The Flip Side Flip Flippen,2007-12-06 Learn how recognizing your biggest weakness can unleash your greatest strength in **THE FLIP SIDE**, the bestselling motivational guide by educator, business coach, and growth guru Flip Flippen. Flip Flippen is the most influential man you've never heard of. This personable Texan is the founder of The Flippen Group, one of the fastest-growing corporate and personal training companies in America, and his philosophy has touched the lives of some of the most powerful individuals in the country--from Wall Street leaders to top sports figures like Terry Bradshaw and his NASCAR team, and from Joel Osteen's team at Lakewood Church to the 150,000 people who trained with Flip's company in 2005. Great advice for everyone, but particularly appealing to those who are taking stock of what they want to do with the rest of their lives, Flippen's approach is surprisingly simple. When we learn how to identify our personal constraints and take the necessary steps to correct self-limiting behaviors, we will experience a dramatic surge in productivity, achieve things we have only dreamed of, and find greater happiness overall. Flippen has created a simple process to help readers find their greatest constraint (the results may be surprising!) and build a plan to help flip that weakness into a newfound strength.

Now, Let Me Tell You What I Really Think Chris Matthews,2002-04-24 Chris Matthews has been playing hardball since the day he was born. From his first political run-in in the first grade to his years working as presidential speechwriter for Jimmy Carter and top aide to Tip O'Neill, Matthews grew up loving his country and dreaming of his chance to protect it. As one of the most honest, brash, and in-your-face journalists on TV, he has finally gotten the chance. The host of television's Hardball and bestselling author of such classics as Hardball and Kennedy & Nixon, Matthews is a political cop who insists on the truth and nothing but. In this latest work, *Now, Let Me Tell You What I Really Think*, Chris Matthews is at his brilliant, blunt, bulldogged

best. From the Cold War to the Clinton years, Matthews gives the straight-up account of what it means to be an American. Matthews tells us about his God and Country Catholic school education in Philadelphia complete with Cold War air-raid drills and his early enthusiasm for politics. He shares with us his life's adventures: two years in Africa with the Peace Corps, the challenge of running for Congress in his twenties, and his three decades deep in the belly of the beast of American politics. Matthews has made his name as a razor-sharp journalist who cross-examines the politicians in Washington and takes on the Los Angeles and New York elite who view America's heartland as fly-over country. In *Now, Let Me Tell You What I Really Think*, Matthews rallies those who work hard and play by the rules and celebrates the wisdom learned from a U.S. Capitol policeman more than twenty years ago, The little man loves his country, because it's all he's got. A hard-to-categorize maverick with an uncool love for his country, Matthews gives an irreverent look at who we are and whom we trust to lead us.

Flip Wesley Dennis,1967 A colt realizes his desire to jump across the brook following a dream in which he sprouts silvery wings.

Amped David Browne,2010-12-15 Once a fringe underground culture, extreme sports are now the stuff of car commercials and Olympic competitions. How did they get there - and how does it feel to be in the middle of it all? The first comprehensive account of the rise, culture, and business of action sports, *Amped* plunges us into this exciting world. Readers will find themselves aboard a skateboarding bus tour with superstar Tony Hawk, behind the scenes at the X Games and snowboarding contests, on the sidelines witnessing the first-ever double backflip on a motorcycle, on the road with the Warped Tour, and in the offices of the multinational corporation that have tapped into the vast amounts of money to be made from these nontraditional sports. Based on interviews with more than one hundred athletes, managers, business executives, extreme-rock musicians, and, most importantly, the adolescent amateurs who are at the heart of this movement, *Amped* is not merely the story of an alternative world of sports now four decades old. It's the tale of a flourishing culture that continues to reject old-fashioned stick-and-ball sports in favor of individualistic forms of expression. The story of extreme sports speaks volumes about Generations X and Y and their divergent views on life, creativity, gratification, and identity.
