Australian Women's Weekly Children's Birthday Cake Book Australian Women's Weekly, Pamela Clark, 2011 Australia's most famous children's cake book - reprinted in a collector's edition. The Australian Women's Weekly's Children's Birthday Cake Book was first published in 1980 and has sold more than half a million copies. In response to all the requests we have had, often from mothers who remember fondly all the cakes from their own childhood, we have taken this book from our archives and reprinted it 30 years after it first appeared. We have had to make a minor change - four of your little friends are missing, but they've been replaced by other cakes you'll love just as much. Apart from that we've left it just as it was - a true collectors' cookbook especially for you. Now you can recreate your favourite cakes - the swimming pool, rocket and that train from the cover for your own child.

Storytelling in Early Childhood Teresa Cremin, Rosie Flewitt, Ben Mardell, Joan Swann, 2016-12-08 Storytelling in Early Childhood is a captivating book which explores the multiple dimensions of storytelling and story acting and shows how they enrich language and literacy learning in the early years. Foregrounding the power of children's own stories in the early and primary years, it provides evidence that storytelling and story acting, a pedagogic approach first developed by Vivian Gussin Paley, affords rich opportunities to foster learning within a play-based and language-rich curriculum. The book explores a number of themes and topics, including: the role of imaginary play and its dynamic relationship to narrative; how socially situated symbolic actions enrich the emotional, cognitive and social development of children; how the interrelated practices of storytelling and

dramatisation enhance language and literacy learning, and contribute to an inclusive classroom culture; the challenges practitioners face in aligning their understanding of child literacy and learning with a narrow, mandated curriculum which focuses on measurable outcomes. Driven by an international approach and based on new empirical studies, this volume further advances the field, offering new theoretical and practical analyses of storytelling and story acting from complementary disciplinary perspectives. This book is a potent and engaging read for anyone intrigued by Paley's storytelling and story acting curriculum, as well as those practitioners and students with a vested interest in early years literacy and language learning. With contributions from Vivian Gussin Paley, Patricia 'Patsy' Cooper, Dorothy Faulkner, Natalia Kucirkova, Gillian Dowley McNamee and Ageliki Nicolopoulou.

Everyone Can Bake Dominique Ansel, 2020-04-14 Named one of the best cookbooks of the season by The New York Times, Chowhound, Eater, Food & Wine, Forbes, and more. Acclaimed pastry chef Dominique Ansel shares his simple, foolproof recipes for tarts, cakes, jams, buttercreams, and more "building blocks" of desserts for home cooks to master and mix as they please. Dominique Ansel is the creator of beautiful, innovative, and delicious desserts, from the Frozen S'More to the Cronut®, the croissant-doughnut hybrid that took the world by storm. He has been called the world's best pastry chef. But this wasn't always the case. Raised in a large, working-class family in rural France, Ansel could not afford college and instead began work as a baker's apprentice at age sixteen. There, he learned the basics—how to make tender chocolate cakes, silky custards, buttery shortbread, and more. Ansel shares these essential, go-to recipes for the first time. With easy-to-follow instructions and kitchen tips, home cooks can master the building-blocks of desserts. These crucial components can be mixed in a variety of ways, and Ansel will show you how: his vanilla tart shell can be rolled out and stamped into cookies; shaped and filled with lemon curd; or even crumbled into a topping for ice cream. This cookbook will inspire beginners and experienced home cooks alike to bake as imaginatively as Ansel himself.
