Bank Job James Heneghan,Norma Charles,2009-04-01 Nell has been in foster homes all her life—most of them have been horrible. She finally gets moved to a home she likes, and the ministry threatens to close it down unless an expensive renovation is made to the house. Nell and the two boys in the home, Billy and Tom, decide to raise the funds themselves. How do kids get large amounts of money quickly? By robbing banks, of course. Their first few heists are successful, but when they almost get caught on their sixth robbery, the friends start to fight about whether they should continue. Bank Job Hilary Powell,Daniel Edelstyn,2020-09-17 These art avengers...took on toxic debt culture—and won.—The Guardian [They] want to blow up the whole financial system.—The New York Times Art hacks life when two filmmakers launch a project to cancel more than £1m of high-interest debt from their local community. Bank Job is a white-knuckle ride into the dark heart of our financial system, in which filmmaker and artist duo Hilary Powell and Dan Edelstyn risk their sanity to buy up and abolish debt by printing their own money in a disused bank in Walthamstow, London. Tired of struggling in an economic system that leaves creative people on the fringes, the duo weave a different story, both risky and empowering, of self-education and mutual action. Behind the opaque language and defunct diagrams, they find a system flawed by design but ripe for hacking. This is the inspiring story of how they listen and act upon the widespread desire to change the system to meet the needs of many and not just the few. And for those among us brave enough, they show how we can do this too in our own communities one bank job at a time.

Morocco's Jobs Landscape Gladys Lopez-Acevedo,Gordon Betcherman,Ayache Khellaf,Vasco Molini,2021-03-20 This report sheds light on major labor market issues and challenges that Morocco faces. It is the first phase of the programmatic jobs program jointly undertaken with the government of Morocco. The report is a jobs diagnostic that analyzes microdata mainly from Labor Force Surveys and employs new analytical methods to identify the main trends in the labor market. The key challenges that emerge will provide the basis for a deeper analysis and policy formulation in the next phase of this program. Morocco’s Jobs Landscape identifies four priorities: accelerate structural transformation to create more and better jobs in higher-productivity sectors, encourage formalization and improve the quality of jobs, increase female labor force participation, and address youth inactivity and its long-term consequences. Morocco has made significant economic progress over the past 20 years, which has raised the living standards of its people. However, Morocco’s economic growth has not been labor-intensive enough to absorb its growing working-age population. It has had a low capacity to generate jobs, and the rate of job creation slowed after the 2008 financial crisis. Morocco is trying to overcome the “middle-income trap,†? which has been preventing its convergence with more affluent middle-income countries. The government of Morocco has called for a new inclusive development model. The new model must address regional development imbalances, facilitate inclusion for youth and women, and continue to foster labor force skills upgrading. The COVID-19 pandemic and resultant safety measures have halted or slowed economic activity, which is worsening the labor market situation. The pandemic undoubtedly complicates prospects for jobs-led growth, and it will make the challenges highlighted in this report even more urgent and deserving of policy makers’ attention.
