Shirley Rushing

Ballroom Dance American Style Shirley

Rushing, 1997 The purpose of this book is to attempt to get agreement from ballroom dance teachers in college and universities on content for a beginning class and standardise names for variations. The core curriculum agreed upon by CBDA is identified by an asterisk preceding the name of the variation in the contents page. Additional steps for each dance are included following the core. Suggested musical selections are listed at the end of each dance. Classics that have been popular through the years were chosen over current 'pop' songs.

Apegian Ballroom Dance Notations John Apegian Paige, 1961

Rechoreographing Learning Sandra Cerny Minton, 2022-12-30 This book addresses the mind-body dichotomy in movement and dance. This book includes a description of the often-forgotten kinesthetic sense, body awareness, somatic practices, body-based way of thinking, mental imagery, nonverbal communication, human empathy, and symbol systems, what occurs in the brain during learning, and why and how movement and dance should be part of school curricula. This exploration argues that becoming more aware of bodily sensations serves as a basis for knowing, communicating, learning, and teaching through movement and dance. This book will be of great interest to scholars and students interested in teaching methodology and for courses in physical education, dance, and education.
