*A Story of YOU* Punita Rice, Happy Mom Guide, 2019-07-14 The story of A Story of YOU baby book When mom of two Punita Rice (writer of South Asian American Experiences in Schools, Toddler Weaning, and 100 Days of Gratitude) was filling in a page of her younger son's baby book one day, she thought she was going to lose her mind. Because what she wanted was to jot down some notes about what her son liked and disliked at age 1... but the baby book had no room allocated for such matters. Instead, she flipped through ridiculous pages with teeth diagrams and doctor visit records (Because when her son is an adult, maybe a new parent, reading through the baby book his own mom painstakingly made for him, THAT'S what he's going to want to read about in his baby book... Exact

dates each tooth emerged, and immunization records. WHAT!?)...and she had to squeeze notes about his favorite books and songs in next to spots designated for descriptions of his dentist's office. (WHAT EVEN ARE THESE BABY BOOK QUESTIONS!?) She decided there has to be a better way. A baby book should not be full of nonsense. Instead, a baby book should just focus on the things that matter in the story of your baby (until they're not a baby anymore... We'll say that's at 13, AND NOT AT AGE 5 THANKYOUVERYMUCH, OLD BABY BOOKS!). A baby book should be a place to record the important stuff from birth until at least 13. And it should be a place to record the memories, celebrations, and firsts (that can be recorded in an intuitive, chronological order) that matter, without a bunch of clutter. A Story of YOU - A Simple Baby Book of the Important Stuff from Birth to Age 13

A Story of YOU is the best baby book for new parents. It's simple, and focuses on helping you keep track of the most important stuff from birth to age 13 (when your baby becomes a teen!). Why A Story of YOU is a new kind of baby book Unlike most baby books that include a ton of confusing and unnecessary pages and prompts, this simple baby book gives you what matters: space for recording

your baby's important milestones and favorite things and celebrations and firsts... Without a bunch of filler. This baby book was designed thoughtfully by a teacher and mom of two. She filled out two different kinds of popular baby books for her kids and through both processes thought, WHAT EVEN ARE THESE QUESTIONS AND PAGES!?, before designing what she thinks a baby book should be. And truth be told, even this baby book might not have exactly what every mom or dad is looking for (it's not pizza, it can't please everyone), BUT it comes pretty close. What's Inside Here are some of the kinds of pages in the world's greatest baby book... First days at home with the baby Memories from the first few weeks Two page spreads for each month of the first year, with room for a picture, and likes/dislikes Fun about spreads (to record memories and firsts and information about your child) for EACH year from age 1 to age 13 Birthday celebration pages for every year with a space for a photo And a page for you to write your child a letter each year Why you should buy this baby book... Seriously, there's no other baby book out there like this. (I know, I looked.) The perfect baby book for second time parents (first time parents too, definitely, but they might not appreciate just how

much better this is, without having suffered through regular baby books first!). Some of that was a little tongue in cheek but for real: Get this baby book for every expecting mom or dad you know. You're welcome.

**The Baby Diaries** Tess Daly, 2012-04-24 If there's one thing that puts us all on a level playing field it's becoming a mum for the first time, everything else - work, sleep, sanity - goes out of the window. When I was handed our first daughter, Phoebe, I was terrified. This tiny bundle seemed so small and helpless and it was down to me and Vernon to take care of her every need when between us we couldn't change a nappy. This book is the story of my journey into motherhood. From the shock and excitement of the positive pregnancy test to trying to look 'stylish' when I couldn't even see my feet, the overwhelming emotion of having our beautiful baby and the horror to come of not sleeping properly for over three years. And then deciding to do it all over again! I do hope that by sharing my story you will have a better idea of what to expect, pick up a few tips and gain a little reassurance that even if the journey is rocky at times (as ours was!) we all become brilliant mums...eventually.
