

Balancing Sword

Jessica Brody

Balancing the Sword (Vol 1) Allen B. Wolfe, 2005 The heart of this Bible study tool is a two-volume question and answer manual that goes chapter by chapter through all sixty-six books of Holy Writ. Each of the probing fill-in-the-blank questions encourages interaction with the text and includes multiple cross-references to deepen your study with connected passages. Ample space is provided in each volume for precise, objective responses and your own meditations associated with each question. Rather than appealing to your opinion, Balancing the Sword drives the reader to the authority of the Scriptures and what is actually contained in the text. In total, there are an astounding 7,116 questions, literally one every 2.7 verses. With questions to help facilitate engaging discussions and an answer key that supplies you with immediate references to check your response, Balancing the Sword will increase your understanding and aid your retention of the Scriptures. This comprehensive study tool also features hundreds of charts, maps, and carefully selected images of biblical events. Also included is an interactive CD-ROM tutorial, plus Bible-reading scheduling software with unparalleled flexibility for personalization.

Every Boy's Book of Sport and Pastime Hoffmann (Professor), 1897

Swords Ben Boos, 2008-09-09 Describes the details of design and history of swords.

Mastering the Samurai Sword Cary Nemeroff, 2014-09-02 Memorialized in countless books and movies, the history of Japan's fearsome samurai warriors is known all over the world. Who can forget these Japanese masters' skills with the sword? Today, samurai warriors no longer exist, but their legacy of swordsmanship endures. Now, the way of the samurai sword is learned in the martial arts Iaijutsu and Kenjutsu. This book is the perfect introduction to using this beautiful and ancient weapon. In Mastering the Samurai Sword, you'll learn the sword's fascinating history, its evolution, and the philosophy behind its use. You'll also learn practical guidance for mastering the sword itself. Full-color, step-by-step photographs detail many of the most useful and famous samurai moves, including: drawing the samurai sword guard positions, cutting blows, and blocking falling and rolling techniques, and evasive strategies standing forms and kneeling forms All of the martial arts techniques discussed in the book are performed for readers in the downloadable material to help you perfect your form. Beginners will learn everything from proper attire and behavior in the dojo to how they might practice at home, while more experienced samurai sword people will find a new appreciation for the deeper meaning and tradition behind the graceful way of the sword.

Sword of Fire and Sea Erin Hoffman, 2011-06-28 Captain Vidarian Rulorat's great-grandfather gave up an imperial commission to commit social catastrophe by marrying a fire priestess. For love, he unwittingly doomed his family to generations of a rare genetic disease that follows families who cross elemental boundaries. Now Vidarian, the last surviving member of the Rulorat family, struggles to uphold his family legacy, and finds himself chained to a task as a result of the bride price his great-grandfather paid: The priestess Endera has called upon Vidarian to fulfill his family's obligation by transporting a young fire priestess named Ariadel to a water temple far to the south, through dangerous pirate-controlled territory. Vidarian finds himself at the intersection not only of the world's most volatile elements, but of the ancient and alien powers that lurk between them...

Around the World with a Magician and a Juggler Hardin J. Burlingame, 1891

The Book of the Sword Sir Richard F. Burton, 2012-08-21 DIVEloquent, erudite history of the sword from prehistory to early Roman Empire. Evolution and development of early swords, variations — sabre, broadsword, cutlass, scimitar, much more. /div

Balanced on the Blade's Edge Lindsay Buroker, 2014-04-01 Colonel Ridge Zirkander isn't the model of military professionalism—he has a tendency to say exactly what's on his mind, and his record has enough demerits to wallpaper the hull of an airship—but as the best fighter pilot in the Iskandian army, he's used to a little leniency from his superiors. Until he punches the wrong diplomat in the nose and finds himself issued new orders: take command of a remote prison mine in the inhospitable Ice Blades Mountains. Ridge has never been in charge of anything larger than a flier squadron—what's he supposed to do with a frozen fortress full of murderers and rapists? Not to mention the strange woman who shows up right before he arrives... Sardelle Terushan wakes from three hundred years in a mage stasis shelter, only to realize that she is the last of the Referatu, the sorcerers who once helped protect Iskandia from conquerors. Their subterranean mountain community was blown up in a treacherous sneak attack by soldiers who feared their power. Everyone Sardelle ever knew is dead, and the sentient soulblade she has been bonded to since her youth is buried in the core of the mountain. Further, what remains of her home has been infested by bloodthirsty miners commanded by the descendants of the very soldiers who destroyed her people. Sardelle needs help to reach her soulblade—her only link to her past and her last friend in the world. Her only hope is to pretend she's one of the prisoners while trying to gain the commander's trust. But lying isn't her specialty, especially when the world has changed so much in the intervening centuries, and if Colonel Zirkander figures out who she truly is, he'll be duty-bound to sentence her to the only acceptable punishment for sorcerers: death.

