sudden sharp stock price movements? From regulatory decisions to macroeconomic reports, seemingly remote factors can have a huge, sudden impact on stocks. *Shock Markets* illuminates these catalysts, and demonstrates their shifting behavior during fads, fashions, bubbles, crashes, and market crises. The focus is completely practical: helping savvy traders uncover profit where others find only peril. From expert traders and trading instructors Mike Bellafiore, Robert I. Webb, and Alexander R. Webb

Disconnect Tero Karppi, 2018-10-16 An urgent examination of the threat posed to social media by user disconnection, and the measures websites will take to prevent it No matter how pervasive and powerful social media

websites become, users always have the option of disconnecting—right? Not exactly, as Tero Karppi reveals in this disquieting book. Pointing out that platforms like Facebook see disconnection as an existential threat—and have undertaken wide-ranging efforts to eliminate it—Karppi argues that users’ ability to control their digital lives is gradually dissipating. Taking a nonhumancentric approach, Karppi explores how modern social media platforms produce and position users within a system of coded relations and mechanisms of power. For Facebook, disconnection is an intense affective force. It is a problem of how to keep users engaged with the platform, but also one of keeping value, attention, and desires within the system. Karppi uses Facebook’s financial documents as a map to navigate how the platform sees its users. Facebook’s plans to connect the entire globe through satellites and drones illustrates the material webs woven to keep us connected. Karppi analyzes how Facebook’s interface limits the opportunity to opt-out—even continuing to engage users after their physical death. Showing how users have fought to take back their digital lives, Karppi chronicles responses like Web2.0 Suicide Machine, an art project dedicated to committing digital suicide. For Karppi, understanding social media connectivity comes from unbinding the bonds that stop people from leaving these platforms. Disconnection brings us to the limit of user policies, algorithmic control, and platform politics. Ultimately, Karppi’s focus on the difficulty of disconnection, rather than the ease of connection, reveals how social media has come to dominate human relations.
