

Backgammon

George Frederick Pardon

How to Play Backgammon Chad Bomberger,2017-11-03 Learn How to Play Backgammon! Did you know backgammon is one of the oldest games ever invented – and it’s even older than chess? In this fascinating guide, you’ll discover the 5,000-year history of backgammon – and how you can enjoy this popular and compelling game. You’ll discover the uniquely geometric backgammon board, how to set up the pieces, and how to make your first moves. As you increase your mastery of this ancient game, you’ll learn a vast array of game concepts and winning tactics. You’ll discover how to “hit” your opponents’ pieces and remove them from the board – forcing your opponent to start these pieces over from the beginning. You’ll learn how to “bear-off” your own pieces from the board and prepare for a victory. This book even explains how gamblers use a doubling cube (a new twist U.S. players added to the game in the 1920s) to raise the stakes! Learn the 5 Basic Backgammon Strategies Every Player Should Know: The Running Game The Holding Game The Priming Game The Backgammon Blitz The Back Game You’ll even learn additional rules for backgammon variants – and the pro tips you need to take your game to the next level!

Backgammon For Dummies Chris Bray,2011-02-14 A comprehensive and fun guide to Backgammon! Backgammon is one of the oldest games in the world, the origins of which date back some 5000 years – and it's still going strong. It enjoyed a huge resurgence in the 1970s, and then again in the 1990s with the popularity of the Internet, where millions of people play tournaments online every day. Today, backgammon's following in the UK is huge, with a dedicated British Isles Backgammon Association, and hundreds of face-to-face tournaments taking place across the UK every year. In this book, backgammon expert Chris Bray walks you through the basics of setting up a board, opening strategies, middle and end-game tactics, and tips on when to make key moves. You'll also get to grips with basic probabilities, the doubling cube and the 25% rule. And if you want to take your gaming further, there's plenty of advice to get you started in tournament backgammon, as well as playing online. Suitable for both beginners and experienced player looking for more tips and techniques, Backgammon For Dummies includes coverage on: Starting and Playing the Game Handling the Middle Game Bearing Off (The Last Lap) Varying the Play About the author

Backgammon For Winners Bill Robertie, table { }.font5 { color: black; font-size: 8pt; font-weight: 700; font-style: normal; text-decoration: none; font-family: Tahoma,sans-serif; }.font6 { color: black; font-size: 8pt; font-weight: 700; font-style: normal; text-decoration: none; font-family: Tahoma,sans-serif;

}td { padding: 0px; color: windowtext; font-size: 10pt; font-weight: 400; font-style: normal; text-decoration: none; font-family: Arial,sans-serif; vertical-align: bottom; border: medium none; white-space: nowrap; }.xl66 { font-size: 12pt; font-family: Times New Roman; }.xl67 { font-size: 12pt; font-family: Times New Roman; vertical-align: middle; } The world's best backgammon player (and two-time champion) provides easy-to-understand advice on the basics of playing and winning at backgammon. Ten fast-reading chapters show the basics of setting up a board, how to move, the opening strategies and replies, middle and end game tactics, basic probabilities, plus back game and doubling strategy. Two sample games are included with move-by-move insights so players learn the winning concepts of play at all stages of the game. A great first book for beginning and somewhat experienced players.

Backgammon For Serious Players Bill Robertie,2000

Begin Backgammon J. du C. Vere Molyneux,2001 This is a basic book for the beginner interested in this timeless game which can be played either as a pleasant family pastime or a competitive gambling game. Rules of play, elementary tactics and overall strategy are covered - including dice probabilities and gambling aspects such as the use of the doubling cube.

Handbook of Draughts and Backgammon Frederic Hardy,1867

Backgammon Games and Strategies Nicolaos S. Tzannes,Basil Tzannes,1977 Backgammon is experiencing a revival, rapidly becoming one of the most popular table games in the world internet included. Backgammon is not just a game; it is an obsession. In some countries of Southern Europe and the Middle East, it is a way of life. A typical game of backgammon lasts 6-8minutes if it is Hit or Gioul, and double that if it is Plakoto or Moultezim. These are the fastest, most absorbing minutes in a player's lifetime. The game moves in lightening speed and requires total concentration. The mixture of chance and skill are perfectly balanced in Hit the other games leaning heavier on skill. There is hardly a moment of boredom when you play backgammon. Even when the game seems hopelessly lost, there is still a finite probability of a turnaround. The suspense is always there, the tension is never ending. What more would you want for an evening of . . . relaxation? This book is written to fill a void the almost total absence of information on backgammon games, other than basic Hit usually called backgammon in the West. The authors find it incredible that Gioul, Plakoto and Moultezim still remain a well-kept secret among backgammon connoisseurs. Gioul is the most fun-filled game played on the board every dice throw a surprise. Plakoto is without doubt the king of Backgammon games. Moultezim is a serious game for the purist, the consummate space strategist. Players who are

unaware of these games are not really fulfilled. This book, illustrated with more than 300 diagrams, illustrations and exercises, aims to change all that, and turn all casual players into full-fledged backgammon experts.

How Good Are You at Backgammon? Nicolaos S. Tzannes,Basil Tzannes,2001-04-03 If you already play backgammon, don't you sometimes wonder how good you really are? Well, this book is your chance to really find out. The 50 situations presented here, cover most of the aspects of the game, from initial moves to bearing off strategies. Each problem is graded on the basis of 5 points for the optimum play and some partial credit for sub-optimum but adequate ones, if such exist. If you rack up a score of 225-250, you rank right up there with the expertsyou should think seriously of competing in Backgammon Tournaments. If you score 200-224, you are not an expert yet, but you are rapidly approaching this point. A score of 135-199 indicates that you are a good, sound player, probably the best in yourneighborhood. If you score less than 135 points, there is no need for despair. Study this book carefully. It can serve as a case studies tool for improving your game. Besides, the problems presented are not only mind-taxing, they are also entertaining. And the justifications for the optimum play are clearly explained, often culminating in various useful rules of thumb (the closer-closest rule, the rule of even, etc.) for difficult, but commonly occurring situations. Good luck!

Chess, Checkers, Dominoes and Backgammon Anon,2013-04-26 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Backgammon Millard Fillmore Hopper,1941

Learn Backgammon in 10 Minutes Brian Byfield,2013-04-25 Always wanted to play backgammon but haven't much time to learn? This handy little eBook will show you how in just 10 minutes Introduces how to arrange the checkers, how to move, scoring and notation, and explains simply and effectively how gameplay works Informative diagrams and quirky illustrations help the information stick The classic board game backgammon has been called 'the perfect combination of skill and luck'. It may look complicated on first glance, but this absorbing, fun game really couldn't be simpler. This helpful, portable eBook gives you all the information you need to go off and play your first game. In clear, easy-to-follow text, backed up with helpful board diagrams and illustrations, the author shows you around the board, explains how to set up your checkers, the basics of running, blocking and

hitting, and an impressive array of handy tips and hints to help you win the game. It also covers how backgammon notation works, how to score and the best places to play backgammon online. Armed with the information in this book, you'll become an expert backgammon player - in super- quick time!