The Sword Lisa Deutscher, Mirjam Kaiser, Sixt Wetzler, 2019 A multidisciplinary overview of current research into the enduringly fascinating martial artefact which is the sword.

Drawn with the Sword James M. McPherson, 1997-12-18 James M. McPherson is acclaimed as one of the finest historians writing today and a preeminent commentator on the Civil War. Battle Cry of Freedom, his Pulitzer Prize-winning account of that conflict, was a national bestseller that Hugh Brogan, in The New York Times, called history writing of the highest order. Now, in Drawn With the Sword, McPherson offers a series of thoughtful and engaging essays on some of the most enduring questions of the Civil War, written in the masterful prose that has become his trademark. Filled with fresh interpretations, puncturing old myths and challenging new ones, Drawn With the Sword explores such questions as why the North won and why the South lost (emphasizing the role of contingency in the Northern victory), whether Southern or Northern aggression began the war, and who really freed the slaves, Abraham Lincoln or the slaves themselves. McPherson offers memorable portraits of the great leaders who people the landscape of the Civil War: Ulysses S. Grant, struggling to write his memoirs with the same courage and determination that marked his successes on the battlefield; Robert E. Lee, a brilliant general and a true gentleman, yet still a product of his time and place; and Abraham Lincoln, the leader and orator whose mythical figure still looms large over our cultural landscape. And McPherson discusses often-ignored issues such as the development of the Civil War into a modern total war against both soldiers and civilians, and the international impact of the

American Civil War in advancing the cause of republicanism and democracy in countries from Brazil and Cuba to France and England. Of special interest is the final essay, entitled What's the Matter With History?, a trenchant critique of the field of history today, which McPherson describes here as more and more about less and less. He writes that professional historians have abandoned narrative history written for the greater audience of educated general readers in favor of impenetrable tomes on minor historical details which serve only to edify other academics, thus leaving the historical education of the general public to films and television programs such as Glory and Ken Burns's PBS documentary The Civil War. Each essay in Drawn With the Sword reveals McPherson's own profound knowledge of the Civil War and of the controversies among historians, presenting all sides in clear and lucid prose and concluding with his own measured and eloquent opinions. Readers will rejoice that McPherson has once again proven by example that history can be both accurate and interesting, informative and well-written. Mark Twain wrote that the Civil War wrought so profoundly upon the entire national character that the influence cannot be measured short of two or three generations. In Drawn With the Sword, McPherson gracefully and brilliantly illuminates this momentous conflict.

The Book of the Sword Richard Francis Burton,2014-01-07 “The history of the sword,” the author writes in his introduction, “is the history of humanity.” For centuries, the sword has been a symbol of power, strength, liberty, and courage. In the Middle Ages, the image of a sword was used to signify the word of God. Nearly every culture in history has forged blades from stone or steel to fight in times of battle and protect in times of peace. In this groundbreaking work, Richard Francis Burton, explorer, translator, scholar, and swordsman, draws on a wealth of linguistic, archaeological, and literary sources to trace the millennia-old history of the sword. From its earliest days as a charred, sharpened stick to the height of craftsmanship in the modern era, the sword has been the weapon of choice for warriors of all stripes. In eloquent, captivating prose, Burton describes: • Dirks • Daggers • Knives • Sabers • Cutlasses • The origin of the weapon • The weapons of the age of wood • The Copper Age of weapons • The Iron Age of weapons • The sword in ancient Egypt • The sword in ancient Greece • And more Nearly three hundred line drawings enhance Burton’s richly detailed text. Any reader of history or student of weaponry will find this book a fascinating, highly enjoyable read.

