Popo Danes: Bali Inspired ,2020-04-14 This book explores the work of Popo Danes, one of Indonesia's leading architects, whose buildings represent perfect harmony between contemporary design and local culture and art. With over eighty architectural projects completed since 1986, Popo Danes's reputation stretches far beyond his native Bali. Popo's signature buildings--private residences, boutique hotels, villas, and resorts--are located in many places across the world but are concentrated on the island of Bali. His work celebrates local heritage through a contemporary aesthetic. Popo is known for designing beautiful buildings that have been carefully shaped for a tangible balance between human and nature. As an architect, he has always been concerned with functionality, ensuring his buildings are aligned with the natural surroundings and that there is a strong connection between the property's architecture, interior, and landscape. The book explores Popo's body of work by surveying his unusual approach, his inspirations, and his way of working, showing the uniqueness of his creative process.

Bali - Zen Traveller Gundi Gabrielle,2017-01-12 BALI IS MAGICAL! - beautiful, quiet, relaxed, joyful and inspiring... That is if you get away from the tourist crowds in the South and begin to explore the real Bali and her wonders.... Exploring the Real Bali The South East around Candidasa and the diving paradise of Amed. The sleepy fishing villages along the East Coast with lush palm tree vegetation. You become relaxed just looking at it.... The North Coast with many little gems to visit and a gorgeous countryside, incl. a pearl farm that employs only women, an award winning coral restoration project recognized by the United Nations, a winery, turtle and bee conservation projects and so much more.... The West Bali National Park inviting to hiking, kayaking, and the remote diving/snorkeling island of Menjangan. A bird watcher's paradise, lush with wildlife and unusual fauna. The rugged West Coast, a surfer's paradise, with quiet, chill villages like Medewi - the way Bali used to be before tourism overran the South. And, of course, the spectacular volcanic mountain ranges in the Inland regions with massive lakes, luscious rain forest and gorgeous rice terraces - absolutely breath taking! Bali will Enchant you Whereever you go, Bali will enchant and inspire you with stunning vistas, soaring heights, and a vibe just quiet and relaxed - to get away from it all.... Sadly most visitors never get to see that side of Bali and instead spend all their time on overcrowded beaches, parties and shopping malls in the South - Kuta, Seminyak or Sanur. If you want to see the real Bali and all her magnificent wonders, this book will be for you. Zen Traveller BALI covers logistical and planning help, so you know what to expect on your first visit to Bali. Communication, visa, currency/banking, accommodation, transportation, wifi/mobile usage and much more will be covered in Chapter 1. Next follows Ubud, the cultural centre of Bali, and still charming and lovely, despite heavy tourism influx. Want to know where experienced Bali travelers go instead? - Ubud without the crowds? - or where you can find an organic restaurant in the midst of rice fields with beautiful views and healthy, delicious food? The book will tell you. From Ubud we travel around the East and North coast and inland into the mountains - even into Java for the great volcanoes. A Quick Guide... Zen Traveller BALI is a quick guide, not an in-depth 400 page travel guide book a la Lonely Planet, Fodors and Frommers. It does not contain extensive lists of tour companies or accommodations for each area, though a few are mentioned throughout the book based on the personal experiences of the author. Instead, this Bali guide from the Zen Traveller series by bestselling travel writer and blogger Gundi Gabrielle, will give you a great and thorough overview over the different regions with things to do along the way, practical logistical information and tips on where to get away from it all.... Are you ready?

I Inspire Neerja Malik,Megha Bajaj,2015-12-07 A must-read for anyone who has ever rolled their eyes skyward and asked, “Hey God, is there like a road map to life?” Srinagar was dressed in her autumn best. Like blushing brides, the trees were clothed in bright red, their graceful limbs swaying eagerly forth in the wind, and then, as if suddenly recalling their modesty, holding back just a bit. Neerja’s grandmother was busy in the kitchen. The smell of pickles enticed the chubby little girl and she walked in to watch the elderly woman create magic with her wrinkled hands. Every now and then, she would steal a piece of sour green mango, flick it into the air and catch it in her mouth. The taste was heaven... pure heaven. “Oh nani, I love you!” Neerja sighed. “This is the greatest treasure you could ever give me!” “Oh, no, my little one”, replied her grandmother, beating masalas into a bowl to marinate the cut raw mango pieces. “Raw mangoes are not the greatest treasure.” “I give up Nani! Tell me, tell me now, what is the greatest treasure?” Equal parts humorous and soul-stirring, the deeply personal and disturbingly honest I Inspire reveals how the human spirit is much, much bigger than anything it endures. Neerja Malik, a double cancer survivor, works with cancer patients to spread awareness. She was instrumental in setting up the Apollo Cancer Support Group at the Apollo Specialty Hospital, Chennai. She is also the trustee of the NGO ‘Sankalp’ that works at providing free education to the girls. Megha Bajaj is the acclaimed author of Thank You, Cancer!, Apurva Vichar and Yes I can Write. She also writes for Life Positive, Reader’s Digest, Robin Age, The Hindu, infinithoughts and many more. Society and Change in Bali Nyonga Jude Thaddeus Dingbobga Fokwang,Kehbuma Langmia,2011 Contemporary Bali Nyonga is a rapidly growing town of over 80,000 in habitants, sixteen kilometres southwest of Bamenda, the capital of the North West region, Cameroon. If Cameroon has been aptly referred to in many circles as Africa in miniature, then Bali Nyonga, since its founding in the mid 19th century is emblematic of this so-called 'multicultural' region. This book is about change in Bali Nyonga, but it is also about change in a typical postcolonial African setting grappling with a

