Rachel Maddow

**Bag Man** Rachel Maddow, Michael Yarvitz, 2020-12-08 NEW YORK TIMES BESTSELLER • The knockdown, drag-out, untold story of the other scandal that rocked Nixon's White House, and reset the rules for crooked presidents to come—with new reporting that expands on Rachel Maddow's Peabody Award-nominated podcast "Both a thriller and a history book, *Bag Man* is a triumph of storytelling."—Preet Bharara, New York Times bestselling author of *Doing Justice* and host of the podcast *Stay Tuned with Preet* Is it possible for a sitting vice president to direct a vast criminal enterprise within the halls of the White House? To have one of the most brazen corruption scandals in American history play out while nobody's paying attention? And for that scandal to be all but forgotten decades later? The year was 1973, and Spiro T. Agnew, the former governor of Maryland, was Richard Nixon's second-in-command. Long on firebrand rhetoric and short on political experience, Agnew had carried out a bribery and extortion ring in office for years, when—at the height of Watergate—three young federal prosecutors discovered his crimes and launched a mission to take him down before it was too late, before Nixon's impending downfall elevated Agnew to the presidency. The self-described "counterpuncher" vice president did everything he could to bury their investigation: dismissing it as a "witch hunt," riling up his partisan base, making the press the enemy, and, with a crumbling circle of loyalists, scheming to obstruct justice in order to survive. In this blockbuster account, Rachel Maddow and Michael Yarvitz detail the investigation that exposed Agnew's crimes, the attempts at a cover-up—which involved future president George H. W. Bush—and the backroom bargain that forced Agnew's resignation but also spared him years in federal prison. Based on the award-winning hit podcast, *Bag Man* expands and deepens the story of Spiro Agnew's scandal and its lasting influence on our politics, our media, and our understanding of what it takes to confront a criminal in the White House.

Bagman Jay MacLarty, 2009-11-24 The job of a high-risk courier is very simple. You pick something up. You drop something off. The hard part is not getting killed. When Kyra, the daughter of Big Jake Rynerson -- one of the world's wealthiest men -- is kidnapped in the Galápagos Islands, professional courier Simon Leonidovich is hired to deliver the ransom. But playing bagman for a billionaire is not so simple -- not when so many people stand to gain by Kyra's disappearance, and not when someone close to Big Jake is playing for the wrong team. To complicate matters, Simon finds himself falling for Big Jake's enticing and clever assistant, Caitlin Wells, though she may be the very one scheming to control the Rynerson empire. But when the money drop gets botched, the stakes turn deadly for both Simon and Kyra. From the dark jungles of Colombia to the flashy lights of Las Vegas, Simon matches wits against a cold-blooded adversary who seems to know his every move. Now he must somehow finish the job, save the girl, and figure out who's been pulling the strings before his pursuers deliver him into an unmarked grave. With rapid-fire action and devious plot twists, *Bagman* is a lightning-paced thriller that will keep you breathless until the final drop is made.

**Bagman** Eric Stacey, 2006-07-01 BAGMAN is the story of the secret life of Col. Albert V. Carone, a man whose work for the Mafia, the U.S. Army and the CIA has been a closely guarded secret for many years, until 1999 when his daughter sued the CIA to restore her father's name and retrieve her inheritance.

*Tales of the Bagman* B. C. Bell, 2014-04-03 In the mid 1930s, Chicago was one of the fastest growing metropolises in the country. Situated on mighty Lake Michigan, it was the home to millions of hard working Americans looking to a better themselves. The Windy City was also shackled by its bootleg history, a time of violent gang wars that had permanently established a brutal underworld empire second to none. Corruption was the order of the day and both the police and government were in the pocket of

the mob bosses. Frank Mac McCullough was a foot-soldier in one of the city's toughest crime families until he was ordered to rough up his uncle; a decent man with a gambling problem. The innate decency in Mac rebelled and suddenly he found himself up against the very men he had once admired and followed. Determined to put an end to their lawlessness, he put a bag over his head as a crude disguise only to become labeled the Bagman by the press. Writer B.C. Bells tells the amazing stories of old Chicago's most unique hero. Aided by solely by a tough, black WW I veteran named Crankshaft, the Mac wages war against the mobs in fast paced, non-stop action tales pulp fans will cheer. Featuring nine illustrations by Kelly Evereart and a cover by Laura Givens. Airship 27 Productions is thrilled to present pulpdrom's newest avenger, THE BAGMAN.

BAGMAN VS THE BUTCHER A new gang boss is taking over the meat-packing district of Chicago and his tools are murder and intimidation. He calls himself the Butcher and the trail of death and destruction he leaves in his wake is a testament to that moniker. Now it will take all of the Bagman's skills and know-how to unmask this savage foe and save the streets of the Windy City from a new and bloody gang war. Writer B. Chris Bell unleashes a trio of brand new adventures featuring his sarcastic 1930's hero who wears a burlap sack over his head and fights for his neighborhood streets. Added to this volume's roster is a mystery involving the kidnapping of newsboys and in a third story, Bagman's trusted ally and driver, Crankshaft, is featured in a solo short. Here is pulp action in a truly unique style starring one of the most original new pulp stars ever put to paper, the Bagman!

