In this fascinating guide, you'll discover the 5,000-year history of backgammon – and how you can enjoy this popular and compelling game. You'll discover the uniquely geometric backgammon board, how to set up the pieces, and how to make your first moves. This book even explains how gamblers use a doubling cube (a new twist U.S. players added to the game in the 1920s) to raise the stakes! Learn the 5 Basic Backgammon Strategies Every Player Should Know: The Running Game The Holding Game The Priming Game The Backgammon Blitz The Back Game You'll even learn additional rules for backgammon variants – and the pro tips you need to take your game to the next level!

Backgammon Games and Strategies Nicolaos S. Tzannes, Basil Tzannes, 1977 Backgammon is experiencing a revival, rapidly becoming one of the most popular table games in the world internet included. Backgammon is not just a game; it is an obsession. In some countries of Southern Europe and the Middle East, it is a way of life. A typical game of backgammon lasts 6-8minutes if it is Hit or Gioul, and double that if it is Plakoto or Moultezim. These are the fastest, most absorbing minutes in a player's lifetime. The game moves in lightening speed and requires total concentration. The mixture of chance and skill are perfectly balanced in Hit the other games leaning heavier on skill. There is hardly a moment of boredom when you play backgammon. Even when the game seems hopelessly lost, there is still a finite probability of a turnaround. The suspense is always there, the tension is never ending. What more would you want for an evening of . . . relaxation? This book is written to fill a void the almost total absence of information on backgammon games, other than basic Hit usually called backgammon in the West. The authors find it incredible that Gioul, Plakoto and Moultezim still remain a well-kept secret among backgammon connoisseurs. Gioul is the most fun-filled game played on the board every dice throw a surprise. Plakoto is without doubt the king of Backgammon games. Moultezim is a serious game for the purist, the consummate space strategist. Players who are unaware of these games are not really fulfilled. This book, illustrated with more than 300 diagrams, illustrations and exercises, aims to change all that, and turn all casual players into full-fledged backgammon experts.

**Backgammon to Win** Chris Bray,2007-05 This text introduces beginners and those who haven't played for years to the strategies and tips needed to play the game well, whether its to make serious money in tournaments or just playing for fun at a board with friends.
