Monta Z. Briant

Disney Baby: On the Move! Music Player Maggie Fischer, 2020-07-28 Put the discs into the attached music player, and dance through the day with Disney Baby! Make your way through the day with your favorite Disney Baby characters. Eating, playing, or snoozing—no matter what they do, they're just like you! Original music accompanies each part of a baby's day, and sound effects enhance the reading experience as the Disney babies have a busy day on the move!

**First Phone** Catherine Pearlman, PhD, LCSW, 2022-07-26 A fun and informative illustrated kids' guide to safely and productively navigating the digital landscape. Cellphones have become a fact of life, with children as young as eight (yes, eight!) getting their very own "devices." Such boundless access means our kids are in nearly constant contact with technology that was designed specifically for adults. And they're doing so without any type of road map. Enter First Phone: the essential book that apprehensive parents can confidently hand to their kids to read as they begin their journey into the digital world. In First Phone, Catherine Pearlman—licensed clinical social worker and parenting expert—speaks directly to eight- to twelve-year-old children about digital safety in a manner that is playful, engaging, and age-appropriate. With insights and strategies supported by the latest research, First Phone offers: • guidance on privacy, boundaries, social media, and even sexting (yes, young children need to learn about sexting before it happens!) • best digital hygiene and self-care practices, including when to put the darn phone down, when to turn off notifications, and where to charge • how to be a kind and compassionate upstander in a digital world An essential companion when your child receives their first phone, this book provides kids the tools and information they need while giving their parents peace of mind.

*7 Secrets of the Newborn* Robert C. Hamilton M.D., Sally Collings, 2018-09-04 From the pediatrician who became an Internet sensation with the "Hamilton Hold" in a YouTube video about how to calm a crying baby, comes a one-of-a-kind resource to guide you through the earliest moments of your child's life—and help you to parent with common sense and confidence. Robert C. Hamilton, M.D., has spent more than three decades caring for newborns. In his practice, Dr. Bob has seen it all—what works, what doesn't. How can you get your baby to nurse, sleep, and maybe even cease crying? What strategies can help you connect and communicate with your infant? What important decisions will you make during the first year for your child, yourself, and your partner? Here, Dr. Bob shares his clear, sensible, warm advice—as well as all the latest scientific data and research—on how to: • Offer comfort to a crying newborn using the "Hold" • Gently teach your baby how to sleep (and get some sleep yourself) • Establish healthy patterns • Breastfeed, formula-feed, or bottle-feed using either • Play! • Manage screen time in your home • And more to help you navigate the unforgettable first year of your child's life.

Mayo Clinic Guide to Your Baby's First Years Walter J. Cook, Kelsey M. Klaas, 2020-07-14 Research-based guidance on caring for little ones from the Mayo Clinic, #1 on US News & World Report's 2020-2021 Best Hospitals Honor Roll. Mayo Clinic Guide to Your Baby's First Years is a trusted and essential resource for new and experienced parents alike. In this fully reviewed and updated second edition, you'll find practical guidance on caring for the new little one in your family; from birth to age three. Inside you'll find: • Evidence-based advice on giving your baby the best nutrition and introducing your toddler to solids • Tips for forming healthy sleep habits • Strategies for dealing with fussiness and tantrums • Advice on establishing a secure bond with your child • Guidance on traveling, safety, pumping, and other concerns • Monthly updates on your child's growth and development

**How to Break Up with Your Phone** Catherine Price, 2018-02-13 Packed with tested strategies and practical tips, this book is the essential, life-changing guide for everyone who owns a smartphone. Is your phone the first thing you reach for in the morning and the last thing you touch before bed? Do you frequently pick it up "just to check," only to look up forty-five minutes later wondering where the time has gone? Do you say you want to

spend less time on your phone—but have no idea how to do so without giving it up completely? If so, this book is your solution. Award-winning journalist Catherine Price presents a practical, hands-on plan to break up—and then make up—with your phone. The goal? A long-term relationship that actually feels good. You'll discover how phones and apps are designed to be addictive, and learn how the time we spend on them damages our abilities to focus, think deeply, and form new memories. You'll then make customized changes to your settings, apps, environment, and mindset that will ultimately enable you to take back control of your life.

