For your convenience, you can also purchase both guides in one combined book.

*Italy With Kids* Barbara Pape,Michael Calabrese,2006-07-11 Focusing mainly on Rome, Venice, and Florence, this family-friendly guide to Italy reviews resorts, hotels, museums, restaurants, and other sites for their accommodations for children. There is also a section on travel planning for health and safety of children. Some smaller towns and offbeat destinations are also featured.

*DK Eyewitness Family Guide Italy* DK Eyewitness,2018-05-15 A family-focused guidebook to Italy for traveling with children ages 4 to 12. This guide offers you the best things to see and do on a family vacation throughout Italy, including Rome, Venice, and Florence. Each spread bursts with family-focused travel tips and ideas for activities that will engage children, from pony-trekking in Gran Sasso National Park in Abruzzo to spending the night next to the shark tank at the Aquarium of Genoa in Liguria to visiting the Colosseum in Rome. Each major sight is treated as a hub destination, around which to plan a day. Plus, DK's custom illustrations and reconstructions of city sights give real cultural insight. Let off steam suggestions and eating options around each attraction enable the entire family to recharge. Maps outline the nearest parks, playgrounds, and public restrooms. Take shelter sections suggest indoor activities for rainy days. Language section lists essential words and phrases. Dedicated Kids' Corner features include cartoons, quizzes, puzzles, games, and riddles to inform and entertain young travelers. Listings provide family-friendly hotels and dining options. Written by travel experts and parents who understand the need to keep children entertained while enjoying family time together, DK Eyewitness Family Guides offer child-friendly sleeping and eating options, detailed maps of main sightseeing areas, travel information, budget guidance, age-range suitability, and activities for every age.

*The Discipline of Religion* Russell T. McCutcheon,2003-12-08 The Discipline of Religion is a lively critical journey through religious studies today, looking at its recent growth as an academic discipline, and its contemporary political and social meanings. Focusing on the differences between religious belief and academic religious discourse, Russell T. McCutcheon argues that the invention of religion as a discipline blurs the distinction between criticism and doctrine in its assertion of the relevance of faith as a credible object of study. In the leap from disciplinary criticism to avowal of actual cosmic and moral meaning, schools of religious studies extend their powers far beyond universities and into the everyday lives of those outside, managing and curtailing specific types of speech and dissent.

*Yesterday, Today, Tomorrow* Sophia Loren,2014-11-04 Film legend Sophia Loren shares vivid memories of work, love, and family--

*The Kidnapping of Edgardo Mortara* David I. Kertzer, 2008-12-30 Soon to be a major motion picture from Steven Spielberg. A National Book Award Finalist The extraordinary story of how the vatican's imprisonment of a six-year-old Jewish boy in 1858 helped to bring about the collapse of the popes' worldly power in Italy. Bologna: nightfall, June 1858. A knock sounds at the door of the Jewish merchant Momolo Mortara. Two officers of the Inquisition bust inside and seize Mortara's six-year-old son, Edgardo. As the boy is wrenched from his father's arms, his mother collapses. The reason for his abduction: the boy had been secretly baptized by a family servant. According to papal law, the child is therefore a Catholic who can be taken from his family and delivered to a special monastery where his conversion will be completed. With this terrifying scene, prize-winning historian David I. Kertzer begins the true story of how one boy's kidnapping became a pivotal event in the collapse of the Vatican as a secular power. The book evokes the anguish of a modest merchant's family, the rhythms of daily life in a Jewish ghetto, and also explores, through the revolutionary campaigns of Mazzini and Garibaldi and such personages as Napoleon III, the emergence of Italy as a modern national state. Moving and informative, the Kidnapping of Edgardo Mortara reads as both a historical thriller and an authoritative analysis of how a single human tragedy changed the course of history.

**The Facetious Nights of Straparola** Giovanni Francesco Straparola, 1901

**Communicating European Research 2005** Michel Claessens, 2007-06-10 The book contains 40 articles written by forward-thinking speakers who presented their findings at the Communicating European Research 2005 event which was organised by the European Commission in Brussels on 14-15 November 2005. The contents of this book clearly illustrate that a highly important element of research projects funded by the European Union is communication. Authors include scientists, journalists and communication professionals.

**They Say in Harlan County** Alessandro Portelli, 2012-09-13 This book is a historical and cultural interpretation of a symbolic place in the United States, Harlan County, Kentucky, from pioneer times to the beginning of the third millennium, based on a painstaking and creative montage of more than 150 oral narratives and a wide array of secondary and archival matter.

