Balloons in Heaven Marti Coleman-Veach, 2013-06 I found out about Heaven one day when I played, when my balloon floated up, up and away. I floated to Heaven in an adventure so grand to see my Papaw, who was an angel, with my balloon in his hand. He told me stories of dancing and cheer. I knew when I saw him, he would always be near. I miss my Papaw so much, and I wish he did not have to leave. He told me not to worry, and that he is saving my balloons for me one day to see.

Something Magical About Balloons Temeka Jordan, 2018-10-15 This beautifully illustrated children's book tells a story of a little boy finding peace and serenity after the loss of a loved one. The author uses balloons to help little grieving Admyire feel a sense of connection to his beloved grandfather who is now above the sky in heaven. Admyire and his sister Adour stare in disbelief into the sky as they watch a balloon that appears to have a vision of their grandfather in it. Their grandfather begins to entertain the kids by doing cool tricks like writing their names in the sky, changing colors, and dancing around the window that they are staring out of. After watching the balloon do all these fascinating tricks, Adour says to her brother Admyire, "I know why the wind makes balloons fly in the sky-it's God's way of letting us play with loved ones in heaven." This fun balloon story for children helps adults understand that children miss their loved ones too and they also need to understand their loss.

The Little Lost Balloon Michael Burke, Reader in Human Geography Michael Burke, 2010-05 Once...there was a little blue balloon who lived at a fair. We'll call him...Blue. One night while gazing up at the stars...he wondered what lay beyond the fair. In that one tiny moment...the thought became a wish. Drifting off to sleep, he dreamt of a wondrous far away land. He awoke to a terrible discovery...the wind had carried him off in the night! He was lost! Blue was now embarking on his first great adventure, braving flocks of wild geese, kite filled skies, perilous freeways and raging storms! Let yourself be whisked away with Blue as he explores strange new lands, finds new friendships...and follows his dreams.

Black Balloons Kristi Cronin,2019-12-31

Throughout our lives we inevitably face difficult circumstances. They come unexpectedly, like black balloons being handed to us when we were expecting

puppies and unicorns. Although the situation may not make sense to us at the time, author Kristi Cronin believes that God allows these black balloons to be handed to us in order to help us grow, pursue us, bring us to our knees, and make us in to the people he ultimately desires us to be. What's more, he will give us everything we need to pop these black balloons and experience complete freedom, if we let him. Kristi draws on her personal experiences to reflect on how these black balloons enter our lives—and reveals how we can best deal with them. It is possible to escape from our pain and brokenness. You can be set free to walk blamelessly in Christ, and live to your full potential. This inspirational guide explores the larger purpose of trials and hardships in our lives and presents ways to use the difficulties you face to grow closer to God.

Then he tells Theo about Frank, who is responsible for collecting all the balloons in the world. A unique story filled with the magic and whimsy of childhood imagination, *Once Upon a Balloon* will delight young readers and reawaken the child in all of us.

Balloons, Airships and Flying Machines (Classic Reprint) Gertrude Bacon, 2015-08-05
Excerpt from *Balloons, Airships and Flying Machines* That night of 1782, therefore, marks the first great step ever made towards the conquest of the sky. But to better understand the history of Aeronautics - a

word that means the sailing of the air - We must go back far beyond the days of the Montgolfier brothers. For in all times and in all ages men have wanted to fly. David wished for the wings of a dove to fly away and be at rest, and since his time, and before it, how many have not longed to take flight and sail away in the boundless, glorious realms above, to explore the fleecy clouds, and to float free in the blue vault Of heaven.
