Henry Ford And The Jews Neil Baldwin,2001-12-03 Drawing upon oral history transcripts, archival correspondence, and unpublished family memoirs, independent scholar Baldwin describes Henry Ford's rabid anti-Semitism and the Jewish American community's response to him. The People's Tycoon Steven Watts,2009-03-04 How a Michigan farm boy became the richest man in America is a classic, almost mythic tale, but never before has Henry Ford's outsized genius been brought to life so vividly as it is in this engaging and superbly researched biography. The real Henry Ford was a tangle of contradictions. He set off the consumer revolution by producing a car affordable to the masses, all the while lamenting the moral toll exacted by consumerism. He believed in giving his workers a living wage, though he was entirely opposed to union labor. He had a warm and loving relationship with his wife, but sired a son with another woman. A rabid anti-Semite, he nonetheless embraced African American workers in the era of Jim Crow. Uncovering the man behind the myth, situating his achievements and their attendant controversies firmly within the context of early twentieth-century America, Watts has given us a comprehensive, illuminating, and fascinating biography of one of America's first mass-culture celebrities.

Baldwin of Ford: Spiritual Tractates Baldwin of Ford,2001-09 The Spiritual Tractates were written almost entirely during the decade Baldwin lived at Forde, probably as sermons which were then recast later. They reveal a man thoroughly and happily at home in cistercian spirituality, an acute theologian well aware of contemporary currents, and one of the last true representatives of the rich patristic-monastic tradition. The Complete Stories of Paul Laurence Dunbar Paul Laurence Dunbar, 2005 The son of former slaves, Paul Laurence Dunbar was one of the most prominent and publicly recognized figures in American literature at the turn of the twentieth century. Thirty-three years old at the time of his death in 1906, he had published four novels, four collections of short stories, and fourteen books of poetry, not to mention numerous songs, plays, and essays in newspapers and magazines around the world. In the century following his death, Dunbar slipped into relative obscurity, remembered mainly for his dialect poetry or as a footnote to other more canonical figures from the period. *The Complete Stories of Paul Laurence Dunbar* showcases his gifts as a writer of short fiction and provides key insights into the tensions and themes of Dunbar's literary achievement. Through examining the 104 stories written by Dunbar between 1890 and 1905, readers will be able to better understand Dunbar's specific attempts to maintain his artistic integrity while struggling with America's racist stereotypes. His work interrogated the color-line that informed American life and dictated his role as an artist in American letters. Editors Gene Jarrett and Thomas Morgan identify major themes and implications in Dunbar's work. Available in one convenient, comprehensive, and definitive volume for the first time, *The Complete Stories of Paul Laurence Dunbar* illustrates the complexity of his literary life and legacy. ABOUT THE EDITORS---Gene Jarrett is an assistant professor of English at the University of Maryland, College Park. He is co-editor (with Henry Louis Gates Jr.) of a forthcoming anthology, *New Negro Criticism: Essays on Race, Representation, and African American Culture*. Thomas Morgan is a lecturer at the University of Tennessee, Knoxville. His research and teaching interests focus on critical race theory in late-nineteenth century American and African American literature, specifically as it applies to the politics of narrative form.

Henry Ford's War on Jews and the Legal Battle Against Hate Speech Victoria Saker Woeste,2012-06-27 Henry Ford is remembered in American lore as the ultimate entrepreneur—the man who invented assembly-line manufacturing and made automobiles affordable. Largely forgotten is his side career as a publisher of antisemitic propaganda. This is the story of Ford's ownership of the *Dearborn Independent*, his involvement in the defamatory articles it ran, and the two Jewish lawyers, Aaron Sapiro and Louis Marshall, who each tried to stop Ford's war. In 1927, the case of *Sapiro v. Ford* transfixed the nation. In order to end the embarrassing litigation, Ford apologized for the one thing he would never have lost on in court: the offense of hate speech. Using never-before-discovered evidence from archives and private family collections, this study reveals the depth of Ford's involvement in every aspect of this case and explains why Jewish civil rights lawyers and religious leaders were deeply divided over how to handle Ford.
