Categorizing Sound David Brackett,2016-07-19 Categorizing Sound addresses the relationship between categories of music and categories of people: in other words, how do particular ways of organizing sound become integral parts of whom we perceive ourselves to be and of how we feel connected to some people and disconnected from others? After an introduction that discusses the key theoretical concepts to be deployed, Categorizing Sound presents a series of case studies that range from foreign music, race music, and old-time music in the 1920s up through country and rhythm and blues in the 1980s. Each chapter focuses not so much on the musical contents of these genres as on the process of 'gentrification' through which these categories are produced.--Provided by publisher.

The Legend of Waterhole Branch Lucas R. Wright,2014-10-03 A Harrowing Race Against Time! For centuries, treasure hunters have sought to uncover the infamous legend regarding a wealth of gold buried somewhere in Waterhole Branch by a notorious Spanish explorer... But it turns out that one man may have already found it Hunter Pierce, raised in a rural area of southern Alabama, has mysteriously built a lucrative career on Wall Street. He's young. He's smart. He's ambitious. And he has his whole future ahead of him. Then one night everything changes. Locked in a treacherous game with ruthless killers and embroiled in a treasure hunt of epic proportions, Hunter is reunited with his two childhood friends - Brian and Camilla - who unexpectedly find themselves coaxed into this pulse-pounding adventure. Blues on Stage John L. Clark Jr.,2023-01-01 Blues on Stage presents a new history of the development of the Classic Blues of the 1920s, offering a comprehensive review of various Black singers who recorded and were influential in this era, including Bessie Smith, Trixie Smith, Butterbeans and Susie, and Ma Rainey. The business of music recording and publishing, including songwriting and touring theater circuits, is explored as part of the narrative of how and when these artists became nationally popular. The most highly regarded singers of this period were not folk or rural artists, but rather highly experienced stage professionals whose careers often extended two decades or more prior to their first recordings. These artists, some of the most famous acts on the Black vaudeville and tent show circuits, were preceded in the recording studio by many cabaret and nightclub singers with a different entertainment perspective and were followed by artists who came from a more rural, less professional background. For anyone interested in the roots of jazz and blues, Blues on Stage offers a new and comprehensive introduction to the development of this American musical style.

Barrelhouse Words Stephen Calt,2010-10-01 This fascinating compendium explains the most unusual, obscure, and curious words and expressions from vintage blues music. Utilizing both documentary evidence and invaluable interviews with a number of now-deceased musicians from the 1920s and '30s, blues scholar Stephen Calt unravels the nuances of more than twelve hundred idioms and proper or place names found on oft-overlooked race records recorded between 1923 and 1949. From aggravatin' papa to yas-yas-yas and everything in between, this truly unique, racy, and compelling resource decodes a neglected speech for general readers and researchers alike, offering invaluable information about black language and American slang.

Miracles for Breakfast Danny Brooks,2009-12-01 I was lost—in more ways than I can count. I'd lost my way, lost my family, lost my friends. I was totally screwed up from all the acid trips, and the speed and the MDA binges, with strange-coloured animals flitting by me, seeing and hearing things that weren't there. I knew I had done something to myself, that I had crossed a line. I knew I was messed up in a bad way. I'd seen the end of Danny Brooks: in an alleyway with a needle sticking out of my arm. But God had another idea. He wouldn't let me forsake the life He'd given me. My spirit cried out for help from a place of black despair. I believe this book is one of the reasons He kept me alive. He wanted me to share my story of loss and redemption. No matter how badly strung out you are, there is always hope. There is always Him to call on. Faith can make you clean. Faith can keep you sober. Faith can give you your life back, and your dignity, family and friends. My story isn't pretty, but my hope is that it will be a light at the end of the tunnel for you or a loved one who has lost his way. May the way be found. Sincerely, Danny.

