GAME DEVELOPMENT FOR BEGINNERS IN GAME MAKER: 10 complete step by step projects! Bishnu Goswami, This book contains ten complete game development projects to be completed by the programmer in Game Maker. Each of these projects is separated into seven sections to streamline the development. Ranging from a simple remake of the famous Pong game to more complex projects involving sliding puzzles and bouncing balls, the projects are designed with gradual progression and maximal liberty to the programmer to express their creative side. Requiring no background in computers science or applications, and only a minimal grasp of the concepts of this development tool, this book aims to make the programmer independently equipped to take on the challenges of the bustling game industry! Best of luck! Note: This book is not for absolute beginners in the sense that the line-by-line code is not provided. However, all the other elements are adequately explained.

Earthopolis Carl H. Nightingale,2022-06-09 This is a biography of Earthopolis, the only Urban Planet we know of. It is a history of how cities gave humans immense power over Earth, for good and for ill. Carl Nightingale takes readers on a sweeping six-continent, six-millennia tour of the world's cities, culminating in the last 250 years, when we vastly accelerated our planetary realms of action, habitat, and impact, courting dangerous new consequences and opening prospects for new hope. In Earthopolis we peek into our cities' homes, neighborhoods, streets, shops, eating houses, squares, marketplaces, religious sites, schools, universities, offices, monuments, docklands, and airports to discover connections between small spaces and the largest things we have built. The book exposes the Urban Planet's deep inequalities of power, wealth, access to knowledge, class, race, gender, sexuality, religion and nation. It asks us to draw on the most just and democratic moments of Earthopolis's past to rescue its future.

THE ROOKIE Scott Sigler,2010-12-03 Set in a lethal pro football league 700 years in the future, THE ROOKIE is a story that combines the intense gridiron action of Any Given Sunday with the space opera style of Star Wars and the criminal underworld of The Godfather. Aliens and humans alike play positions based on physiology, creating receivers that jump 25 feet into the air, linemen that bench-press 1,200 pounds, and linebackers that literally want to eat you. Organized crime runs every franchise, games are fixed and rival players are assassinated. Follow the story of Quentin Barnes, a 19-year-old quarterback prodigy that has been raised all his life to hate, and kill, those aliens. Quentin must deal with his racism and learn to lead, or he'll wind up just another stat in the column marked killed on the field. In the Galactic Football League, wars are no longer fought in space, but on the gridiron. If you like aliens and football then I suspect you're unlikely to find a better combination than than THE ROOKIE.
