**Model Rules of Professional Conduct** American Bar Association. House of Delegates, Center for Professional Responsibility (American Bar Association), 2007 The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Criminal Justice Act of 1963 (public Defender) United States. Congress. Senate. Committee on the Judiciary, 1963 Considers legislation providing legal counsel for indigent defendants in Federal courts.

**Invisible** Stephen L. Carter, 2018-10-09 The bestselling author delves into his past and discovers the inspiring story of his grandmother's extraordinary life She was black and a woman and a prosecutor, a graduate of Smith College and the granddaughter of slaves, as dazzlingly unlikely a combination as one could imagine in New York of the 1930s—and without the strategy she devised, Lucky Luciano, the most powerful Mafia boss in history, would never have been convicted. When special prosecutor Thomas E. Dewey selected twenty lawyers to help him clean up the city's underworld, she was the only member of his team who was not a white male. Eunice Hunton Carter, Stephen Carter's grandmother, was raised in a world of stultifying expectations about race and gender, yet by the 1940s, her professional and political successes had made her one of the most famous black women in America. But her triumphs were shadowed by prejudice and tragedy. Greatly complicating her rise was her difficult relationship with her younger brother, Alphaeus, an avowed Communist who—together with his friend Dashiell Hammett—would go to prison during the McCarthy era. Yet she remained unbowed. Moving, haunting, and as fast-paced as a novel, *Invisible* tells the true story of a woman who often found her path blocked by the social and political expectations of her time. But Eunice Carter never accepted defeat, and thanks to her grandson's remarkable book, her long forgotten story is once again visible.

**Black Stereotypes in Popular Series Fiction, 1851-1955** Bernard A. Drew, 2015-04-02 Even well-meaning fiction writers of the late Jim Crow era (1900-1955) perpetuated racial stereotypes in their depiction of black characters. From 1918 to 1952, Octavus Roy Cohen turned out a remarkable 360 short stories featuring Florian Slappey and the schemers, romancers and ditzes of Birmingham's Darktown for *The Saturday Evening Post* and other publications. Cohen said, "I received a great deal of mail from Negroes and I have never found any resentment from a one of them." The black readership had to be satisfied with any black presence in the popular literature of the day. The best known white writers of black characters included Booth Tarkington (Herman and Verman in the *Penrod* books), Irvin S. Cobb (Judge Priest's houseman Jeff Poindexter), Roark Bradford (Widow Duck, the plantation matriarch), Hugh Wiley (Wildcat Marsden, the war veteran who traveled the country in the company of his

goat) and Charles Correll and Freeman Gosden (radio's Amos 'n' Andy). These writers deservedly declined in the civil rights era, but left a curious legacy that deserves examination. This book, focusing on authors of series fiction and particularly of humorous stories, profiles 29 writers and their black characters in detail, with brief entries covering 72 others.

**Who's who in American Law** ,2003

Free Justice Sara Mayeux,2020-04-28 Every day, in courtrooms around the United States, thousands of criminal defendants are represented by public defenders--lawyers provided by the government for those who cannot afford private counsel. Though often taken for granted, the modern American public defender has a surprisingly contentious history--one that offers insights not only about the carceral state, but also about the contours and compromises of twentieth-century liberalism. First gaining appeal amidst the Progressive Era fervor for court reform, the public defender idea was swiftly quashed by elite corporate lawyers who believed the legal profession should remain independent from the state. Public defenders took hold in some localities but not yet as a nationwide standard. By the 1960s, views had shifted. Gideon v. Wainwright enshrined the right to counsel into law and the legal profession mobilized to expand the ranks of public defenders nationwide. Yet within a few years, lawyers had already diagnosed a crisis of underfunded, overworked defenders providing inadequate representation--a crisis that persists today. This book shows how these conditions, often attributed to recent fiscal emergencies, have deep roots, and it chronicles the intertwined histories of constitutional doctrine, big philanthropy, professional in-fighting, and Cold War culture that made public defenders ubiquitous but embattled figures in American courtrooms.
