Aural Education Monika Andrianopoulou, 2019-10-16 Aural Education: Reconceptualising Ear Training in Higher Music Learning explores the practice of musical 'aural training' from historical, pedagogical, psychological, musicological, and cultural perspectives, and uses these to draw implications for its pedagogy, particularly within the context of higher music education. The multi-perspective approach adopted by the author affords a broader and deeper understanding of this branch of music education, and of how humans relate to music more generally. The book extracts and examines one by one different parameters that appear central to 'aural training', proceeding in a gradual and well-organised way, while at the same time constantly highlighting the multiple interconnections and organic unity of the many different operations that take place when we interact with music through any music-related activity. The resulting complex profile of the nature of our relationship with music, combined with an exploration of non-Western cultural perspectives, offer fresh insights on issues relating to musical 'aural training'. Emerging implications are proposed in the form of broad pedagogical principles, applicable in a variety of different music educational settings. Andrianopoulou propounds a holistic alternative to 'aural training', which acknowledges the richness of our relationship to music and is rooted in absorbed aural experience. The book is a key contribution to the existing literature on aural education, designed with researchers and educators in mind.

Kiribati International Monetary Fund. Asia and Pacific Dept, 2014-05-27 KEY ISSUES Kiribati's key economic challenges are to reduce large structural fiscal imbalances and increase growth and employment opportunities, while facing obstacles posed by remoteness, lack of scale, vulnerabilities to external shocks and climate change. The significant fiscal consolidation envisaged by the authorities will help stabilize Kiribati's sovereign wealth fund (the Revenue Equalization Reserve Fund, or RERF) in real per capita terms. This stabilization effort would also require that fishing license fees remain close to recent exceptionally high levels, with windfall incomes relative to the conservative budgeted baseline saved. In the event of weaker fishing license fee revenues, a more ambitious adjustment in the non-fishing budget would be needed. The small private sector share in the economy due to remoteness and weaknesses in business climate constrains growth and puts strain on public finances. Continuing

the fiscal and structural reform program is essential. Climate change brings additional risks and fiscal costs. Main Recommendations: • Continue fiscal reforms designed to deliver fiscal consolidation and improved public financial management. Seek to maintain fishing license fees above the current conservative budget baseline, with windfalls saved to strengthen RERF balances. If fishing license fee windfalls cannot be sustained, explore other options to further strengthen fiscal balances. • Continue reforms of state-owned enterprises (SOEs). • Facilitate growth through improving the business climate and infrastructure, including through streamlining government services.

Guinea-Bissau: 2006 Article IV Consultation Review of Developments Under the 2005 Staff-Monitored Program and New Staff-Monitored Program for 2006 Staff Report; Public Information Notice on the Executive Board Discussion; and Statement by the Executive Director for Guinea-Bissau International Monetary Fund,2006-08-21 Despite abundant natural resources and arable land, Guinea-Bissau is ranked at the lowest end of the UN human development index, mainly because of the civil war of 1998–99 and the ensuing prolonged political instability and serious governance deficiencies thereafter. Since mid-2004, Guinea-Bissau has made a major effort to address the political and economic problems of recent years. The fiscal balance improved, but cash flow problems persisted throughout 2005. Higher imports and strengthened tax and customs administration helped buoy tax revenue.
