**Get Fit, Get Happy** Harry Judd, 2017-10-19 Get Fit, Get Happy isn't about just transforming the way you look. It's about transforming the way you feel. Harry Judd is a member of the hugely successful bands McFly and McBusted who have headlined Hyde Park, notched up 19 hit singles - of which 7 went to number one - and 2 number-one albums. He is a much-loved former Strictly Come Dancing champion and has been crowned the nation's favourite ever winner of the show. And yet in spite of this success, there have been times when Harry has been prone to anxiety and other mental health issues. He's not alone. Today, anxiety, depression and other mental health problems affect more of us than ever before and we are all looking for ways to adapt, cope and survive the pressures of daily life. The one thing that Harry has turned to time and time again to redress the balance in his life is fitness. Now, using a combination of exercise and dance, Harry makes the mood-boosting benefits of fitness accessible for everyone. Young or old, male or female, small or large, tall, short, thin, fat or somewhere in the middle: anyone will be inspired by Get Fit, Get Happy. Without any need for expensive kit or lots of time, Harry's approach is fun, fast, free. Part memoir in which Harry tells the life lessons that he has learned, and part richly researched fitness plan to get you feeling more positive, Get Fit, Get Happy is a fitness revolution to help people find a little more happiness in their lives.

**The Last Lecture** Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what

would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