Feeding Distinction: Constrictions and Constructions of Dietary Compliance Filippo Oncini, 2020-11-06 Building on Bourdieu's theory of capitals, this book provides an in-depth analysis of the social stratification of food consumption in Italy, with a special focus on the role of the school canteen as a possible enhancer of children's dietary compliance. Making use of large survey data, semi-structured interviews with parents, and long ethnographic fieldwork in four primary school canteens, the study presents new insights on the ways inequalities shape eating and feeding practices between home and school.

*Modern Folk Devils* Martin Demant Frederiksen, Ida Harboe Knudsen, 2021-12-13 The devilish has long been integral to myths, legends, and folklore, firmly located in the relationships between good and evil, and selves and others. But how are ideas of evil constructed in current times and framed by contemporary social discourses? *Modern Folk Devils* builds on and works with Stanley Cohen's theory on folk devils and moral panics to discuss the constructions of evil. The authors present an array of case-studies that illustrate how the notion of folk devils nowadays comes into play and animates ideas of otherness and evil throughout the world. Examining current fears and perceived threats, this volume investigates and analyzes how and why these devils are constructed. The chapters discuss how the devilish may take on many different forms: sometimes they exist only as a potential threat, other times they are a single individual or phenomenon or a visible group, such as refugees, technocrats, Roma, hipsters, LGBT groups, and rightwing politicians. Folk devils themselves are also given a voice to offer an essential complementary perspective on how panics become exaggerated, facts distorted, and problems acutely angled. Bringing together researchers from anthropology, sociology, political studies, ethnology, and criminology, the contributions examine cases from across the world spanning from Europe to Asia and Oceania.

*Pots & Plays* Oliver Taplin, 2007-10-15 This interdisciplinary study opens up a fascinating interaction between art and theater. It shows how the mythological vase-paintings of fourth-century B.C. Greeks, especially those settled in southern Italy, are more meaningful for those who had seen the myths enacted in the popular new medium of tragedy. Of some 300 relevant vases, 109 are reproduced and accompanied by a picture-by-picture discussion. This book supplies a rich and unprecedented resource from a neglected treasury of painting.

*Encyclopedia of Urban Legends* Jan Harold Brunvand, 2002 Presents descriptions of hundreds of urban legends and their variations, themes, and scholarly approaches to the genre, including such tales as disappearing hitchhikers and hypodermic needles left in the coin slots of pay telephones.

*Folklore in Old Norse - Old Norse in Folklore* Daniel Sävborg, Karen Bek-Pedersen, 2014-12-30 During the 20th century, Old Norse philology has been strongly textually oriented. This is evident in saga scholarship, where the book-prose ideology turned the issue of the origin of individual sagas into an issue of direct influences from other written works. This focus has methodological advantages, but it has also meant that valuable folkloristic knowledge has been neglected. The present volume targets the advantages, the problems and the methods of using folklore material and theory in Old Norse scholarship. An important theme in folklore is the encounter with the Supernatural, and such stories are indeed common in saga literature. Generally, however, scholars have tended to focus on feuds and the social structure of the sagas, and less on encounters with Otherworld beings. In this volume, the supernatural themes in the sagas are discussed by means of several approaches, some folkloristic, some traditionally philological.

The Melbourne Review , 1877

Sport Management Russell Hoyer, 2012 Sport Management: Principles and applications provides a comprehensive introduction to the practical application of management principles within sport organisations. It is ideal for first and second year students studying sport management related courses, as well as those studying business focussed and human movement/physical education courses seeking an overview of sport management principles. In full colour to make key information easier to locate, the book provides a comprehensive overview of: -The nature of the sport industry and the role of the state, non-profit and professional sectors in sport. -Core management principles and their application in sport, highlighting the unique features of how sport is managed. Includes discussion and insight into strategic planning, organisational culture, organisational structures, human resource management, leadership, governance, financial management, marketing and performance

management. Highly accessible, each chapter has a coherent structure featuring: -A conceptual overview of the focus for the chapter. -A presentation of accepted practice and key research findings supported by specific organisational examples at the community, state/provincial, national and professional levels drawing from countries around the globe. -A section of teaching and learning resources including a reference list, suggestions for further reading, relevant websites, and tutorial activity or study questions.. -Brand new to this edition is a new case study at the end of each chapter as well as two new chapters on marketing and financial management. \* Covers the fundamental management issues unique to sport so that students understand how general management principles relate to their area of study. \* Extensive online lecturer materials, including PowerPoint for every chapter, tutorial activities, test banks, and diagnostic and teaching notes help lecturers save time preparing for lectures. \* Brand new case studies, examples and chapters from the UK, Europe and Asia-Pacific prepare students for employment in any country. Crossword Lists Anne Stibbs,2005