Destiny of the Sword Jeremy Twigg,2016-11-07 How far would you go to bring back the one you love? How much would you sacrifice? The second installment in the Destiny of the Sword series, To Save Her will put the power of love on display when Ayden must learn the secrets of an all-powerful sword to try to save the girl he loves and battle an oncoming army led by his legendary exiled father. Picking up where the first book left off, Ayden goes on a coming-of-age quest for eternal love to save his Isabel and uncover the secrets of his cursed bloodline. His journey will take him far beyond the only borders he's ever known. Strange new lands better left forgotten will challenge his purity and ultimately reveal his true self. He will discover that love leads the heart with the greatest intent but sometimes guides to an end that is sharper than the sword. The Milak return stronger than ever to destroy mankind's finest city and imprison the world in darkness. The age of man will be on the verge of extinction as swords and sorcery rise in battle and as gods and men collide. And Ayden will have to face his father before he can ever hope to get Isabel back. Can they be saved from the coming end? Will true love be victorious? Will Ayden survive his journey? The fate of their world will hinge on the power of a love and the destiny of a sword.

School of Secrets: Lonnie's Warrior Sword (Disney Descendants) Jessica Brody,2017-08-15 Lonnie is the daughter of Mulan. She's strong. She's fearless. And she's willing to fight for what she wants. Like the very special sword that once belonged to her mother. When Lonnie brings her friends Jay and Jordan on an forbidden trip to Imperial City to get it, she must prove she's a true warrior.

Sword Polisher's Record Adam Hsu,1998-04-15 The Sword Polisher's Record, originally a monthly column that appeared for more than a decade in three magazines, including Kungfu magazine and Black Belt magazine, brought a sense of authenticity to the kung fu, which had long been overly-commercialized and filled with misconceptions. Highlighted with over 60 illustrations, The Sword Polisher's Record: The Way of Kung-Fu, is an anthology of the monthly column, is organized into eight inter-connected sections, each examining a different aspect of kung-fu including its foundations, theories, important concepts and principles related to kung-fu styles and forms, usage, and training, and discussions on the future of kung-fu and its place in our lives.

Dying by the Sword Monica Duffy Toft,Sidita Kushi,2023 Through a historical and data-driven review of the US's dominant foreign policy trends from 1776 until today, America the Bully argues that since the end of the Cold War and especially post-9/11, the US has become addicted to military intervention. Lacking clear national strategic goals, the US now pursues a security whack-a-mole policy, more reactionary than deliberate. America the Bully dedicates a chapter to each defining era of US foreign policy, applying selected historical narratives, anecdotes of US foreign policy officials, case study examples, and compelling patterns derived from the data in the Military Intervention Project (MIP). Each chapter highlights the ways in which the US used and balanced primary tools of statecraft - War, Trade, and Diplomacy - to achieve its objectives. It showcases, however, that in recent decades, the US has heavily favored force over the other pillars of statecraft. The book concludes with a warning that if the US does not stem increasing trends of kinetic diplomacy, it may do irrevocable damage its diplomatic corps, dooming it to costly and often useless wars of choice. It may be doomed to the path of reactionary aggression, increasing its military footprint internationally to the detriment of its diplomatic and economic influence. If this trend continues, it could spell disaster for the US's image, credibility, and ultimately, its international and domestic stability--

Taiji Jian 32-Posture Sword Form James Drewe,2009 Written by an experienced teacher of Taijiquan, this book provides a detailed description of the Jian (the sword), its parts and how it should be held. Using photographs and illustrations, the author gives step-by-step instructions for the main 13 applications including sword strokes, stances and footwork techniques.

The Every-day Book William Hone,1826

Phoenix Rising Ryk E. Spoor,2012-11-15 A new breakout fantasy epic filled with strong world building, engaging characters, and wondrous adventure. Kyri: a highborn young woman whose life is shattered by the murder of her kin. But even as Kyri flees her beloved land Evanwyl, she knows that she is her family's only hope for justice, and Evanwyl's only chance to escape a growing shadow of corruption and destruction. Now Kyri must venture across Zarathan, a world on the brink of a long foretold Chaos War. It is a struggle that may usher in a long age of darkness¾ that is, if Kyri and her companions do not succeed in holding back the tide of evil that is rising. Those companions include valiant swordsman Tobimar Silverun, Prince of Skysand, exiled on the turn of a card and a prophecy, who is now seeking his people's lost homeland; and Poplock Duckweed, an unlikely hero whose diminutive size is as much a weapon as it is a weakness. Kyri's quest is as simple as it is profound find a legendary ancient weaponsmith, take up the sword and armor of a new order of warrior defenders, and bring the power of justice and vengeance to the evil and corruption that has darkened her native land. At the publisher's request, this title is sold without DRM (Digital Rights Management).
