Bad Stories Steve Almond, 2018-03-01 "Almond draws on everything from The Grapes of Wrath to the voting practices of his babysitter to dismantle the false narratives about American democracy." -Cheryl Strayed, international-bestselling author of Wild Like a lot of Americans, Steve Almond spent the weeks after the 2016 election lying awake, in a state of dread and bewilderment. The problem wasn't just the election, but the fact that nobody could explain, in any sort of coherent way, why America had elected a cruel, corrupt, and incompetent man to the Presidency. Bad Stories: What the Hell Just Happened to Our Country is Almond's effort to make sense of our historical moment, to connect certain dots that go unconnected amid the deluge of hot takes and think pieces. Almond looks to literary voices—from Melville to Orwell, from Bradbury to Baldwin—to help explain the roots of our moral erosion as a people. The book argues that Trumpism is a bad outcome arising directly from the bad stories we tell ourselves. To understand how we got here, we have to confront our cultural delusions: our obsession with entertainment, sports, and political parody, the degeneration of our free press into a for-profit industry, our enduring pathologies of race, class, immigration, and tribalism. Bad Stories is a lamentation aimed at providing clarity. It's the book you can pass along to an anguished fellow traveler with the promise, This will help you understand what the hell happened to our country. "Almond holds up literature as a guide through America's age-old moral dilemmas and finds hope for his country in family, forgiveness, and political resistance." -Booklist

**Hannah Coulter** Wendell Berry,2005-09-30 Hannah Coulter is Wendell Berry's seventh novel and his first to employ the voice of a woman character in its telling. Hannah, the now-elderly narrator, recounts the love she has for the land and for her community. She remembers each of her two husbands, and all places and community connections

threatened by twentieth-century technologies. At risk is the whole culture of family farming, hope redeemed when her wayward and once lost grandson, Virgil, returns to his rural home place to work the farm.

**Jayber Crow** Wendell Berry, 2001-08-30 "This is a book about Heaven," says Jayber Crow, "but I must say too that . . . I have wondered sometimes if it would not finally turn out to be a book about Hell." It is 1932 and he has returned to his native Port William to become the town's barber. Orphaned at age ten, Jayber Crow's acquaintance with loneliness and want have made him a patient observer of the human animal, in both its goodness and frailty. He began his search as a "pre-ministerial student" at Pigeonville College. There, freedom met with new burdens and a young man needed more than a mirror to find himself. But the beginning of that finding was a short conversation with "Old Grit," his profound professor of New Testament Greek. "You have been given questions to which you cannot be given answers. You will have to live them out—perhaps a little at a time." "And how long is that going to take?" "I don't know. As long as you live, perhaps." "That could be a long time." "I will tell you a further mystery," he said. "It may take longer." Wendell Berry's clear-sighted depiction of humanity's gifts—love and loss, joy and despair—is seen through his intimate knowledge of the Port William Membership.