That St. Louis Thing, Vol. 1: An American Story of Roots, Rhythm and Race Bruce R. Olson,2016-09-23 That St. Louis Thing is an American story of music, race relations and baseball. Here is over 100 years of the city's famed musical development -- blues, jazz and rock -- placed in the context of its civil rights movement and its political and economic power. Here, too, are the city's people brought alive from its foundation to the racial conflicts in Ferguson in 2014. The panorama of the city presents an often overlooked gem, music that goes far beyond famed artists such as Scott Joplin, Miles Davis and Tina Turner. The city is also the scene of a historic civil rights movement that remained important from its early beginnings into the twenty-first century. And here, too, are the sounds of the crack of the bat during a century-long love affair with baseball.

Hittin' the Prayer Bones Anderson Blanton,2015-07-29 In this work, Anderson Blanton illuminates how prayer, faith, and healing are intertwined with technologies of sound reproduction and material culture in the charismatic Christian worship of southern Appalachia. From the radios used to broadcast prayer to the curative faith cloths circulated through the postal system, material objects known as spirit-matter have become essential since the 1940s, Blanton argues, to the Pentecostal community's understanding and performances of faith. Hittin' the Prayer Bones draws on Blanton's extensive site visits with church congregations, radio preachers and their listeners inside and outside the broadcasting studios, and more than thirty years of recorded charismatic worship made available to him by a small Christian radio station. In documenting the transformation and consecration of everyday objects through performances of communal worship, healing prayer, and chanted preaching, Blanton frames his ethnographic research in the historiography of faith healing and prayer, as well as theoretical models of materiality and transcendence. At the same time, his work affectingly conveys the feelings of horror, healing, and humor that are unleashed in practitioners as they experience, in their own words, the sacred, healing presence of the Holy Ghost.

The Best Seat in the House Jim Doyle,2015-10-09 Jim Doyle's hands were shaking as he signed off after a radio broadcast of one of the most remarkable college football games he had ever witnessed. Although he was a seasoned broadcaster, Doyle's hope remained the same as it did when he first started in the business: that

through descriptions, gusto, and accuracy, he once again provided his listeners a good feel for what it was like to be there. Doyle relies on nearly a half century of sports radio broadcasting experience to share a treasure trove of stories that range from the exciting to the bizarre and even the tragic. From the biggest comeback in the history of college football to a “rainout” of a college basketball game to the courageous story of high school football radio analyst fighting terminal cancer while continuing to broadcast the game he loved, Doyle provides fans an insightful, unforgettable behind-the-scenes look at the passion, commitment, and skill surrounding radio sports broadcasting in a small Pennsylvania town. The Best Seat in the House reveals a radio sportscaster’s fifty-year journey through the world of broadcasting as he called plays, painted vivid pictures for his listeners, and reminded fans that nothing great is ever achieved without enthusiasm.

Bear's Boys Eli Gold,2010-02-22 Bear's Boys is a collection of inspiring stories featuring 36 men whose lives were altered by their encounter with the legendary coach while they were players and coaches at Alabama. The stories of star players such as Joe Namath, Ken Stabler, Marty Lyons, Bob Baumhower, Ozzie Newsome, and Gene Stallings show how the Coach forever changed them as young men and ball players on the field and later in life after football. When Bob Baumhower was released from the Dolphins in 1986, he immediately did what Coach Bryant would have done: he made a plan. Instead of feeling sorry for himself, he snapped into practical mode. First, he sold his boat and his big house. Then, he systematically began exploring business opportunities and setting goals for the next several decades of his life. When he started his first restaurant, he knew he had yet another chance to apply the principles he learned on the football field in real life. Coach Bryant said there's a lot of blood, sweat and guts between dreams and success, Baumhower said. That's true in the restaurant business. . . . Today, every success I have, every win that I have, in my opinion, came from the fact that Coach Bryant cared enough to talk to me and turn the light on for me Includes stories for such men as Bob Baumhower Jeremiah Castille Paul Crane Sylvester Croom John Hannah Dennis Homan Scott Hunter Lee Roy Jordan E. J. Junior Woodrow Lowe Gaylon McCollough Don McNeal Mal Moore Joe Namath Billy Neighbors Ozzie Newsome Ray Perkins Gary Rutledge Howard Schnellenberger Ken Stabler Gene Stallings Dwight Stephenson Richard Todd Pat Trammell Tommy Wilcox
