

Backgammon Nj

Chris Bray

Backgammon - The Final Wind Chris Bray, 2019-05-11 The material in this book covers not only the development of backgammon theory but also looks at the history of the game including some of its more famous and colourful players. Backgammon has never been short of interesting and colourful characters ranging from Emperor Nero to Lord Lucan. The timeless characters such as the Dowager Duchess, Quentin Quickcube, Barry Bigplay and the Enigmatic Englishman that make up Chris's menagerie continue to paint a vibrant picture of life in the high stakes chouette. Sherlock Holmes and Doctor Watson are on hand to lend instruction and Jeeves and Wooster provide some light-hearted moments. Chris's articles are targeted at a broad range of players and everyone from the casual player to the expert will improve their game by studying the diverse positions in this book.

Backgammon in the Wind Chris Bray, 2016-05-30 This is the final (at least for now!) book in the Wind series of backgammon books. The book is an anthology of the final three years of Chris's columns from The Independent newspaper in the United Kingdom plus some other material produced for the United Kingdom Backgammon Federation.

Backgammon For Winners Bill Robertie, table { }.font5 { color: black; font-size: 8pt; font-weight: 700; font-style: normal; text-decoration: none; font-family: Tahoma,sans-serif; }.font6 { color: black; font-size: 8pt; font-weight: 700; font-style: normal; text-decoration: none; font-family: Tahoma,sans-serif; }td { padding: 0px; color: windowtext; font-size: 10pt; font-weight: 400; font-style: normal; text-decoration: none; font-family: Arial,sans-serif; vertical-align: bottom; border: medium none; white-space: nowrap; }.xl66 { font-size: 12pt; font-family: Times New Roman; }.xl67 { font-size: 12pt; font-family: Times New Roman; vertical-align: middle; } The world's best backgammon player (and two-time champion) provides easy-to-understand advice on the basics of playing and winning at backgammon. Ten fast-reading chapters show the basics of setting up a board, how to move, the opening strategies and replies, middle and end game tactics, basic probabilities, plus back game and doubling strategy. Two sample games are included with move-by-move insights so players learn the winning concepts of play at all stages of the game. A great first book for beginning and somewhat experienced players.

Backgammon For Serious Players Bill Robertie, 2000

Chess, Checkers, Dominoes and Backgammon Anon, 2013-04-26 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

The Wind of Change Chris Bray, 2013-08 Chris Bray is the backgammon columnist for The Independent and has been playing and studying the game for over thirty years. In this anthology of his most recent Independent articles he traces the further development of many aspects of the game. The game continues to evolve and the last twenty years have seen a period of rapid development in the game. This is largely because of the advent of backgammon computer programs JellyFish, Snowie and, most recently, eXtreme Gammon. Consequently the modern expert player is light years ahead of his 1990s counterpart. The material in this book covers not only the development of backgammon theory but also looks at the history of the game including some of its more famous and colourful players. The timeless characters that make up Chris's menagerie continue to paint a vibrant picture of life in the high stakes chouette. Sherlock Holmes and Doctor Watson are also on hand to lend instruction and for this book Jeeves and Wooster have joined the party as well.

Marache's Manual of Chess Napoleon Marache, 1866

The New York Times Book of Backgammon James Jacoby, Mary Zita Jacoby, 1973

Handbook of Draughts and Backgammon Frederic Hardy, 1867

How Good Are You at Backgammon? Nicolaos S. Tzannes, Basil Tzannes, 2001-04-03 If you already play backgammon, don't you sometimes wonder how good you really are? Well, this book is your chance to really find out. The 50 situations presented here, cover most of the aspects of the game, from initial moves to bearing off strategies. Each problem is graded on the basis of 5 points for the optimum play and some partial credit for sub-optimum but adequate ones, if such exist. If you rack up a score of 225-250, you rank right up there with the experts you should think seriously of competing in Backgammon Tournaments. If you score 200-224, you are not an expert yet, but you are rapidly approaching this point. A score of 135-199 indicates that you are a good, sound player, probably the best in your neighborhood. If you score less than 135 points, there is no need for despair. Study this book carefully. It can serve as a case studies tool for improving your game. Besides, the problems presented are not only mind-taxing, they are also entertaining. And the justifications for the optimum play are clearly explained, often culminating in various useful rules of thumb (the closer-closest rule, the rule of even, etc.) for difficult, but commonly occurring situations. Good luck!

Backgammon Millard Fillmore Hopper, 1941

Backgammon of Today John Longacre, 1970

A Handbook of Draughts, with a Chapter on Backgammon George Frederick Pardon, 1862

How to Win at Backgammon Walter Brown Gibson, 1978

Begin Backgammon J. du C. Vere Molyneux, 2001 This is a basic book for the beginner interested in this timeless game which can be played either as a pleasant family pastime or a competitive gambling game. Rules of play, elementary tactics and overall strategy are covered - including dice probabilities and gambling aspects such as the use of the doubling cube.

Backgammon Games and Strategies Nicolaos S. Tzannes, Basil Tzannes, 1977

Backgammon is experiencing a revival, rapidly becoming one of the most popular table games in the world internet included. Backgammon is not just a game; it is an obsession. In some countries of Southern Europe and the Middle East, it is a way of life. A typical game of backgammon lasts 6-8 minutes if it is Hit or Gioul, and double that if it is Plakoto or Moultezim. These are the fastest, most absorbing minutes in a player's lifetime. The game moves in lightening speed and requires total concentration. The mixture of chance and skill are perfectly balanced in Hit the other games leaning heavier on skill. There is hardly a moment of boredom when you play backgammon. Even when the game seems hopelessly lost, there is still a finite probability of a turnaround. The suspense is always there, the tension is never ending. What more would you want for an evening of . . . relaxation? This book is written to fill a void the almost total absence of information on backgammon games, other than basic Hit usually called backgammon in the West. The authors find it incredible that Gioul, Plakoto and Moultezim still remain a well-kept secret among backgammon connoisseurs. Gioul is the most fun-filled game played on the board every dice throw a surprise. Plakoto is without doubt the king of Backgammon games. Moultezim is a serious game for the purist, the consummate space strategist. Players who are unaware of these games are not really fulfilled. This book, illustrated with more than 300 diagrams, illustrations and exercises, aims to change all that, and turn all casual players into full-fledged backgammon experts.

Win at Backgammon Millard Hopper, 1972 Author reveals his championship secrets for best opening and ending moves, as well as basic strategies of middle game play -- running, blocking and back games. An excellent combination of instructions, hints, suggestions, diagrams and problems designed to help the beginner master the game.

Backgammon to Win Chris Bray, 2007-05 This text introduces beginners and those who haven't played for years to the strategies and tips needed to play the game well, whether its to make serious money in tournaments or just

playing for fun at a board with friends.

How to Play Chess, Billiards, Bagatelle, Whist, Loo, Cribbage, Draughts, Backgammon, Dominoes and Minor Games at Cards ,1870

An Introduction to Backgammon Paul Magriel,1978
