Bald in the Land of Big Hair Joni Rodgers,2002-02-05 Bald in the Land of Big Hair is the hilarious-and often heartbreaking-tale of Joni Rodgers's journey through the badlands of cancer told with humor, occasional anger, and unflinching honesty. More than just a cancer book, this is a deeply affecting memoir of one woman's struggle to come to terms with everything that life throws her way. Ultimately, this is a moving celebration of the true meaning of human triumph and courage, the importance of community and the imperative of living everyday with joy.

The Last Lecture Randy Pausch,2008-04-08 After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. We cannot change the cards we are dealt, just how we play the hand. —Randy Pausch A lot of professors give talks titled The Last Lecture. Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—Really Achieving Your Childhood Dreams—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because time is all you have . . . and you may find one day that you have less than you think). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.

So You're Going Bald! Julius Sharpe,2019-04-02 Educational, uplifting, and thoroughly hilarious, this rollicking “bald memoir” is a one-stop guide to appreciating life as you lose your hair, and offers dating, grooming, marriage, sex, and even toupee advice for bald men and the people who claim to love them. Humorist and comedy television writer Julius Sharpe woke up on 9/11 to his own personal disaster: his hair was falling out. So You’re Going Bald is his hilarious odyssey—a tale filled with despair, horror, acceptance, and humor that everyone can relate to, whether you’re nineteen or approaching ninety—or are simply bald-curious. As Julius tells it, going bald is for-real traumatic. Losing his hair preoccupied his days and kept him up Googling every night for five straight years. He suffered in private, but now he’s making it his mission that no cue ball will live alone with the agony of hair loss ever again. Sharpe examines what it means to be hairless up top, and walks you through how to look at yourself in the mirror and not want to die. He outlines the three stages of baldness (anger, more anger, even more anger), and volunteers himself as a guinea pig, testing laser helmets, plugs, and toupees. So You’re Going Bald is one-part tough love and one-part inspiration . . . the same way that Fran Drescher’s Cancer Schmancer inspired a cure for schmancer. We all know someone who is bald, or going bald, or got their hair cut way too short. In So You’re Going Bald, Sharper provides an emotional roadmap for living life in the bald lane, giving voice to what it feels like to know that “grass doesn’t grow on a busy street.”

Bonkers Jennifer Saunders,2013-10-10 Bonkers: My Life in Laughs by Jennifer Saunders - the hilarious, touching life story of the iconic comedian and national treasure Jennifer Saunders' comic creations have brought joy to millions. From Comic Strip to Comic Relief, from Bolly-swilling Edina in Ab Fab to her takes on Madonna or Mamma Mia, her characters are household names. But it's Jennifer herself who has a place in all our hearts. This is her funny, moving and frankly bonkers memoir, filled with laughter, friends and occasional heartache - but never misery. BONKERS is full of riotous adventures: accidentally enrolling on a teacher training course with a young Dawn French, bluffing her way to each BBC series, shooting Lulu, trading wild faxes with Joanna Lumley, touring India with Ruby Wax and Goldie Hawn. There's cancer, too, when she becomes 'Brave Jen'. But her biggest battle is with the bane of her life: the Laws of Procrastination. As she admits, 'There has never been a Plan. Everything has been fairly random, happened by accident or just fallen into place. I'm off now, to do some sweeping...' Prepare to chuckle, whoop, and go BONKERS.