**Teach Your Baby to Sign, Revised and Updated 2nd Edition** Monica Beyer, 2015-09-15 Better communication is right around the corner with Teach Your Baby to Sign. You may feel like you can't possibly be any closer with your young child, but the truth is, you can—through sign language. The gift of signing helps children communicate well before they have the verbal ability to do so. Whether you have a young child who hasn't started talking yet, or a child with special needs, signing can open the door to better understanding and connection. In this revised and updated edition of the original Teach Your Baby to Sign, you'll find more than 200 easy-to-learn signs—all beautifully illustrated!—that you and your child can use to enhance your communication and understand more fully what your little one wants and needs. From more, please, and help, to diaper, drink, and go, you'll see just how useful it is to truly understand what your child needs, instead of just guessing. Parenting expert Monica Beyer provides you with 30 new pages of content, including new signs, photographs, and illustrations, as well as an improved layout (popular signs and opposites, such as on/off, listed first in each chapter). You'll find it easy to navigate and begin signing right away. On top of that, you'll find tips and activities to keep you and your child motivated, so that sign language becomes a welcome part of your daily life!

**The Oxford Handbook of Mobile Music Studies, Volume 1** Sumanth Gopinath, Jason Stanyek, 2014-03 The two volumes of The Oxford Handbook of Mobile Music Studies consolidate an area of scholarly inquiry that addresses how mechanical, electrical, and digital technologies and their corresponding economies of scale have rendered music and sound increasingly mobile-portable, fungible, and ubiquitous. At once a marketing term, a common mode of everyday-life performance, and an instigator of experimental aesthetics, mobile music opens up a space for studying the momentous transformations in the production, distribution, consumption, and experience of music and sound that took place between the late nineteenth and the early twenty-first centuries. Taken together, the two volumes cover a large swath of the world—the US, the UK, Japan, Brazil, Germany, Turkey, Mexico, France, China, Jamaica, Iraq, the Philippines, India, Sweden—and a similarly broad array of the musical and nonmusical sounds suffusing the soundscapes of mobility. Volume 1 provides an introduction to the study of mobile music through the examination of its devices, markets, and theories. Conceptualizing a long history of mobile music extending from the late nineteenth century to the present, the volume focuses on the conjunction of human mobility and forms of sound production and reproduction. The volume's chapters investigate the MP3, copyright law and digital downloading, music and cloud computing, the iPod, the transistor radio, the automated call center, sound and text messaging, the mobile phone, the militarization of iPod usage, the cochlear implant, the portable sound recorder, listening practices of schoolchildren and teenagers, the ringtone, mobile music in the urban soundscape, the boombox, mobile music marketing in Mexico and Brazil, music piracy in India, and online radio in Japan and the US.

**Kids Make Music Series: Babies Make Music!** Lynn Kleiner, This wonderful book allows Moms and Dads to help develop musical skills while spending special time with their babies! Lynn Kleiner, master educator, has written over 30 songs and activities that are fun and easy to do at home or in a learning center classroom environment.

**The Wonder Weeks** Frans X. Plooij, Hetty van de Rijt, Xaviera Plas, 2017-09-05 This is not a book about how to make your child into a genius, however. We firmly believe that every child is unique and intelligent in his own way. It is a book on how to understand and cope with your baby when

he is difficult and how to enjoy him most as he grows. It is about the joys and sorrows of growing with your baby.--Publisher's website.

