Once at work, she examines a firefighter's dalmatian, who is not feeling well at all. Follow along as the vet runs tests and makes a surprising discovery! This book will comfort a child bringing a beloved pet to the vet for the first time, and satisfy an inquisitive child's curiosity about what an animal doctor does, how they are able to diagnose so many different kinds of pets, and how their office is different from their own doctors. Every town has at least one vet office, and Tinyville's is the one kids will want to visit again and again.