challenging new world reality. It aims to provide cutting-edge analyses of cultural change in Bali as well as inspire a new kind of scholarship in the Cameroon Grasslands - championed by indigenous intellectuals. The contributors to this volume come from diverse academic backgrounds and as will be evident in the various chapters, their disciplinary perspectives have largely shaped their approaches to the topics under study. Hence, this book draws on anthropological, theological, literary and media studies perspective.

Bali Modern Gianni Francione,2012-11-06 Blending modern, chic designs with traditional sensibilities, the architecture and decor of Bali is the gold standard for tropical living. A thatched Balinese bale', overlooking a panorama of rice fields and open to the evening breeze, or a courtyard that combines temple carving with relaxing, recreational lounging space are enduring features of a distinctive Bali-style. Shimmering pavilions, open verandahs, living rooms that invite the outside landscaping in—all are part of the Balinese tropical living experience. This book focuses on these timeless features and shows the new and exciting ways in which they are being interpreted. All the contemporary villas, resort bungalows, shops, restaurants and other buildings in the book, most never photographed before are new additions to the Bali scene. Each is unique, and, most importantly, characterized by a distinctly modern feel. Cleaner lines, more imaginative use of space, sharp angles, and the use of stone, concrete and ceramic roof tiles, are increasingly visible along with the coconut wood, teak and thatching. Stunning color photographs depict the residences set within their natural landscapes; architectural details; and a stunning array of individual interiors. Meticulous text compiled by an expert in tropical design, relates the various stages of the development of this new, international style, and complements the fascinating array of interiors featured.

Bali By Design Kim Inglis,2012-10-10 With over 500 gorgeous photographs and extensive commentary, this book is an exploration of Bali's most stunning homes and gardens. Bali has long been a creative inspiration for the world—providing exciting new design ideas that are emulated today in homes and hotels around the globe. The open to the elements bathroom with interior courtyard garden, the giant bamboo sofa with handwoven cushion covers, and the garden pavilion or bale with raised platform seating are all examples of concepts that originated on the island. All these—and much more—may be viewed in Bali By Design. Bali By Design provides coverage of the latest and best design work in Bali today. Featuring 25 stunning contemporary homes, it showcases the ideas of a new generation of talented international and Indonesian designers. Each of these extraordinary houses presents new solutions for age-old challenges—illustrating how stylish modern lifestyles may be achieved through clever architecture and interior design. See the selection of artful furniture and furnishings in open, airy rooms, the inclusion of natural stone in shady courtyards and swimming pools, and the plethora of handcrafted surfaces, objects and artifacts. Many of these Balinese houses explore ways of reducing power consumption for a more sustainable, low-carbon future. Others present a modern urban version of the tropical Bali interior design style that has its roots in a traditional rural environment. All, however, combine modern technology with exotic local materials—Balinese sandstone, volcanic rock, recycled ulin wood—for breezy indoor-outdoor living. With over 300 stunning photographs by Danish photographer Jacob Tarmansen and an insightful text by British author Kim Inglis, this book is a fitting testament to the originality and talent of Bali's design world.

Real Bali Kartika Dewi Suardana,2014-04-15 Over the last thirty years, the tourism industry has blossomed and flourished in Bali, thriving on the natural beauty of the island, the astonishing rice terraces, the culture of dance, art and music, the processions, the temples and the ceremonies. But as tourism developed it began to push back the natural and cultural elements that it depended on, turning cow paths to crowded alleys, and deserted beaches to manicured resorts. The hotels that were built to bring tourists to the natural charms of Bali became magnets for spas, restaurants and shops in the surrounding areas and little by little, “real” Bali disappeared behind the concrete and steel of “new” Bali. Recently the pace has accelerated, with villas cementing over the fields, and malls blocking out the sunlight, until now Bali is sold worldwide more as a western-style park/club/dining/spa/shopping resort than a natural and cultural destination. We believe this is a great sadness and will not last long term, as the uniqueness of Bali is lost to the generic, non-Balinese development. Our response is this book, which is a guide to only the natural and cultural side of Bali : the temples, museums, natural attractions and 100% Balinese aspects of the island. Yes they still exist and indeed we only cover a small part of them, but need acknowledged, protected and preserved as the true source of tourism on the island. We hope this is the start of a return to “real”, authentic Bali in the eyes of the world.