**The Bagman Vs. the World's Fair** B. C. Bell, 2013-08 It is the summer of 1933 and the Windy City is hosting the fabulous World's Fair. The famous Navy Pier along the shores of Lake Michigan is invaded by thousands of tourists from around the nation and the world; all there to marvel at the newest scientific advancements on display. But within this glittering pleasure park of wonder lurks a devilish fiend set upon causing mass destruction and ruining the Fair; a scientist turned mad employing a bizarre sonic cannon to commit murder and chaos amongst the innocent throngs. Now it will be up to the unlikely hero of them all, the odd, notorious Bagman, to save the day. Writer B.C. Bell sends his one time petty crook, Frank Mac McCullough back into action in this, the Bagman's first full length adventure. Along with his loyal buddy, the ace mechanic, Crankshaft, Chicago's most unusual mystery man must find the lunatic inventor and put an end to his heinous attacks before more people will die. Also features a very special cameo by writer Calvin Daniels' own new pulp hero, the Black Wolf. So slap another clip in your .45, straighten your tie and put that bag over your head, pulp fans; here comes the Bagman, delivering justice in his own peculiar way. AIRSHIP 27

**The Bagman** Fil Lewitt, 2018-02-23 Ed Steadman is asked by bagman Antonio Strano AKA Tony Strange to find out secretly why some of his protection collections' money is going missing before it reaches his boss, the Capo of the San Francisco branch of the Mafia. Tony Strange is in trouble, and that leads to an unlikely and unusual relationship with Mercy Investigations, which is one part of law enforcement, if somewhat out at the edge. Of course, the whole crew of Mercy Torcher, her partner Jack Nowan, and their handsome young black computer genius Reggie Jackson, as well as Steady Ed Steadman, get involved, shadowing crooks, taking on

the Italian Mob, finding out stuff they'd rather not know. Ed and Tony are mutually bound to secrecy, as it would be Hell if Tony Strange was discovered by the Mafia to be using private investigators, or if Steady Ed and the crew were found working for the Mob. Mutual assured destruction, MAD. You'll see and hear and experience the inside workings of the Crew and the Mob, as they follow each other around The City That Knows How, through capers and shenanigans to a surprising ending.

**Drift** Rachel Maddow, 2012-03-27 The #1 New York Times bestseller that charts America's dangerous drift into a state of perpetual war. Written with bracing wit and intelligence, Rachel Maddow's *Drift* argues that we've drifted away from America's original ideals and become a nation weirdly at peace with perpetual war. To understand how we've arrived at such a dangerous place, Maddow takes us from the Vietnam War to today's war in Afghanistan, along the way exploring Reagan's radical presidency, the disturbing rise of executive authority, the gradual outsourcing of our war-making capabilities to private companies, the plummeting percentage of American families whose children fight our constant wars for us, and even the changing fortunes of G.I. Joe. Ultimately, she shows us just how much we stand to lose by allowing the scope of American military power to overpower our political discourse. Sensible yet provocative, dead serious yet seriously funny, *Drift* reinvigorates a loud and jangly political debate about our vast and confounding national security state.

*The Bagman* Donnie Dallas, 2023-06-16 Political tension in America is soaring due to the rumours of an uprising rebellion, The Moths, with one clear motive; dismantle the crooked government from the top of the chain and take out its allies, one at a time. Simon, born and raised to serve the Mafia, gets wind of this from his Don, who now fears for his life as he, secretly, serves the President of the United States directly. Although skeptical, he agrees to protect him at a Presidential Benefit, and that's where he meets Phoenix... and things immediately get out of hand. Follow Simon as he battles with his morals, identity and love; caught up in The Moths' twisted games as well as Phoenix's dangerous attraction. What happens when two very different worlds collide?

**Blowout** Rachel Maddow, 2019-10-01 #1 NEW YORK TIMES BESTSELLER • Big Oil and Gas Versus Democracy—Winner Take All “A rollickingly well-written book, filled with fascinating, exciting, and alarming stories about the impact of the oil and gas industry on the world today.”—The New York Times Book Review In 2010, the words “earthquake swarm” entered the lexicon in Oklahoma. That same year, a trove of Michael Jackson memorabilia—including his iconic crystal-encrusted white glove—was sold at auction for over \$1 million to a guy who was, officially, just the lowly forestry minister of the tiny nation of Equatorial Guinea. And in 2014, revolutionaries in Ukraine raided the palace of their ousted

president and found a zoo of peacocks, gilded toilets, and a floating restaurant modeled after a Spanish galleon. Unlikely as it might seem, there is a thread connecting these events, and Rachel Maddow follows it to its crooked source: the unimaginably lucrative and equally corrupting oil and gas industry. With her trademark black humor, Maddow takes us on a switchback journey around the globe, revealing the greed and incompetence of Big Oil and Gas along the way, and drawing a surprising conclusion about why the Russian government hacked the 2016 U.S. election. She deftly shows how Russia's rich reserves of crude have, paradoxically, stunted its growth, forcing Vladimir Putin to maintain his power by spreading Russia's rot into its rivals, its neighbors, the West's most important alliances, and the United States. Chevron, BP, and a host of other industry players get their star turn, most notably ExxonMobil and the deceptively well-behaved Rex Tillerson. The oil and gas industry has weakened democracies in developed and developing countries, fouled oceans and rivers, and propped up authoritarian thieves and killers. But being outraged at it is, according to Maddow, "like being indignant when a lion takes down and eats a gazelle. You can't really blame the lion. It's in her nature." *Blowout* is a call to contain the lion: to stop subsidizing the wealthiest businesses on earth, to fight for transparency, and to check the influence of the world's most destructive industry and its enablers. The stakes have never been higher. As Maddow writes, "Democracy either wins this one or disappears."