**The Baby Sleep Plan** Rebecca Michi,2020-04-28 A supportive, sustainable baby sleep plan for sleep-deprived parents If there's one thing every parent knows—it's that you can't talk your baby into falling asleep. The Baby Sleep Plan is a confident approach to teaching your child the skills to not only get themselves to sleep but stay asleep throughout the night. The Baby Sleep Plan gives you the lowdown on transitioning to sleep training, such as phasing out naps and pulling back on nighttime feedings. Proven strategies for baby sleep training, like the 3-night Cry-It-Out Method and soothing Michi Method, will teach your child to fall asleep independently, and proven techniques will help you create a comforting nighttime routine for your baby that fits into your schedule. The Baby Sleep Plan includes: From A to Zzzz—Exercises, meditations, journal prompts, and real-life stories will help you navigate your baby's sleep needs, decide when to get started, manage bumps in the road, and more. Self-care for sleep trainers—Check in with yourself daily using self-care ideas, perfect for whenever you need a small break from your little one, including insight on topics like postpartum depression, setting boundaries, and different parenting styles. Sustained slumber—Keep your child sleeping soundly with baby sleep tips and tricks for training on-the-go, how to adapt a plan for your growing baby, solutions for siblings who have sleepless nights, and more. With the tips and tricks in The Baby Sleep Plan, you can say goodbye to sleepless nights and hello to a happy and healthy independent sleeper.

**Baby Sign Language Basics** Monta Z. Briant,2018-06-26 Now includes streaming video, additional tips, advice, and updated resources! Since 2004, Baby Sign Language Basics has introduced hundreds of thousands of parents and caregivers around the globe to the miracle of signing with their babies —and left them wanting more! Now, in this newly expanded edition, Monta Z. Briant provides more than 300 American Sign Language (ASL) signs, illustrated with the same clear, easy-to-understand photos and descriptions. Baby-specific signing techniques, songs, and games are also included to make learning fun and to quickly open up two-way communication. Parents will meet real signing families and learn how to make sign language a part of their everyday interactions with their children. Also included is a video signing dictionary featuring all the signs from the book. Just point and click, and see the sign you want to learn come alive! This is a must-have for all parents, grandparents, and anyone else who spends time with preverbal children. After all, what parent or caregiver doesn't want to know what their baby is trying to tell them?

*Babies Make Music!* Lynn Kleiner,2000 This wonderful book allows moms and dads to help develop musical skills while spending special time with their babies! Lynn Kleiner, master educator, has written over 30 songs and activities that are fun and easy to do at home or in a learning center classroom environment.

**Music of the First World War** Don Tyler,2016-03-21 This book discusses WWI-era music in a historical context, explaining music's importance at home and abroad during WWI as well as examining what music was being sung, played, and danced to during the years prior to America's involvement in the Great War. Why was music so important to soldiers abroad during World War I? What role did music—ranging from classical to theater music, rags, and early jazz—play on the American homefront? Music of the First World War explores the tremendous importance of music during the years of the Great War—when communication technologies were extremely limited and music often took the place of connecting directly with loved ones or reminiscing via recorded images. The book's chapters cover music's contribution to the war effort; the variety of war-related songs, popular hits, and top recording artists of the war years; the music of Broadway shows and other theater productions; and important

composers and lyricists. The author also explores the development of the fledgling recording industry at this time.

**Encyclopedia of American Short Films, 1926-1959** Graham Webb, 2020-07-13 Short subject films have a long history in American cinemas. These could be anywhere from 2 to 40 minutes long and were used as a filler in a picture show that would include a cartoon, a newsreel, possibly a serial and a short before launching into the feature film. Shorts could tackle any topic of interest: an unusual travelogue, a comedy, musical revues, sports, nature or popular vaudeville acts. With the advent of sound-on-film in the mid-to-late 1920s, makers of earlier silent short subjects began experimenting with the short films, using them as a testing ground for the use of sound in feature movies. After the Second World War, and the rising popularity of television, short subject films became far too expensive to produce and they had mostly disappeared from the screens by the late 1950s. This encyclopedia offers comprehensive listings of American short subject films from the 1920s through the 1950s.
