*The Time of My Life* Andrea Warner,2024-04-09 An engaging exploration into the enduring popularity of Dirty Dancing and its lasting themes of feminism, activism, and reproductive rights When Dirty Dancing was released in 1987, it had already been rejected by producers and distributors several times over, and expectations for the summer romance were low. But then the film, written by former dancer Eleanor Bergstein and starring Jennifer Grey and Patrick Swayze as a couple from two different worlds, exploded. Since then, Dirty Dancing's popularity has never waned. The truth has always been that Dirty Dancing was never just a teen romance or a dance movie – it also explored abortion rights, class, and political activism, with a smattering of light crime-solving. In *The Time of My Life*, celebrated music journalist Andrea Warner excavates the layers of Dirty Dancing, from its anachronistic, chart-topping soundtrack, to Baby and Johnny's chemistry, to Bergstein's political intentions, to the abortion subplot that is more relevant today than ever. The film's remarkable longevity would never have been possible if it was just a throwaway summer fling story. It is precisely because of its themes – deeply feminist, sensitively written – that we, over 30 years later, are still holding our breath during that last, exhilarating lift.

**Ponyboy: A Novel** Eliot Duncan,2023-06-13 Longlisted for the 2023 National Book Award for Fiction An evocative debut novel of trans-masculinity, addiction, and the pain and joy of becoming. Ponyboy unravels in his Paris apartment. Cut to the bar. Cut to the back room. Ponyboy is strung out and struggling. He is falling into the widening chasm between who he is–trans, electrically so–and the blank canvas his girlfriend, Baby, wants him to be. Cut to Berlin. Ponyboy sinks deeper into drugs and falls for Gabriel, all the while pursued by a photographer hungry for the next hot thing. As his relationships crumble, he overdoses. Cut to open sky. In a rehab back home in Iowa, Ponyboy is his mother's son. In precise, atmospheric prose, Eliot Duncan's debut novel lays bare the innate splendor, joy, and ache of becoming one's self.

**Health and the Developing World** John Bryant, 2019-06-30 The provision of adequate health care for an entire population is a task of critical importance and awesome difficulty, particularly in underdeveloped nations. This forthright book examines the aims of health care programs and suggests some realistic solutions to the obstacles that must be overcome. Based on the work of a survey team sponsored by The Rockefeller Foundation, the study analyzes health problems on a world scale, whenever possible using examples from countries observed. Dr. Bryant advocates a systems-analysis approach to national health planning, pointing out the interrelationships of health planning and national development. He gives special attention to manpower needs, and develops the concept of a health team that would include paramedical as well as professional personnel. He also proposes a plan for medical education that would be devoted to meeting a particular country's needs and related to its system of health care. The author's findings and recommendations are essential reading for everyone concerned with the health and development of emerging countries. Written in a clear, compelling style, the book is enhanced by illustrations by the young Thai artist, Praphan Srisouta.

Memories of a Depression Baby ... Just Kidding Around Sonja G. Farr, 2011-11-15 Memories of a Depression Baby paints a vivid description of surviving as a kid growing up during the Great Depression. Times were hard, but kids always found a way to amuse themselves in spite of the hard reality of the times. There was very little money to spend on entertainment, so we devised our own methods of amusement. "There were no televisions, cell phones, video games, iPods, etc. Heck, we didn't even have electric typewriters, but we thought we had it all. We just didn't know any differently. Eventually, this generation put us on the moon and helped to invent many of the electronic wonders of today."

*Feminist Readings of Victorian Popular Texts* Emma Liggins, Daniel D. Duffy, 2001 The collection offers feminist reading on a range of popular genres, including ghost stories, working-class women's poetry, sensation fiction and stage melodrama in the context of discussions of the literary marketplace.

**Cinematernity** Lucy Fischer, 2014-07-14 Noting that motherhood is a common metaphor for film production, Lucy Fischer undertakes the first investigation of how the topic of motherhood presents itself throughout a wide range of film genres. Until now discussions of maternity have focused mainly on melodramas, which, along with musicals and screwball comedies, have traditionally been viewed as women's cinema. Fischer defies gender-based classifications to show how motherhood has played a fundamental role in the overall cinematic experience. She argues that motherhood is often treated as a site of crisis--for example, the mother being blamed for the ills afflicting her offspring--then shows the tendency of certain genres to specialize in representing a particular social or psychological dimension in the thematics of maternity. Drawing on social history and various cultural theories, Fischer first looks at Rosemary's Baby to show the prevalence of childbirth themes in horror films. In crime films (White Heat), she sees the linkage of male deviance and mothering. The Hand That Rocks the Cradle and The Guardian, both occult thrillers, uncover cultural anxieties about working mothers. Her discussion covers burlesques of male mothering, feminist documentaries on the mother-daughter relationship, trick films dealing with procreative metaphors, and postmodern films like High Heels, where fluid sexuality is the theme. These films tend to treat motherhood as a locus of irredeemable conflict, whereas History and Memory and High Tide propose a more sanguine, dynamic, and enabling view. Originally published in 1996.
